3,000,000 Shares of Common Stock

This prospectus relates to the offer and resale of up to 3,000,000 shares of our common stock, par value \$0.0005 per share ("Common Stock"), by the selling shareholder, Dutchess Opportunity Fund II, LP, or "Dutchess", which Dutchess has agreed to purchase pursuant to the investment agreement dated May 28, 2014, between Dutchess and us. Subject to the terms and conditions of such investment agreement, which we refer to in this prospectus as the "Investment Agreement", we have the right to put up to 3,000,000 shares of our common stock to Dutchess. This arrangement is sometimes referred to as an "Equity Line". For more information on the selling shareholder, please see the section of this prospectus entitled "Selling Shareholder" beginning on page 11.

We will not receive any proceeds from the resale of these shares of Common Stock offered by Dutchess. We will, however, receive proceeds from the sale of shares to Dutchess pursuant to the Equity Line. When we put an amount of shares to Dutchess, the per share purchase price that Dutchess will pay to us in respect of such put will be determined in accordance with a formula set forth in the Investment Agreement. Generally, in respect of each put, Dutchess will pay us a per share purchase price equal to ninety-five percent (95%) of the volume weighted average price, or VWAP, of our Common Stock during the one trading day period immediately following our put notice.

Dutchess may sell the shares of our Common Stock from time to time at market prices prevailing at the time of sale, at prices related to the prevailing market price, or at negotiated prices. Dutchess is an "underwriter" within the meaning of the Securities Act of 1933, as amended, in connection with the resale of our Common Stock under the Equity Line. About ProPhase Labs, Inc.

We are a manufacturer, marketer and distributor of a diversified range of homeopathic and health products that are offered to the general public. We are also engaged in the research and development of potential over-the-counter ("OTC") drug, natural base health products along with supplements, personal care and cosmeceutical products.

Our primary business is the manufacture, distribution, marketing and sale of OTC cold remedy products to consumers through national chain, regional, specialty and local retail stores. Our flagship brand is Cold-EEZE[®] Cold Remedy and our principal product is Cold-EEZE[®] zinc gluconate lozenges, proven in clinical studies to reduce the duration and severity of symptoms of the common cold by 42%. In addition to Cold-EEZE[®] Cold Remedy lozenges, we market and distribute non-lozenge forms of our proprietary zinc gluconate formulation, (i) Cold-EEZE[®] Cold Remedy QuickMelts[®] and (ii) Cold-EEZE[®] Cold Remedy Oral Spray. In 2013, we expanded our Cold-EEZE[®] Cold Remedy QuickMelts[®] product line and began shipments to retailers in July 2013 two new products, Cold-EEZE[®] Plus Immune Support QuickMelts[®] and Cold-EEZE[®] Plus Immune Support + Energy QuickMelts[®]. Each of these new Cold-EEZE[®] QuickMelts[®] products are based on our proprietary zinc gluconate formulation in combination with certain immune system support and natural energy active ingredients.

Cold-EEZE[®] Cold Remedy is an established product in the health care and cold remedy market. For 2013 and 2012, our revenues have come principally from our OTC cold remedy products. For 2013 and 2012, our net sales for each period were related to markets in the United States.

Cold-EEZE[®] Cold Remedy is one of our most popular OTC cold remedy products and its benefits are derived from its proprietary zinc gluconate formulation. Cold-EEZE[®] Cold Remedy lozenges effectiveness has been substantiated in two double-blind clinical studies proving that Cold-EEZE[®] Cold Remedy lozenges reduce the duration of the common cold by 42%. We acquired worldwide manufacturing and distribution rights to our lozenge formulation in 1992 and commenced national marketing in 1996. In addition to our lozenge product, the Cold-EEZE[®] Cold Remedy proprietary zinc gluconate formulation is available in two additional cold remedy delivery forms, (i) a fast dissolving QuickMelt and (ii) an Oral Spray. The demand for our OTC cold remedy products is seasonal, where the third and fourth quarters of each year generally have the largest sales volume.

Our business operations are concentrated on the development, manufacturing, marketing and distribution of our proprietary Cold-EEZE[®] Cold Remedy lozenge products and on the development of various product extensions. Our product line of OTC cold remedy products are reviewed regularly to identify new consumer opportunities and/or trends in flavor, convenience, packaging and delivery systems or forms to help improve market share for our products. Additionally, we are active in exploring new product technologies, applications, product line extensions and other new product opportunities consistent with our company and brand image, and our standard of proven consumer benefit and efficacy.

We are a corporation organized in Nevada in July 1989. Our principal executive offices are located at 621 N. Shady Retreat Road, Doylestown, Pennsylvania 18901. Our telephone number is (215)345-0919 and our website address is <http://www.ProPhaseLabs.com>. Information contained on, or that can be accessed through, our website is not part of this prospectus.

The Offering

The selling shareholder named in this prospectus may offer and sell up to 3,000,000 shares of our Common Stock. All of the shares in this offering, when and if sold, will be sold by the selling shareholder. Such selling shareholder may sell its shares of our Common Stock from time to time at market prices prevailing at the time of sale, at prices related to the prevailing market price, or at negotiated prices. We will not receive any of the proceeds from the disposition of these shares by the selling shareholder although we will receive proceeds from the sale of such shares to the selling shareholder pursuant to the Equity Line.

Throughout this prospectus, when we refer to the shares of our Common Stock being registered on behalf of the selling shareholder, we are referring to the shares issuable to the selling shareholder pursuant to the Investment Agreement we entered into with the selling shareholder on May 28, 2014, and when we refer to the selling shareholder in this prospectus, we are referring to the purchaser under the Investment Agreement.

EQUITY LINE WITH DUTCHESS

This prospectus relates to the resale of up to 3,000,000 shares of our Common Stock by Dutchess. On May 28, 2014, we entered into an Investment Agreement with Dutchess that commits Dutchess to purchase up to 3,000,000 shares of our Common Stock over 36 months. In connection with the Investment Agreement, we also entered into a registration rights agreement with Dutchess on May 28, 2014, which refer to as the "Registration Rights Agreement". The shares of Common Stock that may be issued to Dutchess under the Investment Agreement will be issued pursuant to an exemption from registration under the Securities Act of 1933, as amended, or the Securities Act. Pursuant to the Registration Rights Agreement, we have filed a registration statement, of which this prospectus is a part, covering the possible resale by Dutchess of up to 3,000,000 shares that we may issue to Dutchess under the Investment Agreement. The Investment Agreement and Registration Rights Agreement are further described below under the headings "*Investment Agreement*" and "*Registration Rights Agreement*", respectively.

Securities offered by us	None.
Securities offered by the selling shareholder	Up to 3,000,000 shares of our Common Stock.
Offering price	To be determined by the prevailing market price for the shares at the time of the sale or in negotiated transactions.
Use of proceeds	We will not receive any proceeds from the sale of shares by the selling shareholder. However, we will receive proceeds from the Equity Line. See " <i>Use of Proceeds</i> ." We intend to use such proceeds for product development, marketing and working capital needs and for other general corporate purposes.
Risk factors	An investment in our Common Stock is speculative and involves substantial risks. You should read the " <i>Risk Factors</i> " section included in this prospectus and other risk factors incorporated herein by reference for a discussion of certain factors to consider carefully before deciding to invest in shares of our common stock.

Plan of distribution

The shares of Common Stock covered by this prospectus may be sold by the selling shareholder in the manner described under “*Plan of Distribution.*”

NASDAQ Global Market symbol

“PRPH”

Investment Agreement

We entered into the Investment Agreement with Dutchess on May 28, 2014. Pursuant to the Investment Agreement, Dutchess committed to purchase, subject to certain restrictions and conditions, up to 3,000,000 shares of our Common Stock, over a period of 36 months from the effectiveness of the registration statement of which this prospectus forms a part. We may draw funds from the Equity Line facility by selling shares of Common Stock to Dutchess from time to time, as and when we determine appropriate in accordance with the terms and conditions of the Investment Agreement. The purchase price of the shares will be set at ninety-five percent (95%) of the volume weighted average price (VWAP) of our Common Stock during the one trading day immediately following our put notice. We refer to such one trading day period as the “Pricing Period”.

If and to the extent we issue Common Stock to Dutchess at a lower price per share, Dutchess will receive a higher number of shares, which equates to greater dilution of existing shareholders. The effect of this dilution may, in turn, cause the price of our Common Stock to decrease further, both because of the downward pressure on the stock price that would be caused by a large number of sales of our shares into the public market by Dutchess, and because our existing shareholders may disagree with our decision to sell shares to Dutchess at a time when our stock price is low, and may in response decide to sell additional shares of Common Stock, further decreasing our stock price.

The maximum amount that we are entitled to put to Dutchess in any one draw down notice shall not exceed \$500,000. There are put restrictions applied on days between the draw down notice date and the closing date with respect to that particular put. During such time, we are not entitled to deliver another draw down notice.

The Company has the right to specify a suspension price for a given put. In the event the Common Stock price falls below the specified suspension price, the put will be temporarily suspended. The put will resume at the time that the Common Stock is above the suspension price, provided the dates for the Pricing Period for that particular put are still valid.

In the event Dutchess receives more than a five percent (5%) return on the net sales for a specific put (“excess proceeds”), Dutchess will remit the excess proceeds to the Company; however, in the event Dutchess receives less than a five percent (5%) return on the net sales for a specific put (“deficit proceeds”), Dutchess will have the right to deduct from the proceeds of the put amount on the applicable closing date that amount of funds in order for Dutchess’ return to equal five percent (5%).

Certain conditions must be satisfied before we are entitled to put shares to Dutchess, including, among others, the following:

- there must be an effective registration statement under the Securities Act to cover the resale of the shares by Dutchess;

- our Common Stock must continue to be quoted on the NASDAQ Global Market;
- we must have complied with our obligations and not otherwise be in default under the Investment Agreement and Registration Rights Agreement;
- no injunction or other governmental action shall remain in force which prohibits the issuance of shares to Dutchess pursuant to the Equity Line;
- the issuance of shares to Dutchess pursuant to the Equity Line must not violate any shareholder approval requirements of the NASDAQ Global Market;
- trading of shares of our Common Stock shall not have been suspended by the NASDAQ Global Market or the SEC;
- the issuance of shares to Dutchess pursuant to the Equity Line must be approved by our board of directors;
- our representations and warranties to Dutchess must be true and correct in all material respects; and
- the registration statement and any amendments or supplements to the registration statement may not contain any untrue statement of a material fact or omit to state any material fact required to be stated or necessary to make the statements in those documents not misleading or which would require public disclosure or an updated supplement to the prospectus.

There is no guarantee that we will be able to meet the foregoing conditions or any other conditions under the Investment Agreement or that we will be able to draw down any portion of the amount available to us under the Equity Line.

The Investment Agreement further provides that the Company and Dutchess are each entitled to customary indemnification from the other for any losses or liabilities we or it suffers as a result of any breach by the other party of any provisions of the Investment Agreement or the Registration Rights Agreement, or as a result of any lawsuit brought by a third-party arising out of or resulting from the other party's execution, delivery, performance or enforcement of the Investment Agreement or the Registration Rights Agreement.

The Investment Agreement also contains customary representations and warranties of each of the parties. The assertions embodied in those representations and warranties were made for purposes of the Investment Agreement and are subject to qualifications and limitations agreed to by the parties in connection with negotiating the terms of the Investment Agreement. In addition, certain representations and warranties were made as of a specific date, may be subject to a contractual standard of materiality different from what a shareholder or investor might view as material, or may have been used for purposes of allocating risk between the respective parties rather than establishing matters as facts.

Dutchess has also agreed pursuant to the Investment Agreement not to sell short any of our securities, either directly or indirectly through its affiliates, principals or advisors during the term of the Investment Agreement.

In connection with the preparation of the Investment Agreement and the Registration Rights Agreement, we paid Dutchess a document preparation fee in the amount of \$5,000. However, we did not issue Dutchess any shares of Common Stock or other securities. In addition, if we are not DWAC (Deposit/Withdraw at Custodian) eligible at the time of a put closing, there will be a \$2,000 charge on each closing date to cover costs associated with, but not limited to, deposit costs, legal review fees and wire fees. If we are DWAC eligible at the time of a put closing, there will be a \$250 charge on each closing date.

Registration Rights Agreement

Pursuant to the terms of the Registration Rights Agreement, we are obligated to file one or more registration statements with the SEC to register the resale by Dutchess of shares of Common Stock issued or issuable under the Investment Agreement. We have filed with the SEC an initial registration statement of which this prospectus forms a part, in order to access the Equity Line, covering the resale of up to 3,000,000 shares of Common Stock.

The foregoing summary of the Equity Line does not purport to be complete and is qualified by reference to the Investment Agreement and the Registration Rights Agreement, copies of which have been filed as exhibits to the registration statement of which this prospectus is a part.

RISK FACTORS

Investing in our Common Stock involves a high degree of risk. Before purchasing any securities offered in this prospectus, you should carefully consider the risk factors that are incorporated by reference herein from the section captioned “*Risk Factors*” in our Form 10-K for the year ended December 31, 2013, together with the risk factors provided below and all of the other information included in this prospectus and any prospectus supplement and any other information that we have incorporated by reference, including filings made with the SEC subsequent to the date hereof. Any of these risks, as well as other risks and uncertainties, could harm our financial condition, results of operations, or cash flows. See also “*Disclosure Regarding Forward-Looking Statements*” in this prospectus.

Risk Related to This Offering

Our Equity Line with Dutchess may not be available to us if we elect to make a draw down.

Pursuant to the Equity Line, Dutchess committed to purchase, subject to certain conditions, up to 3,000,000 shares of our Common Stock over a thirty-six month period. Dutchess will not be obligated to purchase shares under the Equity Line unless certain conditions are met, which include, among others: effectiveness of the registration statement; the continued listing of our Common Stock on the NASDAQ Global Market; our compliance with our obligations under the Investment Agreement and Registration Rights Agreement entered into with Dutchess; the absence of injunctions or other governmental actions prohibiting the issuance of Common Stock to Dutchess; the absence of violations of shareholder approval requirements with respect to such issuance of our Common Stock to Dutchess; the accuracy of representations and warranties made to Dutchess; and approval of the Equity Line transaction by our board of directors. If we are unable to access funds through the Equity Line, we may be unable to access capital on favorable terms or at all.

Any draw downs under our Equity Line with Dutchess may result in dilution to our shareholders.

If we sell shares to Dutchess under the Equity Line, it will have a dilutive effect on the holdings of our current shareholders, and may result in downward pressure on the price of our Common Stock. If we draw down amounts under the Equity Line, we will issue shares to Dutchess at a discount of 5% from the average price of our Common Stock. If we draw down amounts under the Equity Line when our share price is decreasing, we will need to issue more shares to raise the same amount than if our stock price was higher. Issuances in the face of a declining share price will have an even greater dilutive effect than if our share price were stable or increasing, and may further decrease our share price.

DISCLOSURE REGARDING FORWARD-LOOKING INFORMATION

This prospectus and the documents incorporated by reference herein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are based on our current expectations and beliefs, including estimates and projections about our industry. Forward-looking statements may be identified by use of terms such as “anticipates,” “expects,” “intends,” “plans,” “seeks,” “estimates,” “believes” and similar expressions, although some forward-looking statements are expressed differently. Statements concerning our financial position, business strategy and plans or objectives for future operations are forward-looking statements. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict and may cause actual results to differ materially from management’s current expectations. Such risks and uncertainties include those set forth herein under “Risk Factors.” The forward-looking statements in this prospectus speak only as of the time they are made and do not necessarily reflect our outlook at any other point in time.

Except as may be required under the federal securities laws, we undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. You are advised, however, to read any further disclosures we make on related subjects in our filings with the SEC, including Form 10-K, Form 10-Q and Form 8-K reports. Also note that under the caption "Risk Factors," we provide a cautionary discussion of risks, uncertainties and possibly inaccurate assumptions relevant to our business. These are factors that we think could cause our actual results to differ materially from expected and historical results. Other factors besides those listed in "Risk Factors," including factors described as risks in our filings with the SEC, could also adversely affect us. For any forward-looking statements contained in any document, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

USE OF PROCEEDS

We will not receive any proceeds from the resale of our Common Stock offered by the selling shareholder. The selling shareholder will receive all of the proceeds from this offering. However, we will receive proceeds from the sale of our Common Stock to the selling shareholder pursuant to the Investment Agreement. The proceeds from our exercise of the put option pursuant to the Investment Agreement will be used for product development, marketing and working capital needs and for other general corporate purposes.

Anti-Takeover Effects of Nevada Law and Provisions of Our Certificate of Incorporation and Bylaws

Our articles of incorporation, as amended, and amended and restated bylaws contain certain provisions that are intended to enhance the likelihood of continuity and stability in the composition of our board of directors and in the policies formulated by our board of directors and to discourage an unsolicited takeover of our Company if our board of directors determines that such a takeover is not in the best interests of our Company and stockholders. However, these provisions could have the effect of discouraging certain attempts to acquire us or remove incumbent management even if some or a majority of our stockholders deemed such an attempt to be in their best interests, including those attempts that might result in a premium over the market price for the shares of our common stock held by stockholders.

Our amended and restated bylaws establish advance notice procedures with regard to stockholder proposals and the nomination, other than by or at the direction of the board of directors. We may reject a stockholder proposal or nomination that is not made in accordance with such procedures. In addition, our amended and restated bylaws provide that:

- stockholders cannot call meetings of stockholders;
- stockholders cannot approve actions by written consent in lieu of a meeting;
- our board of directors has the ability to alter its bylaws without stockholder approval; and
- a director may not be removed from office unless such director is removed for cause by the vote of the holders of 66.67% or more of the outstanding shares of our Common Stock entitled to vote.

Nevada's Combination with Interested Stockholders Statute and Control Share Acquisition Statute may both have the effect of delaying or making it more difficult to effect a change in control of our company.

The Combination with Interested Stockholders Statute prevents an "interested stockholder" and an applicable Nevada corporation from entering into a "combination," unless certain conditions are met. A "combination" means any merger or consolidation with an "interested stockholder" or affiliate of an "interested stockholder," or any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in one transaction or a series of transactions with an "interested stockholder" or affiliate of an "interested stockholder":

- having an aggregate market value equal to more than 5% of the aggregate market value of the assets of the corporation;
- having an aggregate market value equal to more than 5% of the aggregate market value of all of the outstanding voting shares of the corporation; or

· representing more than 10% of the earning power or net income of the corporation.

An “interested stockholder” means (i) the beneficial owner of 10% or more of the voting shares of the corporation or (ii) an affiliate or associate of the corporation who at any time within 2 years immediately prior to the date in question was the beneficial owner of 10% or more of the voting shares of the corporation. A corporation may not engage in a “combination” within two years after the interested stockholder acquired his shares unless the combination or the purchase of shares made by the interested stockholder was approved by the board of directors before the interested stockholder acquired such shares or the combination is approved by the board of directors and, at or after that time, the combination is approved at an annual or special meeting of the stockholders of the corporation representing at least 60% of the outstanding voting power of the corporation not beneficially owned by disinterested stockholders. If such approval is not obtained, then after the expiration of the two-year period, the business combination may be consummated (a) if the combination or the transaction in which the person became an interested stockholder was approved by the board of directors before the person became an interested stockholder, (b) if it is approved at an annual or special meeting of the stockholders of the corporation by a majority of the voting power held by disinterested stockholders, or (c) if the consideration to be paid by the interested stockholder for disinterested shares of common and preferred stock, as applicable, is at least equal to the highest of:

- the highest price per share of such stock paid by the interested stockholder within the two years immediately preceding the date of the announcement of the combination or in the transaction in which the person became an interested stockholder, whichever is higher, plus interest from that date through the date of consummation of the combination and less any dividends paid during the same period;
- the market value per share of such stock on the date of the announcement of the combination or the date the interested stockholder acquired the shares, whichever is higher, plus interest from that date through the date of consummation of the combination and less any dividends paid during the same period; or
- the amount specified in the corporation’s articles of incorporation, including in any certificate of designation for the class or series of shares are entitled upon the consummation of a transaction of a type encompassing the combination.

Nevada’s Control Share Acquisition Statute prohibits an acquiror, under certain circumstances, from voting shares of a target corporation’s stock after crossing certain threshold ownership percentages, unless the acquiror obtains the approval of the target corporation’s disinterested stockholders. The Control Share Acquisition Statute specifies three thresholds: (i) one-fifth or more but less than one-third, (ii) one-third or more but less than a majority, and (iii) a majority or more, of the outstanding voting power in the election of directors. Once an acquiror crosses one of the above thresholds, those shares in the immediate offer or acquisition and those shares acquired within ninety days become Control Shares (as defined in the statute) and those Control Shares are deprived of the right to vote until disinterested stockholders restore the right. The Control Share Acquisition Statute also provides that in the event Control Shares are accorded full voting rights and the acquiring person has acquired a majority or more of all voting power, all other stockholders who do not vote in favor of authorizing voting rights to the Control Shares are entitled to demand payment for the fair value of their shares. Our board is required to notify such stockholders after the vote of the stockholders that they have the right to receive the fair value of their shares in accordance with statutory procedures established generally for dissenter’s rights. The Control Share Acquisition Statute currently does not apply to us because we do not have 100 or more stockholders of record who are residents of the State of Nevada.

Article V of our amended and restated bylaws provides for indemnification of our directors, officers, employees and other agents to the maximum extent permitted by law. We also have entered into indemnification agreements with our executive officers and directors and provide indemnity insurance pursuant to which directors and officers are indemnified or insured against liability or loss under certain circumstances.

Stockholder Rights Plan

On September 8, 1998, our board of directors declared a dividend distribution of Common Stock purchase rights, or the Rights, payable to the stockholders of record on September 25, 1998, thereby creating a Stockholder Rights Plan (the "Rights Agreement"). The plan was amended effective May 23, 2008 and further amended effective August 18, 2009. The Rights Agreement, as amended, provides that each Right entitles the stockholder of record to purchase from the Company that number of common shares having a combined market value equal to two times the Rights exercise price of \$45. The Rights are not exercisable until the distribution date, which will be the earlier of a public announcement that a person or group of affiliated or associated persons has acquired 15% or more of the outstanding common shares, or the announcement of an intention by a similarly constituted party to make a tender or exchange offer resulting in the ownership of 15% or more of the outstanding common shares. The dividend has the effect of giving the stockholder a 50% discount on the share's current market value for exercising such right. In the event of a cashless exercise of the Right, and the acquirer has acquired less than 50% beneficial ownership of the Company, a stockholder may exchange one Right for one share of common stock. The Rights Agreement, as amended, includes a provision pursuant to which our board of directors may exempt from the provisions of the Rights Agreement an offer for all outstanding shares of our common stock that the board determines to be fair and not inadequate and to otherwise be in the best interests of the Company and its stockholders, after receiving advice from one or more investment banking firms. The Rights expire on September 25, 2018.

Transfer Agent and Registrar

The transfer agent and registrar for our Common Stock is American Stock Transfer and Trust Company, LLC.

SELLING SHAREHOLDER

This prospectus relates to the possible resale by the selling shareholder, Dutchess Opportunity Fund II, LP, of shares of common stock that we may issue pursuant to the Investment Agreement we entered into with Dutchess on May 28, 2014. We are filing the registration statement of which this prospectus is a part pursuant to the provisions of the Registration Rights Agreement we entered into with Dutchess on May 28, 2014. The selling shareholder may from time to time offer and sell pursuant to this prospectus any or all of the shares that it acquires under the Investment Agreement.

The following table presents information regarding Dutchess and the shares that it may offer and sell from time to time under this prospectus. This table is prepared based on information supplied to us by the selling shareholder. As used in this prospectus, the term "selling shareholder" includes Dutchess and any donees, pledgees, transferees or other successors in interest selling shares received after the date of this prospectus from a selling shareholder as a gift, pledge or other non-sale related transfer. The number of shares in the column "Number of Shares Being Offered" represents all of the shares that the selling shareholder may offer under this prospectus. The selling shareholder may sell some, all or none of its shares. We do not know how long the selling shareholder will hold the shares before selling them, and we currently have no agreements, arrangements or understandings with the selling shareholder regarding the sale of any of the shares.

Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Exchange Act. The percentage of shares beneficially owned prior to the offering is based both on 16,799,213 shares of our Common Stock actually outstanding as of May 22, 2014, plus 3,000,000, and on the assumption that all shares of Common Stock issuable under the Investment Agreement we entered into with Dutchess are outstanding as of that date.

Name of Beneficial Owner	Shares Beneficially Owned Prior to the Offering		Number of Shares Being Offered	Shares Beneficially Owned After the Offering	
	Number	Percent		Number	Percent
Dutchess Opportunity Fund II, LP ⁽¹⁾	3,000,000 ⁽²⁾	15.1% ⁽²⁾	3,000,000	0 ⁽³⁾	0 ⁽³⁾

- (1) The address of Dutchess is 50 Commonwealth Avenue, Suite 2, Boston, MA 02116. Dutchess is a Delaware limited partnership. Michael Novielli and Douglas H. Leighton are the managing members of Dutchess Capital Management, II, LLC the general partner to the fund with voting and investment power over the shares.
- (2) Consists of 3,000,000 shares of common stock issuable under the Investment Agreement. For the purposes hereof, we assumed the issuance of the 3,000,000 shares of common stock issuable pursuant to the Investment Agreement.
- (3) Assumes that Dutchess sells all of the shares being offered pursuant to this prospectus.

PLAN OF DISTRIBUTION

We are registering 3,000,000 shares of Common Stock under this prospectus on behalf of Dutchess. Except as described below, to our knowledge, the selling shareholder has not entered into any agreement, arrangement or understanding with any particular broker or market maker with respect to the shares of Common Stock offered hereby, nor, except as described below, do we know the identity of any brokers or market makers that may participate in the sale of the shares.

The selling shareholder may decide not to sell any shares. The selling shareholder may from time to time offer some or all of the shares of common stock through brokers, dealers or agents who may receive compensation in the form of discounts, concessions or commissions from the selling *shareholder* and/or the purchasers of the shares of common stock for whom they may act as an agent. In effecting sales, broker-dealers who are engaged by the selling shareholder may arrange for other broker-dealers to participate. Dutchess is an “underwriter” within the meaning of the Securities Act. Any brokers, dealers or agents who participate in the distribution of the shares of common stock may also be deemed to be “underwriters,” and any profits on the sale of the shares of common stock by them and any discounts, commissions or concessions received by any such brokers, dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act. Dutchess has advised us that it may effect resales of our Common Stock through any one or more registered broker-dealers. Because the selling shareholder is deemed to be an underwriter, the selling shareholder will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory liabilities of, including but not limited to, Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Exchange Act.

The selling shareholder will act independently of us in making decisions with respect to the timing, manner and size of each sale. Such sales may be made over the NASDAQ Global Market, on the over-the-counter market, otherwise or in a combination of such methods of sale, at then prevailing market prices, at prices related to prevailing market prices or at negotiated prices. The shares of Common Stock may be sold according to one or more of the following methods:

- a block trade in which the broker or dealer so engaged will attempt to sell the shares of common stock as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker or dealer as principal and resale by such broker or dealer for its account pursuant to this prospectus;
- an over-the-counter distribution in accordance with the NASDAQ rules;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- privately negotiated transactions;
- a combination of such methods of sale; and
- any other method permitted pursuant to applicable law.

Any shares covered by this prospectus which qualify for sale pursuant to Rule 144 of the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus. In addition, the selling shareholder may transfer the shares by other means not described in this prospectus.

Any broker-dealer participating in such transactions as agent may receive commissions from Dutchess (and, if they act as agent for the purchaser of such shares, from such purchaser). Broker-dealers may agree with Dutchess to sell a specified number of shares at a stipulated price per share, and, to the extent such a broker-dealer is unable to do so acting as agent for Dutchess, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to Dutchess. Broker-dealers who acquire shares as principal may thereafter resell such shares from time to time in transactions (which may involve crosses and block transactions and which may involve sales to and through other broker-dealers, including transactions of the nature described above) on the NASDAQ Global Market, on the over-the-counter market, in privately-negotiated transactions or otherwise at market prices prevailing at the time of sale or at negotiated prices, and in connection with such resales may pay to or receive from the purchasers of such shares commissions computed as described above. To the extent required under the Securities Act, an amendment to this prospectus, or a supplemental prospectus will be filed, disclosing:

- the name of any such broker-dealers;
- the number of shares involved;
- the price at which such shares are to be sold;
- the commission paid or discounts or concessions allowed to such broker-dealers, where applicable;
- that such broker-dealers did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus, as supplemented; and
- other facts material to the transaction.

Underwriters and purchasers that are deemed underwriters under the Securities Act may engage in transactions that stabilize, maintain or otherwise affect the price of the securities, including the entry of stabilizing bids or syndicate covering transactions or the imposition of penalty bids. Dutchess and any other persons participating in the sale or distribution of the shares will be subject to the applicable provisions of the Exchange Act and the rules and regulations thereunder including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of, purchases by the selling shareholder or other persons or entities. Furthermore, under Regulation M, persons engaged in a distribution of securities are prohibited from simultaneously engaging in market making and certain other activities with respect to such securities for a specified period of time prior to the commencement of such distributions, subject to special exceptions or exemptions. Regulation M may restrict the ability of any person engaged in the distribution of the securities to engage in market-making and certain other activities with respect to those securities. In addition, the anti-manipulation rules under the Exchange Act may apply to sales of the securities in the market. All of these limitations may affect the marketability of the shares and the ability of any person to engage in market-making activities with respect to the securities.

We have agreed to pay the expenses of registering the shares of Common Stock under the Securities Act, including registration and filing fees, printing expenses, administrative expenses and certain legal and accounting fees, as well as certain fees of counsel for the selling shareholder incurred in the preparation of the Equity Line and the registration statement of which this prospectus forms a part. The selling shareholder will bear all discounts, commissions or other amounts payable to underwriters, dealers or agents, as well as transfer taxes and certain other expenses associated with the sale of securities.

Under the terms of the Investment Agreement and the Registration Rights Agreement, we have agreed to indemnify the selling shareholder and certain other persons against certain liabilities in connection with the offering of the shares of our Common Stock offered hereby, including liabilities arising under the Securities Act or, if such indemnity is unavailable, to contribute toward amounts required to be paid in respect of such liabilities.

At any time a particular offer of the shares of Common Stock is made, a prospectus supplement or post-effective amendment to the registration statement of which this prospectus forms a part, if required, will be distributed. Such prospectus supplement or post-effective amendment will be filed with the SEC, to reflect the disclosure of required additional information with respect to the distribution of the shares of Common Stock. We may suspend the sale of shares by the selling shareholder pursuant to this prospectus for certain periods of time for certain reasons, including if the prospectus is required to be supplemented or amended to include additional material information.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The following table sets forth the costs and expenses payable by the registrant in connection with this offering, other than underwriting commissions and discounts, all of which are estimated except for the SEC registration fee.

Securities and Exchange Commission registration fee	\$	750
Legal fees and expenses		15,000.00
Accounting fees and expenses		5,000.00
Printing and engraving		1,000.00
Miscellaneous		5,000.00*
Total	\$	26,750.00

* Estimated expenses that are not presently known because they depend upon, among other things, the number of offerings that will be made pursuant to this registration statement, the amount and type of securities being offered and the timing of such offerings.

Item 15. Indemnification of Directors and Officers.

Our amended and restated bylaws provide for indemnification of our directors and officers to the fullest extent permitted by Nevada law. Nevada law provides that a Nevada corporation may indemnify, and our bylaws provide that the corporation shall indemnify, any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action, suit or proceeding, except an action by or in the right of the corporation, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with the action, suit or proceeding, if the person (a) is not liable pursuant to NRS § 78.138 or (b) acted in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation.

NRS §78.138 and our bylaws provide that a director of the Company shall not be personally liable to the Company or its stockholders or creditors for damages resulting from any action or failure to act in his or her capacity as a director or officer, if his or her act or omission did not constitute a breach of his or her fiduciary duties and did not involve intentional misconduct, fraud or a knowing violation of law. Nevada law provides that, to the extent a director, officer, employee or agent has been successful on the merits or otherwise in the defense of an action, suit or proceeding, the Company shall indemnify such person against expenses incurred in connection with the defense. Our bylaws provide that any repeal or amendment of a person's rights to indemnification shall be prospective only, and a director shall not be liable to the Company or its stockholders or creditors to such further extent as permitted by any law enacted after adoption of the bylaws, including, without limitation, any subsequent amendment to Nevada corporate law. We also have entered into indemnification agreements with our executive officers and directors and provide indemnity insurance pursuant to which directors and officers are indemnified or insured against liability or loss under certain circumstances.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

The above discussion of our bylaws and Section 78.138 of the Nevada Revised Statutes is not intended to be exhaustive and is qualified in its entirety by such bylaws and statute.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of a prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that the undertakings set forth in subparagraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Ladies and Gentlemen:

We have acted as counsel for ProPhase Labs, Inc., a Nevada corporation (the "Company"), in connection with the Registration Statement on Form S-3, as the same may be amended from time to time (the "Registration Statement"), filed by the Company with the Securities and Exchange Commission under the Securities Act of 1933, as amended (the "Act"). The Registration Statement relates to the offer and sale of up to 3,000,000 shares (the "Shares") of the Company's common stock, par value \$0.0005 per share ("Common Stock"), by Dutchess Opportunity Fund II, LP (the "Selling Shareholder") as set forth in the Registration Statement. The Shares may be sold or delivered from time to time as set forth in the Registration Statement, any amendment thereto, the prospectus contained therein and supplements to the prospectus pursuant to Rule 415 under the Act. This opinion is being furnished in accordance with the requirements of Item 601(b)(5) of Regulation S-K under the Act.

In connection with the foregoing, we have examined originals or copies, certified or otherwise identified to our satisfaction, of such documents, corporate records, certificates of public officials, and other instruments as we have deemed necessary or advisable for the purpose of rendering this opinion. As to questions of fact material to this opinion that have not been independently established, we have relied upon certificates or comparable documents of officers and representatives of the Company.

Based upon the foregoing, and subject to the assumptions, exceptions, qualifications and limitations set forth herein, we are of the opinion that when the Shares are issued and delivered by the Company to the Selling Shareholder pursuant to the Investment Agreement (the "Investment Agreement") by and between the Company and the Selling Shareholder, dated May 28, 2014, the Shares will be duly authorized, validly issued, fully paid and non-assessable.

In giving the opinions in this letter, we have assumed that at the time of the issuance of the Shares, (i) the Company will validly exist and be duly qualified and in good standing under the laws of its jurisdiction of incorporation, (ii) the Company will have the necessary corporate power and due authorization, (iii) the terms of the Shares and of their issuance and sale will have been established in conformity with and so as not to violate, or result in a default under or breach of, the articles of incorporation and bylaws of the Company and any applicable law or any agreement or instrument binding upon the Company and so as to comply with any requirement or restriction imposed by any court or governmental or regulatory body having jurisdiction over the Company, (iv) sufficient shares of Common Stock will be authorized for issuance under the articles of incorporation of the Company that have not otherwise been issued or reserved or committed for issuance, (v) the consideration paid by the Selling Shareholder upon issuance of each Share will not be less than the par value thereof, and (vi) none of the documents reviewed by us as of the date hereof have been rescinded or modified in any manner inconsistent with the opinion expressed herein.

Our opinion is based solely on our review of the Nevada Revised Statutes and such corporate records as we deemed necessary or appropriate.

We consent to the filing of this opinion as an exhibit to the Registration Statement. In giving this consent, we do not thereby admit that we are within the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission.

Very truly yours,
