SPECIAL MEETING OF STOCKHOLDERS

[●], 2017

Dear Stockholder:

You are cordially invited to attend a special meeting of stockholders of ProPhase Labs, Inc. (the “Company”), to be held on [●],[●], 2017, beginning at [●]:00 a.m., local time, at the offices of Reed Smith LLP, 599 Lexington Avenue, New York, New York 10022.

At the special meeting, you will be asked to vote on a proposal to sell substantially all of the assets of the Company, which are comprised of the intellectual property and other assets related to the Company’s ColdEEZE® brand and product line, to Meda Consumer Healthcare Inc. (“MCH”), a Delaware corporation, and an affiliate of Mylan Inc. (together with MCH, “Mylan”), a Pennsylvania corporation, for cash, pursuant to the terms and conditions of that certain Asset Purchase Agreement, dated as of January 6, 2017, as amended, by and among the Company, MCH and Mylan Inc., and the other transactions contemplated thereby (the “Asset Sale”). The terms of the Asset Sale are described more fully in the accompanying proxy statement.

We urge you to read the proxy statement materials in their entirety and consider them carefully. Please pay particular attention to the “Risk Factors” beginning on page 31 for a discussion of the risks related to the proposed Asset Sale. There are a number of material risks inherent in the Asset Sale, including the fact that, if the Asset Sale is completed, we will have sold our primary intellectual property and primary source of revenue. Our remaining assets will consist primarily of the net proceeds from the Asset Sale, our manufacturing facility and manufacturing business located in Lebanon, Pennsylvania and the Company’s headquarters in Doylestown, Pennsylvania, and assets relating to our ORXx and TK Supplements® brands, product lines and operations.

After careful consideration, our board of directors has unanimously approved the Asset Sale and unanimously recommends that you vote “FOR” approval of the Asset Sale. The approval of the Asset Sale requires the affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote on this matter as of the record date. Failure to vote is the equivalent of a “No” vote.

It is important that your shares be represented at the special meeting, regardless of the size of your holdings. Accordingly, whether or not you expect to attend the special meeting, we urge you to vote promptly by returning the enclosed proxy card. You may revoke your proxy at any time before it has been voted. Voting by proxy will not prevent you from voting your shares in person if you subsequently choose to attend the special meeting.

Thank you for your cooperation and continued support.

Very truly yours,

Ted Karkus

Chairman and Chief Executive Officer

SUMMARY TERM SHEET

This summary highlights the material terms of the Asset Purchase Agreement, dated as of January 6, 2017 (as amended, the “Asset Purchase Agreement”), by and among ProPhase Labs, Inc. (“ProPhase” or the “Company”), Meda Consumer Healthcare Inc. (“MCH”) and Mylan Inc. (together with MCH, “Mylan”), and the proposed sale of assets by ProPhase, consisting principally of our intellectual property rights and other assets relating to our Cold-EEZE[®] brand and product line (collectively, referred to herein as the “Cold-EEZE[®] Business”) to Mylan, including all current and pipeline over-the-counter allergy, cold, flu and multi-symptom relief and immune support treatments for adults and children to the extent each is, or is intended to be, branded “Cold-EEZE[®]”, and all private label versions thereof, including all formulations and derivatives thereof as set forth in the Asset Purchase Agreement (collectively, referred to herein as the “Products”), **but not including** the manufacturing facility and manufacturing business located in Lebanon, Pennsylvania or the Company’s headquarters in Doylestown, Pennsylvania. As part of the transaction, the Company, through its wholly owned subsidiary, Pharmaloz Manufacturing, Inc. (“PMI”), will enter into a manufacturing and supply agreement with Mylan. This summary highlights selected information in this proxy statement and may not contain all of the information that may be important to you when evaluating the proposed transaction. To understand the proposed transaction fully and for a more complete description of the terms of the transaction, you should carefully read this proxy statement and the Asset Purchase Agreement, a copy of which is attached to this proxy statement as Appendix A. We have included page references in this summary to direct you to a more complete discussion in the proxy statement. Capitalized terms used but not defined herein have the meanings assigned to them in the Asset Purchase Agreement.

Parties to the Transaction

The parties to the proposed transaction are ProPhase, as the seller, MCH, as the buyer, and Mylan Inc., as the guarantor of MCH’s obligations under the Asset Purchase Agreement. See “Proposal No. 1—Sale of the Acquired Assets—The Companies” beginning on page 23. MCH may designate one of its affiliates as buyer under the Asset Purchase Agreement.

The Companies

ProPhase

ProPhase is a manufacturer, marketer and distributor of a diversified range of homeopathic and health care products that are offered to the general public. We are also engaged in the research and development of other potential over-the-counter (“OTC”) drugs and natural base health products, including supplements, personal care and cosmeceutical products.

The Company and PMI’s primary business is the manufacture, distribution, marketing and sale of OTC health care and cold remedy products to consumers through national chain, regional, specialty and local retail stores. Our flagship brand is Cold-EEZE[®] and our principal product is Cold-EEZE[®] cold remedy zinc gluconate lozenges, proven in clinical studies to reduce the duration and severity of symptoms of the common cold. In addition to Cold-EEZE[®] cold remedy lozenges, we market and distribute non-lozenge forms of our proprietary zinc gluconate formulation, (i) Cold-EEZE[®] cold remedy QuickMelts[®], (ii) Cold-EEZE[®] Gummies Multi-Symptom Relief for Cold and Flu, and (iii) Cold-EEZE[®] cold remedy Oral Spray.

In addition, we market and distribute OTC lozenge and dietary supplement products under the ORXx brand name. The ORXx brand includes the products sold under the following names: ORXx Complete[™] and ORXx Defense[™].

We are also pursuing a series of new product development and pre-commercialization initiatives in the dietary supplement category. Initial dietary supplement product development activities were completed in the fourth quarter of Fiscal 2015 under the brand name of TK Supplements[®]. The TK Supplements[®] product line comprises three men’s health products: (i) Legendz XL[®] for sexual health, (ii) Triple Edge XL[™], a daily energy booster plus testosterone support, and (iii) Super ProstaFlow Plus[™] for prostate and urinary health.

In addition to the Company’s products, PMI manufactures a large and diverse amount of OTC lozenge products and supplements for third parties, in addition to Cold-EEZE[®] lozenges, which business the Company plans to continue and grow post-closing.

Mylan

Mylan was incorporated in Pennsylvania in 1970 and maintains its principal executive offices in Canonsburg, Pennsylvania. Mylan is a global pharmaceutical company, which develops, licenses, manufactures, markets and distributes generic, branded generic and specialty pharmaceuticals. Mylan offers one of the industry’s broadest product portfolios, including more than 2,700 marketed products, to customers in more than 165 countries and territories. Mylan operates a global, high quality vertically-integrated manufacturing platform, which includes more than 50 manufacturing and research and development (“R&D”) facilities around the world and one of the world’s largest active pharmaceutical ingredient operations. Mylan also operates a strong R&D network that has consistently delivered a robust product pipeline.

Mylan’s principal executive office is currently located at 1000 Mylan Boulevard, Canonsburg, Pennsylvania 15317, and its telephone number there is (724) 514-1800.

MCH

MCH is the U.S. over-the-counter division of Stockholm-based Meda AB, a global specialty pharmaceutical company, which was acquired by Mylan N.V., the parent company of Mylan, on August 5, 2016.

Assets to be Sold

In the proposed transaction, we have agreed to sell to Mylan the Cold-EEZE[®] Business, but not including the manufacturing facility and equipment located in Lebanon, Pennsylvania or the corporate headquarters and facility located in Doylestown, Pennsylvania.

Assets to be Retained

If the proposed transaction is completed, we will retain the following (the “Excluded Assets”), in addition to PMI’s manufacturing business (including all contract manufacturing), equipment and facility located in Lebanon, Pennsylvania (the “PMI Business”), our headquarters, including real estate owned, in Doylestown, Pennsylvania (“Company Headquarters”), and our ORXx and TK Supplements[®] brands, product lines and operations:

See "Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Assets to be Retained" beginning on page 35.

Liabilities to be Assumed by Mylan

In connection with the sale, transfer, conveyance, assignment and delivery of the Acquired Assets to Mylan pursuant to the Asset Purchase Agreement, at the closing, Mylan will assume and agree to pay, perform and discharge all liabilities arising out of the ownership and operation of the Acquired Assets on or after the closing date, whether absolute, accrued, contingent, known or unknown, asserted or unasserted, fixed or otherwise, or whether due or to become due, other than the Retained Liabilities (the "Assumed Liabilities").

See “Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Assumed Liabilities” on page 36.

Retained Liabilities

ProPhase will retain all liabilities that are not the Assumed Liabilities, including the following (the “Retained Liabilities”):

- claims related to the Acquired Assets regarding adulterated products manufactured by the Company;
- all accounts payable;
- all indebtedness of the Company and all other liabilities arising out of the Acquired Assets prior to the closing date, whether absolute, accrued, contingent, known or unknown, asserted or unasserted, fixed or otherwise, or whether due or to become due, including without limitation any and all liabilities for any rebates, promotions, charge-backs or other changes in pricing with respect to sales of the Products for the period prior to the closing, which includes the \$1,500,000 liability pursuant to those certain secured promissory notes, dated December 11, 2015, issued by the Company, PMI and other parties thereto (the “Secured Promissory Notes”), which Secured Promissory Notes are required to be repaid by the Company at closing pursuant to the terms of the Asset Purchase Agreement;
- claims or liabilities arising out of or associated with the Company’s Amended and Restated Rights Agreement, dated as of June 18, 2014, between the Company and American Stock Transfer and Trust Company (as amended, the “Rights Agreement”);
- all taxes of the Company unrelated to the ownership or operation of the Acquired Assets and the Cold-EEZE[®] Business or related to the direct or indirect ownership or operation of the Acquired Assets and the Cold-EEZE[®] Business for all periods prior to the closing; all taxes, if any, imposed on the Company and any consolidated, combined or unitary group of which the Company is a member as a result of the sale or transfer of the Acquired Assets and the Cold-EEZE[®] Business; and any liability of the Company for the unpaid taxes of any person under Treasury Regulation Section 1.1502-6 (or any similar provision of state, local, or non-U.S. law), as a transferee or successor, by contract or otherwise;
- credits and payments for any returns of non-conforming Products sold by the Company on or before the closing date; and
- claims or liabilities of the business and operations of the Company or any of its affiliates at any time, other than the Assumed Liabilities.

Purchase Price

Mylan has agreed to purchase the Acquired Assets for a purchase price of \$50,000,000 in cash (the “Purchase Price”), plus the assumption of the Assumed Liabilities.

We have indemnification obligations to Mylan under the Asset Purchase Agreement that may require us to make future payments to Mylan, and any amounts that we may become required to pay to Mylan pursuant to the indemnification provisions of the Asset Purchase Agreement will reduce the net proceeds to us resulting from the transaction.

Pursuant to the terms of the Asset Purchase Agreement, at closing, Mylan will deposit \$5,000,000 of the Purchase Price (the “Escrow Amount”) into an escrow account established with Citibank, N.A. (the “Escrow Agent”) in order to satisfy, in whole or in part, certain indemnity obligations of the Company under the Asset Purchase Agreement.

See “Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Purchase Price” and “—Our Indemnification Obligations” on pages 37 and 48, respectively.

Nature of Our Business Following the Sale of Assets

Following the closing of the proposed asset sale to Mylan, our remaining business will consist of our manufacturing business in Lebanon, Pennsylvania, conducted by our wholly owned subsidiary, PMI, and our ORXx and TK Supplements[®] brands, product lines and operations.

We will continue to be a public reporting company after the sale of the Acquired Assets to Mylan, if the sale is approved by our stockholders.

Our PMI facility is a United States Food and Drug Administration (“FDA”) registered facility that engages in contract manufacturing and distribution activities. Following the transaction, PMI will continue to manufacture a large and diverse amount of OTC lozenge products and supplements for the Company and third parties. In addition, PMI plans to expand its contract manufacturing business going forward. As part of the transaction, PMI will enter into a manufacturing and supply agreement with Mylan for a term of five years, pursuant to which Mylan will purchase the current inventory of the Cold-EEZE[®] Business and PMI will manufacture certain of the Products for Mylan. The term of this agreement may be renewed for up to five successive one year periods by Mylan.

The TK Supplements[®] product line is comprised of three men’s health products: (i) Legendz XL[®] for sexual health, (ii) Triple Edge XL[™], a daily energy booster plus testosterone support, and (iii) Super ProstaFlow Plus[™] for prostate and urinary health. Our lead product from the TK Supplements[®] product line is Legendz XL[®], a men’s dietary supplement in the male enhancement category. We recently completed a broad series of clinical studies that support important product claims, which have now been incorporated in our product packaging and marketing communications. Our next goal is to introduce Legendz XL[®] in retail stores, leveraging our infrastructure and retail distribution platform. If we are successful in achieving retail distribution, we then plan to increase the media spend for television and other media advertising to support this retail launch with the likely benefit that it would also generate additional direct to consumer, e-commerce sales.

The Company will also consider and pursue all other alternatives and strategies including, but not limited to, investments and acquisitions in other sectors and industries.

See “Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Nature of Our Business Following the Sale to Mylan” beginning on page 37.

Reasons for the Sale of the Acquired Assets

Our board of directors believes the proposed sale of the Acquired Assets to Mylan is in the best interests of the Company and our stockholders. Our board of directors has identified, among others, the following reasons for engaging in the proposed transaction:

- We have limited capital resources thus limiting our ability to further innovate and expand our Cold-EEZE[®] product offerings to compete in the competitive cough and cold category where many other OTC product suppliers are larger and have significantly greater financial, technical or marketing resources than we do.
- While our sales are currently derived principally from our Cold-EEZE[®] product offerings, this business is highly seasonal and has historically resulted in significant variations in operating results from quarter to quarter and from year to year. The category of cough and cold product sales, including our Cold-EEZE[®] sales, is highly correlated to the incidence of upper respiratory illness.
- The Company desires to focus on and grow its PMI manufacturing business, ORXx and TK Supplements[®] product lines and to pursue other opportunities.
- The ability of the Company to realize its net operating loss carryforwards prior to their expiration.
- The ability of the Company to pay-off and retire its Secured Promissory Notes in advance of their maturity date of June 15, 2017.
- The ability to return value to the stockholders. The Company seeks to deliver higher value to stockholders with greater market presence, but the ability to acquire brands has been limited due to the Company's stock price and business fundamentals.

See "Proposal No. 1—Sale of the Acquired Assets—Reasons for the Sale of the Acquired Assets to Mylan" beginning on page 27.

Potential Drawbacks of the Sale to Mylan

In deciding how to vote on the proposal to sell the Acquired Assets to Mylan, you should consider the following potential drawbacks and other risks:

- If the sale to Mylan is completed, we will have sold our primary intellectual property and primary source of revenue. Our remaining assets will consist primarily of the net proceeds from the transaction, our PMI Business, our Company Headquarters and assets relating to our ORXx and TK Supplements[®] brands, product lines and operations.
- The prospects for our remaining operations, which will be limited to our PMI manufacturing business and facility and our ORXx and TK Supplements[®] product lines, are uncertain. Our ability to grow our PMI manufacturing business and operate it profitably is uncertain, and while management anticipates that the growth potential in the OTC dietary supplement line may be better than the OTC cold remedy line, the risks associated with introducing new products that do not leverage the Cold-EEZE[®] brand name may be higher. Therefore, no assurance can be made that our new product efforts will be successful.

- As with any new product launch, we anticipate initial losses from the TK Supplements[®] product line as we optimize our strategy.
- After the closing of the transaction, Mylan may assert claims for indemnification under the provisions of the Asset Purchase Agreement, and if successful, we would be required to pay to Mylan some or all of the net proceeds from the transaction, thus effectively reducing the Purchase Price.
- One or more of our creditors, parties with which we have agreements, stockholders, or other third parties could assert claims against us, either before or after the closing, and seek damages or other remedies. We might be required to spend substantial time and resources defending any such claims, and any amounts paid to any such third parties would reduce the net amount received from the transaction.
- The stockholders will not have any dissenter's rights of appraisal under Delaware law.
- The risks and costs to the Company if the sale of the Cold-EEZE[®] Business does not close, including the diversion of management and employee attention and disruption in our customer and distributor relationships.

See also those risks identified under the heading "Proposal No. 1—Sale of the Acquired Assets—Risk Factors" beginning on page 31.

Asset Purchase Agreement

The Asset Purchase Agreement is attached to this proxy statement as [Appendix A](#). We encourage you to read the Asset Purchase Agreement in its entirety, as it is the legal document that governs the proposed transaction by and among us, MCH and Mylan Inc.

Representations and Warranties of the Parties

The Asset Purchase Agreement contains various customary representations and warranties made by each of the parties to the agreement. The principal representations and warranties we are making to Mylan include, among other things, the following representations and warranties: corporate organization and qualification; authority and enforceability of the Asset Purchase Agreement against us; no conflict between the transactions contemplated by the Asset Purchase Agreement and any Company charter document or any resolution adopted by our board of directors, any Cold-EEZE[®] Business Contract, or any law or governmental order applicable to the Company and the Cold-EEZE[®] Business; no governmental authorizations required to consummate the transactions contemplated by the Asset Purchase Agreement (except as otherwise described in the Asset Purchase Agreement); contracts and commitments; title, ownership and maintenance of the intellectual property included in the Acquired Assets; no infringement of any third parties' intellectual property rights; no channel stuffing; title to Acquired Assets; permits; and regulatory compliance.

The principal representations and warranties made by Mylan to us include, among other things, the following representations and warranties: corporate organization; authority and enforceability of the Asset Purchase Agreement against Mylan; no conflict between the transactions contemplated by the Asset Purchase Agreement and any Mylan charter document, indenture, mortgage or loan or other agreement or instrument to which Mylan is a party, or any law or governmental order applicable to Mylan or any of its properties; no governmental authorizations required to consummate the transactions contemplated by the Asset Purchase Agreement; and sufficient funds to pay the Purchase Price.

For a more complete listing of representations and warranties made by the parties, please see “Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Representations and Warranties” beginning on page 38.

Conditions to Completion of the Sale of the Acquired Assets

Each party’s obligation to complete the sale of the Acquired Assets under the Asset Purchase Agreement is subject to the prior satisfaction or waiver of certain conditions. The following list sets forth the material conditions that must be satisfied or waived before completion of the proposed transaction:

- our stockholders have approved the sale of the Acquired Assets to Mylan;
- no injunction, writ, temporary restraining order or other order or Law will be in effect which restrains or prohibits the sale of the Acquired Assets; and
- all authorizations, orders and consents from any governmental authorities required under the Asset Purchase Agreement will have been obtained.

Our obligations to effect the transactions contemplated by the Asset Purchase Agreement are subject to the satisfaction or fulfillment, at or before the closing, of a number of additional conditions, any of which may be waived, in writing, exclusively by us, including the following:

No Solicitation

Until the date of closing or earlier termination of the Asset Purchase Agreement, we have agreed that we will not solicit, initiate, seek or knowingly encourage any Seller Acquisition Proposal (as defined below) or otherwise participate in discussions or negotiations or approve or recommend any Seller Acquisition Proposal, except in compliance with the terms of the Asset Purchase Agreement.

See "Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Solicitation; Withdrawal of Recommendation by Our Board of Directors" beginning on page 43.

Our Indemnification Obligations

Subject to the limitations in the Asset Purchase Agreement, we have agreed to indemnify Mylan and other related persons for any damages incurred by Mylan or such related persons in connection with any breaches of our representations, warranties, covenants or agreements contained in the Asset Purchase Agreement, or in connection with the Retained Liabilities, and certain third party claims specified in the Asset Purchase Agreement. Generally, our representations and warranties survive for a period of 24 months after the closing date, other than the Fundamental Representations which survive until the expiration of the applicable statute of limitations, and Mylan may assert claims for indemnity during that period. In addition, there exists a limited indemnification cap with respect to a majority of the Company's indemnification obligations with the exception of actual fraud, the breach of Fundamental Representations and certain other items, which have a larger indemnification cap (e.g., the Purchase Price).

See "Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Our Indemnification Obligations" on page 48.

Mylan's Indemnification Obligations

Mylan has agreed to indemnify us and other related persons for any damages incurred in connection with a breach of its representations and warranties, covenants and agreements contained in the Asset Purchase Agreement, and in connection with the Assumed Liabilities and certain third party claims specified in the Asset Purchase Agreement. Mylan's representations and warranties survive for a period of 24 months after the closing date, and we may assert claims for indemnity during that period. In addition, there exists a limited indemnification cap with respect to a majority of Mylan's indemnification obligations with the exception of actual fraud and certain other items, which have a larger indemnification cap (e.g., the Purchase Price).

See "Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Our Indemnification Obligations" on page 48.

Termination of the Asset Purchase Agreement

The Asset Purchase Agreement may be terminated at any time prior to the closing:

- by mutual written consent of the Company and Mylan;
- by either the Company or Mylan, if:
 - the transaction has not been consummated by March 31, 2017 or such other date as the parties may agree in writing (the “Termination Date”) (subject to certain exceptions); provided, that Mylan may, in its sole discretion, upon written notice to the Company extend the Termination Date for up to 30 days;
 - a governmental entity or court issues an order, decree, ruling or other action which permanently restrains, enjoins or otherwise prohibits the completion of the sale of the Acquired Assets; or
 - our stockholders do not approve the proposed transaction.
- by Mylan, upon written notice to the Company, if:
 - the Company materially breaches any representation, warranty, covenant or agreement such that Mylan’s conditions to closing would not be satisfied, subject to the Company’s opportunity to cure the breach as provided in the Asset Purchase Agreement;
 - our board of directors withdraws its recommendation to stockholders to vote in favor of the approval of Proposal No. 1; or
 - our management or board of directors, for any reason, fails to call and hold, within 60 days of the filing of this proxy statement, a special meeting to consider and approve the Asset Purchase Agreement or fails to include its recommendation to stockholders to vote in favor of the approval of Proposal No. 1 in the proxy statement; provided that such 60 day period will be automatically extended to 120 days in the event ProPhase is working in good faith to reconcile any outstanding claims, causes of action or comments of the Securities and Exchange Commission (the “SEC”).
- by the Company, if:
 - Mylan materially breaches any representation, warranty, covenant or agreement such that the Company’s conditions to closing would not be satisfied, subject to Mylan’s opportunity to cure the breach as provided in the Asset Purchase Agreement; or
 - our board of directors authorizes a Seller Superior Offer (as defined below) and substantially concurrent with the termination of the Asset Purchase Agreement, we enter into an agreement with respect to such Seller Superior Offer that did not result from a material breach of the Asset Purchase Agreement.

See “Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Termination of the Asset Purchase Agreement” beginning on page 46.

ProPhase's Obligations upon Termination

If the Asset Purchase Agreement is terminated for certain reasons, including a termination in connection with our board of directors approving a Seller Superior Offer, we will be required to pay Mylan a termination fee in the amount of \$1,500,000.

If the Asset Purchase Agreement is terminated due to a material breach of the Asset Purchase Agreement by Mylan that would cause the closing conditions not to be satisfied or due to any decree, judgment injunction or other order permanently restraining, enjoining or otherwise prohibiting Mylan from consummating the transactions contemplated by the Asset Purchase Agreement, Mylan will be required to pay the Company a termination fee in the amount of \$5,000,000.

See "Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Payment of Termination Fee" on page 47.

Post-Closing Agreements

The Asset Purchase Agreement contains certain covenants that will survive the closing of the transaction, including:

- Generally, the Company and Mylan will each maintain in confidence, and cause their respective representatives to maintain in confidence, any information obtained from the other party (with certain limited exceptions) for a period of two years from the closing date and the Company will perpetually maintain in confidence information associated with the intellectual property rights acquired by Mylan;
- the Company will not, and will not permit its subsidiaries to, directly or indirectly, for the period beginning on the closing date and ending on a specified date thereafter, develop, manufacture, sell, promote or distribute, including as a partner, stockholder, member, employee, principal, agent, trustee or consultant, any product in the United States that is used or indicated for cough, cold or flu (subject to certain limited exemptions, including the manufacturing of certain products currently marketed by the Company and other third party contract manufacturing operations);
- Mr. Ted Karkus, our Chairman and Chief Executive Officer, directly or indirectly, for the period beginning on the closing date and ending on a specified date thereafter, develop, manufacture, sell, promote or distribute, including as a partner, stockholder, member, employee, principal, agent, trustee or consultant, any product in the United States that is used or indicated for cough, cold or flu (subject to certain limited exemptions, including the manufacturing of certain products currently marketed by the Company and other third party contract manufacturing operations);

- Mr. Robert V. Cuddihy, Jr., our Executive Vice President, Chief Operating Officer and Chief Financial Officer, will not, directly or indirectly, for the period beginning on the closing date and ending on the specified dates thereafter, develop, manufacture, sell, promote or distribute, including as a partner, stockholder, member, employee, principal, agent, trustee or consultant, any product in the United States that is used or indicated for, as applicable, (i) cough, cold or flu or (ii) cough, cold or flu with zinc as the primary active ingredient (subject to certain limited exemptions, including the manufacturing of certain products currently marketed by the Company and other third party contract manufacturing operations);
- Dr. Raouf Ghaderi, Head of Research and Development, will not, directly or indirectly, for the period of time beginning on the closing date and ending on a specified date thereafter, develop, manufacture, sell, promote or distribute, including as a partner, stockholder, member, employee, principal, agent, trustee or consultant, any product in the United States that is used or indicated for cough, cold or flu with zinc as the primary active ingredient (subject to certain limited exemptions, including the manufacturing of certain products currently marketed by the Company and other third party contract manufacturing operations);
- For the period beginning on the closing date and ending on a specified date thereafter, the Company, Mr. Ted Karkus, Mr. Robert V. Cuddihy, Jr. and Dr. Raouf Ghaderi (each, a “Restricted Party”) will not, and will cause the Company’s subsidiaries not to solicit, offer employment to or hire any person that is employed by Mylan in connection with the Cold-EEZE[®] Business; provided, however, that such Restricted Party shall not be prohibited from (i) initiating searches for employees or contractors through the use of non-directed general advertisement or through the engagement of firms to conduct searches that are not targeted or focused on persons employed by Mylan or (ii) soliciting, offering employment to or hiring a former employee of Mylan, whose employment has been terminated by Mylan; and
- For the period beginning on the closing date and ending on a specified date thereafter, Mylan will not solicit, offer employment to or hire any person that is employed by the Company; provided, however, that Mylan shall not be prohibited from (i) initiating searches for employees or contractors through the use of non-directed general advertisement or through the engagement of firms to conduct searches that are not targeted or focused on persons employed by the Company or (ii) soliciting, offering employment to or hiring a former employee of the Company, whose employment has been terminated by the Company.

See “Proposal No. 1—Sale of the Acquired Assets—Asset Purchase Agreement—Covenants” beginning on page 40.

Recommendation of Our Board of Directors

Our board of directors has unanimously approved the proposed sale of the Acquired Assets to Mylan and recommends that you vote FOR Proposal No. 1.

See “Proposal No. 1—Sale of the Acquired Assets—Vote Required and Board Recommendation” on page 50.

Appraisal Rights

Under Delaware law, our stockholders will not have appraisal rights in connection with the proposed transaction.

See “Proposal No. 1—Sale of the Acquired Assets—Appraisal Rights” on page 30.

Material Federal Income Tax Consequences

The sale to Mylan is a taxable event to us. We will recognize a taxable gain in an amount equal to the cash received under the Asset Purchase Agreement, less our adjusted tax basis in the Acquired Assets (as defined below). Based upon preliminary estimates, we believe that all, or a significant portion, of our taxable gain for federal income tax purposes from the sale of the Acquired Assets will be offset to the extent of our current year losses from operations, the write-off for tax purposes of the tax-basis of the Acquired Assets and the available net operating loss carryforwards. However, for state income tax purposes, based upon the available state net operating loss carryforwards and corresponding limitations and we estimate an income tax expense arising from the sale of the Acquired Assets of \$2.1 million. Our preliminary estimates could change depending upon the final income and expense components and related tax determination upon the sale of the Acquired Assets. The \$2.1 million income tax expense has been reflected as a reduction in the net proceeds from the sale of the Acquired Assets. We do not anticipate any direct tax consequence to you as a result of the sale of the Acquired Assets to Mylan. At a future date, if ProPhase were to declare and pay a dividend to its stockholders, repurchase any outstanding shares in order to provide additional liquidity to stockholders or otherwise distribute net proceeds from the transaction to its stockholders, the stockholders may recognize a gain or loss in connection with any such dividend, repurchase or distribution.

See “Proposal No. 1—Sale of the Acquired Assets—Federal Income Tax Consequences” on page 30.

Regulatory Approvals

There are no material United States or state regulatory approvals required for the completion of the sale of the Acquired Assets to Mylan other than the approval of the Asset Purchase Agreement by our stockholders under the corporate law of the State of Delaware.

See “Proposal No. 1—Sale of the Acquired Assets—Regulatory Approvals” on page 30.

Accounting Treatment

If the sale of the Acquired Assets to Mylan is completed, we will record the sale in accordance with generally accepted accounting principles in the United States. Upon the completion of the sale, we will recognize a financial reporting gain equal to the net proceeds (the sum of the Purchase Price less the expenses relating to the asset sale) less the net book value of the assets sold and the fair value of the indemnification liability retained.

See “Proposal No. 1—Sale of the Acquired Assets—Accounting Treatment of the Asset Sale” on page 30.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING OF STOCKHOLDERS

Where and when is the special meeting of stockholders?

- The special meeting will be held at [●]:00 a.m., local time, on [●], 2017, at the offices of Reed Smith LLP, 599 Lexington Avenue, New York, New York 10022.

Who is soliciting my proxy?

- Our board of directors is soliciting proxies from each of our stockholders. We will pay the expenses of preparing and distributing this proxy statement and soliciting proxies, including the reasonable expenses incurred by brokers, dealers, banks and trustees or their nominees for forwarding solicitation materials to beneficial owners. In addition, the Company may retain an outside firm to assist in the solicitation of proxies for a fee.

Who is entitled to vote on the proposals?

- Stockholders of record as of the close of business on [●], 2017, the record date, are entitled to notice of and to vote at the special meeting. Each share of common stock is entitled to one vote.

What am I being asked to vote on?

- The first proposal you are being asked to approve is the sale of the Acquired Assets, consisting of intellectual property rights and other assets related to our Cold-EEZE[®] Business, to Mylan pursuant to the terms of the Asset Purchase Agreement, and the other transactions contemplated thereby. See “Proposal No. 1—Sale of the Acquired Assets” for a more detailed description of the proposed transaction with Mylan.
- The second proposal you are being asked to approve is to grant discretionary authority to the persons named as proxies to adjourn the special meeting to solicit additional proxies in favor of Proposal No. 1. See “Proposal No. 2—Grant Of Discretionary Authority To Adjourn The Special Meeting To Solicit Additional Proxies” for a more detailed description of Proposal No. 2.

What will happen if the sale to Mylan is approved by our stockholders?

- If the sale of the Acquired Assets to Mylan is approved by our stockholders and the other conditions to closing of the sale are satisfied or waived, we will sell the Acquired Assets to Mylan under the terms of the Asset Purchase Agreement, as described in this proxy statement. Following the completion of the sale to Mylan, our remaining assets will consist primarily of the net proceeds from the transaction, our PMI Business, our Company Headquarters and our ORXx and TK Supplements[®] brands, product lines and operations.

Will any of the proceeds from the sale to Mylan be distributed to me as a stockholder?

- It is not yet determined whether any of the proceeds from the sale will be distributed to stockholders. The proposed transaction described in this proxy statement does not contemplate an immediate distribution, by way of dividend or otherwise, to our stockholders of the net proceeds from the transaction, but our board of directors may in the future decide to declare a dividend of some portion of the Purchase Price, repurchase any outstanding shares in order to provide additional liquidity to stockholders or take some other action that might result in the stockholders receiving some of the net proceeds from the transaction. There can be no assurances that any such plan will be adopted or implemented. Please note that our representations and warranties in the Asset Purchase Agreement survive for a period of two years after the closing (subject to certain limited exceptions), most or all of the net proceeds from the transaction may need to be retained in order to fund continuing operations, satisfy our existing obligations to creditors and to provide for the possibility that Mylan will assert one or more claims for indemnity under the provisions of the Asset Purchase Agreement.

Will our common stock still be publicly traded if the sale to Mylan is completed?

- Our common stock is currently traded on the NASDAQ Capital Market under the symbol "PRPH." Following the completion of the proposed transaction, we expect that the common stock will continue to be traded on the NASDAQ Capital Market. However, it is not possible to predict the trading price of our common stock following the closing of the sale to Mylan. Accordingly, you may find it more difficult to dispose of your shares of common stock, and you may not be able to sell some or all of your shares of common stock when you desire. See "Risk Factors" on page 31 for a further discussion of some of these risks.

What are the risks of the proposed sale to Mylan?

- If the sale to Mylan is completed, we will have sold our primary intellectual property and source of revenue. Our remaining assets will consist primarily of the net proceeds from the transaction and assets, our PMI Business, our Company Headquarters and our ORXx and TK Supplements[®] brands, product lines and operations.
- While management anticipates that the growth potential in the OTC dietary supplement line may be better, the risks associated with introducing new products that do not leverage the Cold-EEZE[®] brand name may be higher. Therefore, no assurance can be made that our new product efforts will be successful.
- The risk also exists that after the closing of the transaction, Mylan may assert claims for indemnification under the provisions of the Asset Purchase Agreement, and if successful, we would be required to pay to Mylan some or all of the net proceeds from the transaction, thus effectively reducing the Purchase Price.
- One or more of our creditors, parties with which we have agreements, stockholders, or other third parties could assert claims against us after the closing and seek damages or other remedies. We might be required to spend substantial time and resources defending any such claims, and any amounts paid to any such third parties would reduce amounts available for potential distribution to stockholders.

- The stockholders will not have any dissenter’s rights of appraisal under Delaware law.
- The risks and costs to the Company if the sale of the Cold-EEZE[®] Business does not close, including the diversion of management and employee attention and disruption in our customer and distributor relationships.

These and other risks relating to the sale to Mylan that you should consider are more fully described under the heading “Risk Factors” starting on page 31.

What will happen if the sale to Mylan is not approved by our stockholders or is otherwise not completed?

- If the stockholders of the Company do not approve the sale of the Acquired Assets to Mylan, then the sale to Mylan will not be consummated.
- The Company may be required to raise additional capital or take on additional debt in order to fund current operations and pay any outstanding liabilities as they come due (e.g., the Secured Promissory Notes).
- The Company would be obligated to pay to Mylan a termination fee of \$1,500,000 if the Asset Purchase Agreement were terminated for certain reasons, including a termination in connection with our board of directors approving a Seller Superior Offer.

When is the sale to Mylan expected to be completed?

- We expect to complete the sale to Mylan as soon as practicable after all of the conditions to closing the transaction have been satisfied or waived. We currently plan to complete the transaction as soon as possible following the special meeting of our stockholders, assuming our stockholders approve the sale to Mylan and the other conditions to the Asset Purchase Agreement are satisfied or waived. However, because the sale is subject to some conditions which are beyond our control, the exact timing of the completion of the transaction cannot be predicted. For a more complete description of the conditions to completion of the sale, see the section of this proxy statement entitled “Proposal No. 1—Sale of the Acquired Assets—The Asset Purchase Agreement—Conditions to Closing” on page 45.

What vote is required to approve Proposal No. 1, the sale of the assets of the Acquired Assets to Mylan as contemplated by the Asset Purchase Agreement?

- The affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote on this matter is required to approve Proposal No. 1, the sale of the Acquired Assets to Mylan as contemplated by the Asset Purchase Agreement. Our board of directors recommends that you vote “FOR” Proposal No. 1.

What vote is required to approve Proposal No. 2, the granting of discretionary authority to the persons named as proxies to adjourn the special meeting to solicit additional proxies in favor of Proposal No. 1?

- Assuming that a quorum is present for the meeting, the affirmative vote of the holders of a majority of the shares of our common stock present in person or represented by proxy and entitled to vote at the special meeting is required to approve Proposal No. 2, granting discretionary authority to the persons named as proxies to adjourn the special meeting to solicit additional proxies for Proposal No. 1. Our board of directors recommends that you vote “FOR” Proposal No. 2.

What do I need to do now?

- After carefully reading and considering the information contained in this proxy statement, we urge you to complete, sign and date the enclosed proxy card and return it to us in the postage prepaid envelope as soon as possible so that your shares may be represented and voted at the special meeting. A majority of the outstanding shares of our common stock entitled to vote must be represented at the special meeting to enable us to conduct business at the special meeting. For a further discussion on the voting process, please see “General Information—Voting Procedures.”

Can I change my vote after I have mailed my signed proxy?

- Yes. You can change your vote at any time before proxies are voted at the special meeting. You can change your vote in any one of three ways. First, you can send a written notice to our corporate Secretary at our principal executive offices, stating that you would like to revoke your proxy. Second, you can complete and submit a new proxy. If you choose either of these two methods, we must receive the notice of revocation or the new proxy at our principal executive offices prior to the vote at the special meeting of stockholders. Third, you can attend the meeting and vote in person.

If my shares are held in “street name” by my broker, will my broker vote my shares for me?

- If you do not give your broker or nominee specific instructions, your shares will not be voted on the proposals, and will not be counted in determining the number of shares voted in favor of the proposals. Your failure to give your broker or nominee specific instructions will have the same effect as a vote against Proposal No. 1, but will have no effect on Proposal No. 2, granting discretionary authority to the persons named as proxies to adjourn the special meeting to solicit additional proxies in favor of Proposal No. 1. You should follow the directions provided by your broker regarding how to instruct your broker to vote your shares.

What happens if I do not indicate how to vote my proxy?

- If you sign and send in your proxy, but do not include instructions on how to vote your properly signed proxy card, your shares will be voted **FOR** Proposal No. 1 and 2.

Who can help answer my questions about the proposals?

GENERAL INFORMATION

Voting Procedures

This proxy statement is being furnished in connection with the solicitation by the board of directors of ProPhase of proxies to be voted at the special meeting of stockholders of ProPhase to be held at the offices of Reed Smith LLP, 599 Lexington Avenue, New York, New York 10022, on [●], 2017, at [●]:00 a.m., local time, and at any postponements or adjournments thereof. Only stockholders of record on [●], 2017 (the "Record Date") will be entitled to vote at the special meeting. On the Record Date there were [●] outstanding shares of common stock. Each share of common stock outstanding on the Record Date is entitled to one vote on each matter to come before the special meeting.

At the special meeting, stockholders will be asked to vote to (i) approve the sale of the Acquired Assets, which constitutes the intellectual property and other assets relating to its Cold-EEZE[®] brand and product line, for cash pursuant to, and the other transactions contemplated by, the terms of the Asset Purchase Agreement (Proposal No. 1); (ii) grant discretionary authority to the persons named as proxies to adjourn the special meeting to solicit additional proxies in favor of Proposal No. 1 (Proposal No. 2); and (iii) transact such other business as may properly come before the special meeting, as set forth in the notice of special meeting.

A quorum, consisting of a majority of our outstanding shares of common stock entitled to vote at the special meeting, will be required to be present in person or by proxy for the transaction of business at the special meeting.

The affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote on this matter is required to approve Proposal No. 1, the Sale of the Acquired Assets to Mylan pursuant to the Asset Purchase Agreement, as described in this proxy statement. The affirmative vote of the holders of a majority of shares of our common stock present in person or represented by proxy and entitled to vote at the special meeting is required to approve Proposal No. 2, to grant discretionary authority to the persons named as proxies to adjourn the special meeting to solicit additional proxies in favor of Proposal No. 1.

Absent specific instructions from the beneficial owner of the shares, brokers are not allowed to exercise their voting discretion on non-routine matters, such as the sale of the Acquired Assets to Mylan pursuant to the Asset Purchase Agreement or the decision to grant discretionary authority to the persons named as proxies to vote in favor of any adjournments of the special meeting for the purpose of soliciting additional proxies, resulting in "broker non-votes." Please note that:

- Abstentions will be counted for the purpose of establishing a quorum at the special meeting, broker non-votes will not be counted for this purpose.
- Abstentions and "broker non-votes" will have the same effect as a vote against Proposal No. 1, the Sale of the Acquired Assets to Mylan pursuant to the Asset Purchase Agreement.
- Abstentions will have the same effect as a vote against Proposal No. 2, to grant discretionary authority to the persons named as proxies to vote in favor of any adjournments of the special meeting for the purpose of soliciting additional proxies, but "broker non-votes" will have no effect on Proposal No. 2.

All votes will be tabulated by the inspector of election appointed for the special meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Voting of Proxies

General

Shares represented by a proxy will be voted at the special meeting as specified in the proxy.

Proxies without voting instructions

Proxies that are properly signed and dated but which do not contain voting instructions will be voted “FOR” each of the proposals.

Voting shares held through broker by proxy

If your shares of common stock are held by your broker, your broker will vote your shares for you if you provide instructions to your broker on how to vote your shares. You should follow the directions provided by your broker regarding how to instruct your broker to vote your shares. Your broker generally cannot vote your shares without specific instructions from you.

Voting of shares held through broker in person

If your shares of common stock are held by your broker and you wish to vote those shares in person at the special meeting, you must obtain from the nominee holding your shares a properly executed legal proxy, identifying you as a stockholder of our company, authorizing you to act on behalf of the nominee at the special meeting and specifying the number of shares with respect to which the authorization is granted.

Other matters

If you sign and return the enclosed proxy card, you grant to the persons named in the proxy the authority to vote in their discretion on any other matters that may properly come before the special meeting or any adjournments or postponements of the special meeting. Our management does not presently know of any other matters to be brought before the special meeting.

Revocation of Proxies

Signing the enclosed proxy card will not prevent a record holder from voting in person at the special meeting or otherwise revoking the proxy. A record holder may revoke a proxy at any time before the special meeting in the following ways:

- filing with our corporate Secretary, before the vote at the special meeting, a written notice of revocation bearing a later date than the proxy;
- by executing a subsequently dated proxy relating to the same shares and delivering it to us before the vote at the special meeting; or
- attending the special meeting and voting in person, although attendance at the special meeting will not by itself constitute a revocation of the proxy.

Record holders should send any written notice of revocation or subsequent proxy to our corporate Secretary, c/o ProPhase Labs, Inc., 621 N. Shady Retreat Road, Doylestown, Pennsylvania 18901, or hand deliver the notice of revocation or subsequent proxy to our corporate Secretary before the vote at the special meeting. No revocation will be effective unless and until notice of such revocation has been received by us at or prior to the special meeting.

Persons Making the Solicitation

The enclosed proxy is solicited on behalf of our board of directors. Our employees may participate in the solicitation but will not receive any separate or additional compensation in connection therewith. The cost of soliciting proxies in the accompanying form will be borne by us. Proxies may also be solicited personally or by telephone by our directors and officers, without additional compensation therefor. Upon request, we will reimburse brokers, dealers, banks and trustees or their nominees, for reasonable expenses incurred by them in forwarding proxy material to beneficial owners of shares of common stock.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements made in this proxy statement are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by terminology such as “may,” “will,” “should,” “expects,” “intends,” “anticipates,” “believes,” “estimates,” “predicts,” or “continue” or the negative of these terms or other comparable terminology and include, without limitation, statements regarding: completion of the sale of the Acquired Assets to Mylan; potential indemnification payments relating to the sale to Mylan; the proceeds remaining from the Purchase Price after the payment of taxes; the transaction costs incurred in the sale to Mylan and the payment of unforeseen liabilities; management’s projections; our plans following the closing, including our ability to operate our remaining business; or our ability to distribute funds to stockholders following the closing, should the board decide to do so. These statements are based upon our current expectations, forecasts, and assumptions that are subject to risks, uncertainties and other factors that could cause actual outcomes and results to differ materially from those indicated by these forward-looking statements. These risks, uncertainties, and other factors include, but are not limited to: the ability to satisfy the conditions to closing, including, among others, our ability to obtain stockholder approval; the risk that unforeseen liabilities or contingencies will reduce the amount of net proceeds to us from the transaction; the risk that we will not have sufficient funds to operate our remaining business following the closing; the risk that we may have liabilities and expenses after the closing that are currently unforeseen; the risk that our operations will be disrupted in the event the proposed transaction does not close; the risk of unanticipated reactions of our creditors, stockholders or third parties with whom we have contracts to the proposed asset sale transaction; the risk that one or more third parties may seek to initiate bankruptcy proceedings against us or may initiate litigation challenging the proposed transaction; a change in economic conditions; our ability to retain needed qualified personnel; our ability to comply with the covenants contained in the Asset Purchase Agreement and other Transaction Documents; uncertainty regarding future actions by the FDA and other regulatory authorities concerning our products; and the other risks and uncertainties discussed under the heading “Risk Factors” in this proxy statement, our Annual Report on Form 10-K for the year ended December 31, 2015, and other reports we file from time to time with the SEC. We undertake no obligation to update any of the information included in this proxy statement, except as otherwise required by law.

Background of the Sale of the Acquired Assets

The terms and conditions of the Asset Purchase Agreement and the asset sale are the result of arm's length negotiations between the representatives of Mylan and the Company's management. Set forth below is a summary of the background of events that led to the decisions of the board of directors to enter into negotiations with Mylan and the asset sale transaction.

The board of directors and management have continually engaged in a review of the Company's business plans and other strategic opportunities, including the evaluation of the market in which ProPhase competes, the possibility of pursuing strategic alternatives, such as acquisitions, and the possible sale of the Company, each with the view towards maximizing stockholder value. In the spring of 2016, the Company initiated a process to explore and evaluate a wide range of strategic initiatives and alternatives to further enhance stockholder value. These alternatives included the possible sale of the Cold-EEZE[®] Business and a range of potential acquisitions. In June of 2016, the Company engaged Bourne Partners, a boutique investment bank focused on the consumer health and pharmaceutical industries, to assist in the strategic review. This process was approved by the board of directors.

In August of 2016, management and Bourne Partners initiated the sales process by distributing a one-page summary detailing the opportunity to acquire the Company and/or the Cold-EEZE[®] Business to approximately 70 potential acquirers. Following the distribution of the one-page summaries, approximately 35 potential acquirers entered into non-disclosure agreements to facilitate due diligence on ProPhase and the Cold-EEZE[®] Business.

In August and September of 2016, approximately ten potential acquirers provided non-binding bids out of the approximately 35 potential acquirers who entered into non-disclosure agreements. Throughout late September and early October, the board of directors and management reviewed each bid thoroughly and determined that four were worth pursuing in view of the proposed consideration to be paid to the Company and such bidder's ability to consummate the transaction. All such bids were for the sale of the Cold-EEZE[®] Business. None of the bids contemplated the sale of PMI or were for the Company as a whole. All such bids required some level of post-closing transition and product management services, including entering into a manufacturing and supply agreement.

During the last two weeks of October 2016, management provided full presentations to each of the four bidders, and each was provided with access to a data-site to undertake the due diligence process on the Cold-EEZE[®] Business. In addition, management advised its legal counsel to begin preparing drafts of the requisite transaction documents. On October 21, 2016, the Company uploaded an initial draft of an asset purchase agreement to the data-site for each bidder's review and comment.

On October 27, 2016, the board of directors held a telephonic meeting and received an update from management on the ongoing sales process. Management summarized the interactions with the bidders thus far and the terms of each of the four competing offers, including price, conditionality, timing, availability of financing and assets to be sold. The board of directors authorized management to continue the sales process.

On November 14, 2016, Mylan provided comments to the Company on the draft asset purchase agreement. As management continued to negotiate terms throughout November, Mylan showed the most interest and was the most engaged of the four final bidders in the sales process.

On December 14, 2016, the board of directors held a telephonic meeting and received an update from management informing the board of directors that two of the four final bidders would not proceed on terms the Company would find acceptable based on price, conditionality, timing and availability of financing. Regarding the other two bidders, the board of directors was advised of the general terms of each bid. The board of directors directed management to continue the sales process with the remaining bidders, one of which was Mylan. Accordingly, the Company continued to negotiate with the bidders and revise the draft transaction documents.

During this process, management of the Company concluded that the Mylan bid, which was the highest bid in absolute dollar terms, was more favorable to the Company and that a transaction with Mylan was more likely to be consummated. In addition, Mylan's strong capitalization and its size and breadth of knowledge in the over-the-counter pharmaceutical space (including making acquisitions in such space) satisfied many of management's concerns regarding payment of the purchase price, likelihood of deal consummation and requirements for post-closing manufacturing, distribution and managerial support. Management's view is that the other bidders lacked Mylan's experience in the market and would require the Company to commit to a higher level of post-closing services. Furthermore, because of Mylan's experience and ownership of complimentary over-the-counter brands distributed in similar or identical channels as the purchased assets, management of the Company concluded that Mylan was more likely to be able to grow the Cold-EEZE[®] Business, which increased the potential that the Company would experience higher manufacturing revenue and profitability pursuant to the proposed manufacturing and supply agreement.

During the course of negotiations with Mylan, the Company inquired whether Mylan would have any interest in the purchase of PMI (including the manufacturing facility owned and operated by PMI), and whether Mylan would consider a transaction structured as an acquisition of all of the issued and outstanding shares of the Company. Mylan indicated that it would not be interested in such a transaction, in part because such a transaction would require Mylan to acquire the Company's plant, property, equipment, employees and lines of business, and assume liabilities, unrelated to the Cold-EEZE[®] brand and because in an acquisition of all of the Company's issued and outstanding shares Mylan would not have had the benefit of being able to rely, post-Closing, on the Company's representations and warranties.

On December 19, 2016, the board of directors held a telephonic meeting and received an update on the status of the sales process from management. The board of directors advised management to continue to actively pursue the Mylan proposal regarding the sale of the Cold-EEZE[®] Business. Management, Bourne Partners and the Company's legal counsel continued to negotiate with Mylan and revise the draft transaction documents accordingly.

On January 5, 2017, the board of directors held a telephonic meeting and engaged in a discussion regarding the proposed sale of the Cold-EEZE[®] Business. Approximately two days prior to the meeting, the board of directors received copies of the Asset Purchase Agreement and other transaction documents. At the meeting, Management and the Company's legal counsel also summarized in detail the terms and conditions of the Asset Purchase Agreement and other transaction documents. In addition to discussing the documents in depth (including any changes incorporated in the Asset Purchase Agreement and other transaction documents between the time of the distribution of the documents to the board of directors and the telephonic meeting), management informed the board of directors that a new bidder had surfaced. After a thorough discussion, the board of directors determined that the new bidder's proposal was less favorable than the proposal submitted by Mylan due, in part, to the conditionality and other terms of that offer. Among other terms, the new bid required as conditions to closing that the bidder receive permission from a foreign government to transfer funds to the United States, the sale of PMI and termination of the employees at the PMI facility. In addition, the new bidder did not provide satisfactory evidence of sufficient funds to consummate the transaction and proposed entering into a term sheet containing an exclusivity provision granting the new bidder the sole right to conduct diligence and negotiate with the Company, which would have required the termination of the Company's discussions with Mylan. The board of directors considered that this new bidder was less likely to be able to consummate a proposed transaction, and that the negotiation and documentation process with this new bidder would likely take significantly longer than the process already underway with Mylan and would not necessarily result in more favorable terms for the Company.

Further, the board of directors concluded that the proposed transaction with Mylan was the more favorable alternative for maximizing the return to the Company's stockholders and enabling the Company to focus on its PMI manufacturing business and facility and pursue its TK Supplements[®] product line, among other opportunities. The board of directors noted that to delay negotiations for the new bidder's proposal would increase the risk of losing Mylan's proposal. The board of directors unanimously voted to approve the sale of the Cold-EEZE[®] Business to Mylan on the terms presented to the board. In addition, the board of directors authorized management to continue to negotiate, finalize and thereafter enter into the Asset Purchase Agreement and Transaction Documents relating to the asset sale. The board of directors also authorized soliciting the vote of the stockholders with respect to the proposed asset sale.

The board of directors did not seek or obtain a fairness opinion from an investment bank or other firm that the consideration to be paid for the Acquired Assets is fair from a financial point of view to ProPhase's stockholders. The board of directors considered both the extensive sales process and arm's length negotiations engaged in by the Company as providing an effective market check. The board of directors considered the costs and time involved in seeking and obtaining a fairness opinion, particularly in light of the Company's cash position and prospects, and concluded that the costs of obtaining a fairness opinion from a third party would be disproportionately higher than any corresponding benefits that would be realized by obtaining such an opinion and that the proposed transaction with Mylan was the best alternative for maximizing the return to the Company's stockholders.

Reasons for the Sale of the Acquired Assets to Mylan

The following discussion of the reasons for the asset sale of ProPhase contains a number of forward-looking statements that reflect the current views of ProPhase with respect to future events that may have an effect on its financial performance. There can be no assurance that the benefits of the transaction anticipated by the board will actually be achieved. See "Risk Factors." Forward-looking statements are subject to risks and uncertainties. Actual results and outcomes may differ materially from the results and outcomes discussed in the forward-looking statements. Cautionary statements that identify important factors could cause or contribute to differences in results and outcomes include those discussed in "Forward Looking Statements" and "Risk Factors."

The ProPhase board of directors has unanimously determined that the terms of the Asset Purchase Agreement are fair to and in the best interests of ProPhase and its stockholders, and has unanimously approved the Asset Purchase Agreement. In reaching its determination to approve the sale of the Acquired Assets to Mylan pursuant to the Asset Purchase Agreement and related agreements, the board of directors consulted with our management and considered the advice of legal counsel, and considered a number of factors. In reaching its determination to sell the Acquired Assets, our board of directors identified and considered a number of factors, including those described below:

- We have limited capital resources thus limiting our ability to further innovate and expand our Cold-EEZE[®] product offerings to compete in the competitive cough and cold category where many other OTC product suppliers are larger and have significantly greater financial, technical or marketing resources than we do.

- While our sales are currently derived principally from our Cold-EEZE[®] product offerings, this business is highly seasonal and has historically resulted in significant variations in operating results from quarter to quarter. The category of cough and cold product sales, including our Cold-EEZE[®] sales, is highly correlated to the incidence of upper respiratory illness.
- The Company desires to focus on and grow its PMI manufacturing business, ORXx and TK Supplements[®] brands, product lines and operations, and to pursue other opportunities.
- The ability of the Company to realize its net operating loss carryforwards prior to their expiration.
- The ability of the Company to pay-off and retire its Secured Promissory Notes in advance of their maturity date of June 15, 2017.
- The ability to return value to the stockholders. The Company seeks to deliver higher value to stockholders with greater market presence, but the ability to acquire brands has been limited due to the Company's stock price and business fundamentals.

The foregoing discussion of these factors is not meant to be exhaustive, but includes all of the material factors considered by the ProPhase board of directors. The ProPhase board of directors viewed its recommendation to approve the asset sale transaction as being based upon its business judgment in light of ProPhase's financial position and the totality of the information presented and considered, and the overall effect of the asset sale on the stockholders of ProPhase compared to continuing to own the Acquired Assets to be sold to Mylan or pursuing other discussions with other parties concerning a possible transaction.

Potential Drawbacks of the Sale to Mylan

In deciding how to vote on the proposal to sell the Acquired Assets to Mylan, you should consider the following potential drawbacks and other risks:

- If the sale to Mylan is completed, we will have sold our primary intellectual property and primary source of revenue. Our remaining assets will consist primarily of the net proceeds from the transaction, our PMI Business, our Company Headquarters, and assets relating to our ORXx and TK Supplements[®] brands, product lines and operations.
- The prospects for our remaining operations, which will be limited to our PMI manufacturing business and facility and our ORXx and TK Supplements[®] product lines, are uncertain. Our ability to grow our PMI manufacturing business and operate it profitably is uncertain, and while management anticipates that the growth potential in the OTC dietary supplement line may be better than the OTC health care and cold remedy line, the risks associated with introducing new products that do not leverage the Cold-EEZE[®] brand name may be higher. Therefore, no assurance can be made that our new product efforts will be successful.

- As with any new product launch, we anticipate losses from the TK Supplements[®] product line as we optimize our strategy.
- After the closing of the transaction, Mylan may assert claims for indemnification under the provisions of the Asset Purchase Agreement, and if successful, we would be required to pay to Mylan some or all of the net proceeds from the transaction, thus effectively reducing the Purchase Price.
- One or more of our creditors, parties with which we have agreements, stockholders, or other third parties could assert claims against us, either before or after the closing, and seek damages or other remedies. We might be required to spend substantial time and resources defending any such claims, and any amounts paid to any such third parties would reduce the net amount received from the transaction.
- The stockholders will not have any dissenter's rights of appraisal under Delaware law.
- The risks and costs to the Company if the sale of the Cold-EEZE[®] Business does not close, including the diversion of management and employee attention and disruption in our customer and distributor relationships.

Our board of directors also considered the numerous risks associated with either engaging in the proposed sale to Mylan or failing to engage in the proposed sale, as further described below under the heading "Risk Factors—Special Considerations Regarding the Proposal to Sell the Acquired Assets to Mylan." These risks, which should be considered by you in determining how to vote for this proposal, include the following:

- the risk that the transaction with Mylan may not be completed due to the failure to satisfy or waive conditions to closing;
- the fact that our stockholders will not receive any of the proceeds from the sale of the Acquired Assets unless we subsequently distribute those funds to our stockholders by means of a special dividend, repurchase of any outstanding shares in order to provide additional liquidity to stockholders or take alternative action;
- the fact that under the Asset Purchase Agreement, we remain exposed to certain contingent liabilities relating to the Acquired Assets, which could adversely affect our ability to pursue our remaining business operations following the closing;
- the fact that unforeseen liabilities and expenses may be incurred that may limit the amount of after tax net proceeds from the sale to Mylan that are available to fund our remaining business activities;
- the fact that under certain circumstances, we may be required to pay a termination fee to Mylan if the transaction is not completed and we engage in another Seller Acquisition Transaction (defined below);
- the fact that if our stockholders do not approve the sale of the Acquired Assets, there may not be any other offers from potential acquirers;
- the fact that the failure to complete the sale to Mylan may result in a decrease in the market value of our common stock and may increase doubt about our continued viability; and
- the fact that following the closing of the sale to Mylan, our stockholders' ability to sell their stock may be limited.

The foregoing discussion of the information and factors considered by our board of directors is not intended to be exhaustive, but does include the material factors considered. In view of the complexity and wide variety of information and factors, both positive and negative, considered by the board of directors, it is not practical to quantify, rank, or otherwise assign relative or specific weights to the factors considered. In addition, the board of directors did not reach any specific conclusion with respect to each of the factors considered, or any aspect of any particular factor. Instead, the board of directors conducted an overall analysis of the factors described above, including discussions with management and legal advisors. In considering the factors described above, individual members of the board of directors may have given different weight to different factors. After taking into consideration all of the factors set forth above, our board of directors, following consultation with its legal advisors, concluded that the sale to Mylan is fair to, and in the best interests of, the Company and our stockholders, and that we should proceed with the sale.

Recommendation of the Board of Directors

The board of directors has determined that the sale of the Acquired Assets to Mylan is fair to, and in the best interests of, the Company and our stockholders. The board of directors unanimously approved the Asset Purchase Agreement and the proposed sale contemplated thereby, and unanimously recommends that the stockholders vote in favor of the proposal to sell the assets of the Acquired Assets to Mylan, pursuant to the Asset Purchase Agreement, including the transactions contemplated thereby.

Regulatory Approvals

There are no material United States or state regulatory approvals required for the completion of the sale to Mylan other than the approval of the Asset Purchase Agreement by our stockholders under the corporate law of the State of Delaware.

Appraisal Rights

Under Delaware law, our stockholders do not have appraisal rights in connection with the proposed asset sale transaction.

Federal Income Tax Consequences

The following is a summary of the principal material United States federal income tax consequences relating to the proposed sale of the Acquired Assets to Mylan. The summary does not consider the effect of any applicable foreign, state, local or other tax laws nor does it address tax consequences applicable to stockholders that may be subject to special federal income tax rules. The following summary is based on the current provisions of the Internal Revenue Code, existing, temporary, and proposed Treasury regulations thereunder, and current administrative rulings and court decisions. Future legislative, judicial or administrative actions or decisions, which may be retroactive in effect, may affect the accuracy of any statements in this summary with respect to the transactions entered into or contemplated prior to the effective date of those changes.

The sale to Mylan is a taxable event to us. We will recognize taxable gain in an amount equal to the cash received under the Asset Purchase Agreement, less our adjusted tax basis in the Acquired Assets. Based upon preliminary estimates, we believe that all, or a significant portion, of our taxable gain for federal income tax purposes from the sale of the Acquired Assets will be offset to the extent of our current year losses from operations, the write-off for tax purposes of the tax-basis of the Acquired Assets and the available net operating loss carryforwards. However, for state income tax purposes, based upon the available state net operating loss carryforwards and corresponding limitations and we estimate an income tax expense arising from the sale of the Acquired Assets of \$2.1 million. Our preliminary estimates could change depending upon the final income and expense components and related tax determination upon the sale of the Acquired Assets. The \$2.1 million income tax expense has been reflected as a reduction in the net proceeds from the sale of the Acquired Assets. We do not anticipate any direct tax consequence to you as a result of the sale to Mylan. At a future date, if ProPhase were to declare and pay dividend to its stockholders, repurchase any outstanding shares in order to provide additional liquidity to stockholders or otherwise distribute proceeds from the transaction to its stockholders, the stockholders may recognize gain or loss in connection with any such dividend, repurchase or distribution.

The taxable gain will differ from the gain to be reported in our financial statements due to temporary tax differences and certain other differences between the tax laws and generally accepted accounting principles.

We do not anticipate any direct tax consequence to you as a result of the sale to Mylan. Each holder of our common stock is urged to consult his or her own tax advisor as to the federal income tax consequences of the sale, and also as to any state, local, foreign or other tax consequences based on his or her own particular facts and circumstances.

Accounting Treatment of the Asset Sale

If the Asset Purchase Agreement and the sale of the Acquired Assets to Mylan are approved by our stockholders as described in this proxy statement, we will record the sale in accordance with generally accepted accounting principles in the United States. Upon the completion of the sale to Mylan, we will recognize a financial reporting gain equal to the net proceeds (the sum of the purchase price less the expenses relating to the sale) less the net book value of the assets sold and the fair value of the indemnification liability retained.

RISK FACTORS

You should carefully consider the special considerations described below as well as other information provided to you in this proxy statement in deciding how to vote on the proposal to sell the Acquired Assets.

Special Considerations Regarding the Proposal to Sell the Acquired Assets to Mylan

By completing the sale to Mylan, our remaining business and assets will be limited.

By selling the Acquired Assets, we will be selling substantially all of our intellectual property assets. Our remaining assets will consist primarily of the net proceeds from the transaction, our PMI Business, our Company Headquarters and our ORXx and TK Supplements[®] brands, product lines and operations. We may invest in other intellectual property in the future or seek to merge, be acquired by or combine with another company that has products or technologies, but we have no current specific plans to do so at this time. This increases our business risk because we will be less diversified than before the sale of the Acquired Assets to Mylan and because our remaining business is very limited.

You will have no continuing rights or interest in the Cold-EEZE[®] Business being sold to Mylan.

If Mylan is successful in operating the Cold-EEZE[®] Business or ultimately sells it to a third party at a profit, current stockholders will not be entitled to receive profits or returns.

The amount of net proceeds that we will receive is subject to uncertainties.

Pursuant to the Asset Purchase Agreement, the amount that we receive from Mylan is subject to reduction after the closing if Mylan successfully asserts claims to indemnification pursuant to the indemnification provisions of the Asset Purchase Agreement. Further, we may have unforeseen liabilities and expenses that must be satisfied from the after tax net proceeds of the sale to Mylan, leaving less to fund our remaining operations. If we do not have sufficient cash to fund our remaining operations, we may need to seek to raise equity or debt financing or sell additional assets, which may not be possible under satisfactory terms, if at all.

The Asset Purchase Agreement will expose us to contingent liabilities up to an amount equal to the Purchase Price for the Acquired Assets, which could adversely affect our ability to pursue our remaining business operations or our ability to pursue other alternatives following the closing.

In the Asset Purchase Agreement we have made customary representations and warranties to Mylan, which are described below under the heading “Asset Purchase Agreement; Representations and Warranties.” Pursuant to the Asset Purchase Agreement, we agreed to indemnify Mylan for any losses from breaches of most of our representations, warranties or covenants that occur, in most cases, within 24 months after the closing date of the sale to Mylan. A breach by us of the Fundamental Representations would expose us to indemnification payments up to the Purchase Price. The payment of any such indemnification obligations could adversely impact our cash resources following the completion of the sale to Mylan and our ability to pursue other alternatives after the closing, including transactions with third parties, distribution of funds to stockholders or dissolution or liquidation of our company.

You are not guaranteed to receive any of the proceeds from the sale of the Acquired Assets.

The Purchase Price for the Acquired Assets (less the Escrow Amount) will be paid directly to ProPhase. We have not, at this time, approved or adopted any plans to distribute any of the net proceeds to our stockholders by way of dividend, issuer tender offer, dissolution or otherwise. For that reason, as well as the possibility of indemnification claims or other unforeseen obligations after the closing that reduce the amount of net proceeds to us from the transaction, there is no assurance that you will receive any specific amount of net proceeds from the sale of the Acquired Assets. At a future date, the board of directors may declare and pay a dividend to its stockholders, repurchase any outstanding shares in order to provide additional liquidity to stockholders or otherwise distribute net proceeds from the transaction to the stockholders.

We may be required to pay a termination fee to Mylan if the transaction is not completed and we engage in another transaction.

The Asset Purchase Agreement requires us to pay Mylan a termination fee if the Asset Purchase Agreement is terminated prior to completion under certain cases. If Mylan terminates the Asset Purchase Agreement as a result of a triggering event (as described herein under "Termination of the Asset Purchase Agreement"), which includes approval by ProPhase of a Seller Superior Offer with a third party that our board of directors concludes is superior to the proposed transaction with Mylan, then we must pay Mylan a termination fee equal to \$1,500,000. If we are required to pay Mylan a termination fee we might not have sufficient funds to pay the termination fee, and, our business could be seriously harmed.

The Company may not receive any competing transaction proposals or Seller Superior Offers, including as a result of the termination fee payable to Mylan.

The Asset Purchase Agreement requires us to pay Mylan a termination fee equal to \$1,500,000 if the Asset Purchase Agreement is terminated prior to completion, including in the event of an approval by ProPhase of a Seller Superior Offer with a third party that our board of directors concludes is superior to the proposed transaction with Mylan. The amount of this termination fee may have the effect of causing other potential third-party buyers to not submit a proposal to buy either the Company and its subsidiaries or their assets at a higher price or to enter into a more favorable alternative transaction.

If the sale to Mylan is not completed, we may explore other potential transactions but there may not be any other offers from potential acquirers.

If the sale to Mylan is not completed, we may explore other strategic alternatives, including a sale of our assets to, or a business combination with, another party. There can be no assurance that any potential transaction will provide consideration equal to or greater than the price proposed to be paid by Mylan in the transaction, or that we will be able to complete any alternative transaction.

If the sale to Mylan is not completed, we may need to raise additional capital.

If the sale to Mylan is not completed, we may be required to raise additional capital or take on additional debt to fund current operations. In addition, the Company is obligated to pay off the Secured Promissory Notes in 2017 and may need to find additional capital to do so.

Our common stock may be less liquid after the transaction, and you may find it more difficult to dispose of your shares.

Our common stock is currently traded on the NASDAQ Capital Market under the symbol “PRPH.” Following the completion of the proposed transaction, we expect that the common stock will continue to be traded on the NASDAQ Capital Market. However, it is not possible to predict the trading price of our common stock following the closing of the sale to Mylan. It is likely that there will only be limited trading volume in our common stock following the closing of the sale to Mylan. Accordingly, you may find it more difficult to dispose of your shares of common stock and you may not be able to sell some or all of your shares of common stock when and at such times as you desire.

The failure to complete the sale of the Acquired Assets will likely result in a decrease in the market value of our common stock and will create substantial doubt as to our ability to continue as an ongoing business.

The sale of the Acquired Assets is subject to a number of contingencies, including approval by our stockholders and other customary closing conditions. We cannot predict whether we will succeed in obtaining the approval of our stockholders. As a result, we cannot assure you that the sale of the Acquired Assets will be completed. If our stockholders fail to approve the proposal to sell the Acquired Assets to Mylan at the special meeting or if the sale of the Acquired Assets is not completed for any other reason, the market price of our common stock would likely decline, and there would be substantial doubt as to our ability to continue as a going concern.

While the sale of the Acquired Assets is pending, it creates uncertainty about our future which could have a material adverse effect on our business, financial condition and results of operations.

While the sale of the Acquired Assets is pending, it creates uncertainty about our future. As a result of this uncertainty, our current or potential business partners may decide to delay, defer or cancel entering into new business arrangements with us pending completion or termination of the sale of the Acquired Assets. In addition, while the sale of the Acquired Assets is pending, we are subject to a number of risks, including:

- the diversion of management and employee attention from our day-to-day business;
- the potential disruption to business partners and other service providers;
- the loss of employees who may depart due to their concern about losing their jobs following the sale of the Acquired Assets; and
- we may be unable to respond effectively to competitive pressures, industry developments and future opportunities.

The occurrence of any of these events individually or in combination could have a material adverse effect on our business, financial condition and results of operations. Additionally, we have incurred substantial transaction costs and diversion of management resources in connection with the sale of the Acquired Assets, and we will continue to do so until the closing.

ASSET PURCHASE AGREEMENT

We believe this summary describes the material terms of the Asset Purchase Agreement. However, we recommend that you read carefully the complete agreement for the precise terms of the Asset Purchase Agreement and other information that may be important to you. Purchase Price

Mylan has agreed to purchase the Acquired Assets for a purchase price of \$50,000,000 in cash, plus the assumption of the Assumed Liabilities.

We have indemnification obligations to Mylan under the Asset Purchase Agreement, and any amounts that we may become required to pay to Mylan pursuant to the indemnification provisions of the Asset Purchase Agreement will reduce the net proceeds to us resulting from the transaction.

Pursuant to the terms of the Asset Purchase Agreement, at closing, Mylan will deposit the Escrow Amount into an escrow account established with Escrow Agent in order to satisfy, in whole or in part, certain indemnity obligations of the Company under the Asset Purchase Agreement.

Proceeds from the Sale of Assets

We estimate that we will incur an estimated \$2.1 million tax liability as a result of the sale of the Acquired Assets to Mylan. We estimate approximately \$2.2 million of transaction related costs will be payable in connection with the transaction, including accounting and legal fees and expenses, and we will repay the Secured Promissory Notes.

We expect to have approximately \$41.3 million remaining to fund our working capital requirements.

Nature of Our Business Following the Sale to Mylan

Following the closing of the proposed asset sale to Mylan, our remaining business will consist primarily of our PMI Business and manufacturing facility and our ORXx and TK Supplements[®] brands, product lines and operations.

Our PMI facility is a FDA registered facility that engages in contract manufacturing and distribution activities. Following the transaction, PMI will continue to manufacture a large and diverse amount of OTC products and supplements for the Company and third parties. PMI plans to expand its contract manufacturing business going forward. As part of the transaction, PMI will enter into a manufacturing and supply agreement with Mylan for a term of five years, pursuant to which Mylan will purchase the current inventory of the Cold-EEZE[®] Business and PMI will manufacture certain of the Products for Mylan. The term of this agreement may be renewed for up to five successive one year periods by Mylan.

The TK Supplements[®] product line is comprised of three men's health products: (i) Legendz XL[®] for sexual health, (ii) Triple Edge XLTM, a daily energy booster plus testosterone support, and (iii) Super ProstaFlow PlusTM for prostate and urinary health. Our lead product from the TK Supplements[®] product line is Legendz XL[®], a men's dietary supplement in the male enhancement category. We recently completed a broad series of clinical studies which support important product claims. Through media and digital testing, we believe that we have optimized the wording of these claims which have now been incorporated in our product packaging and marketing communications. Our next goal is to introduce Legendz XL[®] in retail stores, leveraging our existing infrastructure and retail distribution platform. If we are successful in achieving retail distribution, we then plan to increase the media spend for television and other media advertising to support this retail launch with the likely benefit that it would also generate additional direct to consumer, e-commerce sales.

The Company will also consider and pursue all other alternatives and strategies including, but not limited to, investments and acquisitions in other sectors and industries.

We will continue to be a public reporting company after the sale of the Acquired Assets to Mylan, if the sale is approved by our stockholders.

Solicitation; Withdrawal of Recommendation by Our Board of Directors

Non-Solicitation

Until the sale to Mylan is completed or the Asset Purchase Agreement is terminated, we have agreed that we, our subsidiaries and any of our officers, directors, or employees, and each of their respective representatives, will not directly or indirectly, do any of the following (except under certain limited circumstances):

- solicit, initiate, seek or knowingly encourage the making, submission or announcement of any Seller Acquisition Proposal;
- furnish any non-public information regarding ProPhase or any of its subsidiaries to any person in connection with or in response to a Seller Acquisition Proposal;
- continue or otherwise engage or participate in any discussions or negotiations with any person with respect to any Seller Acquisition Proposal;
- approve, endorse or recommend any Seller Acquisition Proposal; or
- enter into any letter of intent, arrangement, agreement or understanding relating to any Seller Acquisition Transaction (as defined below).

Before the approval of the Asset Purchase Agreement by our stockholders, however, we are not prohibited from complying with our obligations to make a recommendation with respect to a third party tender offer, and we are not prohibited from furnishing information about us to, entering into a confidentiality agreement with or entering into discussions with, any person in response to a Seller Superior Offer submitted by that person, if:

- our board of directors or any committee thereof concludes in good faith, after consultation with outside legal counsel, that the failure to take such action with respect to any Seller Acquisition Proposal would be reasonably likely to result in a breach of its fiduciary duties under applicable law;
- we have not violated the non-solicitation restrictions described above;
- we have provided the required notification to Mylan regarding the Seller Acquisition Proposal; and
- contemporaneously with furnishing any nonpublic information to such person, we also furnish that information to Mylan (if not previously provided to Mylan).

Notification to Mylan of Acquisition Proposal

We have agreed to advise Mylan orally and in writing within 24 hours after receipt of a Seller Acquisition Proposal or any request we receive for nonpublic information which we reasonably believe would lead to a Seller Acquisition Proposal (including, subject to the terms of any applicable confidentiality agreement, providing the identity of the person making or submitting such Seller Acquisition Proposal or request, and to provide a copy of such Seller Acquisition Proposal, if in writing, or otherwise provide a reasonably detailed summary thereof. We also agreed to keep Mylan informed on a prompt basis with respect to any change in the material terms of any such request, acquisition proposal or inquiry.

Definition of Seller Acquisition Proposals and Seller Acquisition Transaction

Under the Asset Purchase Agreement, a “Seller Acquisition Proposal” means any offer, proposal or indication of interest relating to any “Seller Acquisition Transaction,” which includes any of the following transactions:

- any merger, consolidation, share exchange, recapitalization, business combination or similar transaction involving us or any of our subsidiaries;
- any direct or indirect acquisition of securities, tender offer, exchange offer or other similar transaction in which a person or a “group” (as defined in the Securities Exchange Act of 1934, as amended) of persons directly or indirectly acquires beneficial or record ownership of securities representing 20% or more of our voting power;
- any direct or indirect acquisition of any business or businesses or of assets that constitute or account for 20% or more of the consolidated net sales, net income or assets of ProPhase and its subsidiaries, taken as a whole;
- any liquidation or dissolution of ProPhase or any of our material subsidiaries; or
- any combination of the foregoing.

Definition of Seller Superior Offer

Under the Asset Purchase Agreement, a “Seller Superior Offer” means a *bona fide* written Seller Acquisition Proposal (for purposes of this definition, replacing all references to 20% in the above definition with 50%) that our board of directors or any committee thereof determines, in good faith, after consultation with outside legal counsel and a financial advisor (i) is on terms that are more favorable from a financial point of view to our stockholders than the transactions contemplated by the Asset Purchase Agreement or the Transaction Documents (including any proposal by Mylan to amend the terms of the Asset Purchase Agreement) after taking into account all of the terms and conditions of such proposal and (ii) is likely to be completed (without material modification of its terms), in each of the cases of clause (i) and (ii) taking into account all financial, regulatory, legal and other aspects of such Seller Acquisition Proposal (including the timing and likelihood of consummation thereof) and the payment of the termination fee.

Withdrawal of Recommendation of Board of Directors

We have agreed that we would include in this proxy statement our board of directors’ recommendation that our stockholders vote in favor of the sale of the Acquired Assets pursuant to the Asset Purchase Agreement and agreed not to withhold, withdraw or modify, or propose to withhold, withdraw or modify in a manner adverse to Mylan, this recommendation. Notwithstanding the foregoing, our board of directors is permitted to withhold, withdraw, or modify any such recommendation previously made if a Seller Superior Offer (as defined above) is made and our board of directors reasonably concludes in good faith, that to not withhold, withdraw, or modify such recommendation would constitute a breach of the fiduciary duties of the board of directors under applicable law.

Conditions to Closing

Each party's obligation to complete the sale of assets is subject to the prior satisfaction or waiver of certain conditions. The following list sets forth the material conditions that must be satisfied or waived before completion of the proposed transaction:

- our stockholders have approved the sale of the Acquired Assets to Mylan;
- no injunction, writ, temporary restraining order or other order or Law will be in effect which restrains or prohibits the sale of the Acquired Assets; and
- all authorizations, orders and consents from any governmental authorities required under the Asset Purchase Agreement will have been obtained.

Our obligations to effect the transactions contemplated by the Asset Purchase Agreement are subject to the satisfaction or fulfillment, at or before the closing, of a number of additional conditions, any of which may be waived, in writing, exclusively by us, including the following:

- the representations and warranties of Mylan contained in the Asset Purchase Agreement will be true and correct in all material respects as of the closing date, with the same effect as if made on and as of the closing date (except as otherwise provided);
- Mylan will have performed and complied in all material respects with all agreements, covenants and conditions required by the Asset Purchase Agreement and each of the other Transaction Documents (as defined below) to be performed or complied with by Mylan on or before the closing date; and
- Mylan will have delivered to the Company all deliverables required by the Asset Purchase Agreement.

Mylan's obligations to effect the transactions contemplated by the Asset Purchase Agreement are subject to the satisfaction or fulfillment, at or before the closing, of a number of additional conditions, any of which may be waived, in writing, exclusively by Mylan, including the following:

- the representations and warranties of ProPhase contained in the Asset Purchase Agreement will be true and correct in all material respects as of the closing date, with the same effect as if made on and as of the closing date (except as otherwise provided);
- we will have performed and complied in all material respects with all agreements, covenants and conditions required by the Asset Purchase Agreement and each of the other Transaction Documents to be performed or complied with by it on or before the closing date;
- no material adverse effect, event, development or change in the results of operations of the Cold-EEZE® Business or the Acquired Assets will have occurred; and
- we will have delivered to Mylan all deliverables required by the Asset Purchase Agreement.

The Asset Purchase Agreement defines a “Material Adverse Effect” to include any material adverse effect, event, development or change on the results of operations of the Cold-EEZE[®] Business or the Acquired Assets, taken as a whole; provided, however, that a Material Adverse Effect will not include the impact on such results of operations of the Cold-EEZE[®] Business arising out of or attributable to (a) conditions or effects that generally affect the industries and classes of trade in which the Cold-EEZE[®] Business operates (including legal and regulatory changes), (b) general economic conditions, (c) effects resulting from changes affecting equity or debt market conditions (including in each of clauses (a), (b) and (c), any effects or conditions resulting from an outbreak or escalation of hostilities, acts of terrorism, political instability or other national or international calamity, crisis or emergency, or any governmental or other response to any of the foregoing, in each case whether or not involving the United States or any other country in which the Cold-EEZE[®] Business operates), (d) acts of God (including earthquakes, storms, fires, floods and natural catastrophes), (e) effects arising from changes in laws or accounting principles, (f) effects relating to or arising from the announcement of the execution of the Asset Purchase Agreement or the transactions contemplated thereby or the identity of Mylan or its affiliates, including the loss of any customers, suppliers or employees directly thereto, (g) effects resulting from compliance with the terms and conditions of the Asset Purchase Agreement by us or consented to in writing by Mylan, (h) the seasonal nature of the Cold-EEZE[®] Business or the relative incidence of cold or influenza in any given year, or (i) any act or omission of Mylan; except, in the case of clauses (a)-(e), to the extent that such effects have a materially disproportionate impact on the Cold-EEZE[®] Business relative to other participants in the industry. A Material Adverse Effect will be measured only against past performance of the Cold-EEZE[®] Business, taken as a whole, and not against any forward-looking statements, financial projections or forecasts of the Cold-EEZE[®] Business.

Termination of the Asset Purchase Agreement

The Asset Purchase Agreement may be terminated at any time prior to the closing:

- by mutual written consent of the Company and Mylan;
- by either the Company or Mylan, if:
 - the transaction has not been consummated by March 31, 2017 or such other date as the parties may agree in writing (the “Termination Date”) (subject to certain exceptions); provided, that Mylan may, in its sole discretion, upon written notice to the Company extend the Termination Date for up to 30 days;
 - a governmental entity or court issues an order, decree, ruling or other action which permanently restrains, enjoins or otherwise prohibits the completion of the sale of the Acquired Assets; or
 - our stockholders do not approve the proposed transaction.

- by Mylan, upon written notice to the Company, if:
 - the Company materially breaches any representation, warranty, covenant or agreement such that Mylan's conditions to closing would not be satisfied, subject to the Company's opportunity to cure the breach as provided in the Asset Purchase Agreement;
 - our board of directors withdraws its recommendation to stockholders to vote in favor of the approval of Proposal No. 1; or
 - our management or board of directors, for any reason, fails to call and hold, within 60 days of the filing of this proxy statement, a special meeting to consider and approve the Asset Purchase Agreement or fails to include its recommendation to stockholders to vote in favor of the approval of Proposal No. 1 in the proxy statement; provided that such 60 day period will be automatically extended to 120 days in the event ProPhase is working in good faith to reconcile any outstanding claims, causes of action or comments of the SEC.
- by the Company, if:
 - Mylan materially breaches any representation, warranty, covenant or agreement such that the Company's conditions to closing would not be satisfied, subject to Mylan's opportunity to cure the breach as provided in the Asset Purchase Agreement; or
 - our board of directors authorizes a Seller Superior Offer and substantially concurrent with the termination of the Asset Purchase Agreement, we enter into an agreement with such Seller Superior Offer that did not result from a material breach of the Asset Purchase Agreement.

Effect of Termination

If the Asset Purchase Agreement is terminated because of any the reasons described above, the Asset Purchase Agreement will be of no further force or effect, except for certain specified obligations, including the return of information to the party furnishing the information and the preservation of confidentiality. In limited circumstances, described in the section below entitled "Payment of Termination Fee," we may be obligated to pay Mylan a termination fee at or following the termination of the Asset Purchase Agreement. Neither party will be relieved from liability for any intentional breach of the Asset Purchase Agreement.

Payment of Termination Fee

The Asset Purchase Agreement requires us to pay Mylan a termination fee if the agreement is terminated prior to completion under certain cases. Specifically, if Mylan terminates the Asset Purchase Agreement as a result of a triggering event (as described above under "Termination of the Asset Purchase Agreement") or if we terminate the Asset Purchase Agreement as a result of having received a Seller Superior Offer, then we must pay Mylan a termination fee equal to \$1,500,000 upon the earlier of (i) 90 days after termination of the Asset Purchase Agreement and (ii) the closing of the transaction with respect to a Seller Superior Offer.

If the Asset Purchase Agreement is terminated due to a material breach of the Asset Purchase Agreement by Mylan that would cause the closing conditions not to be satisfied or due to any decree, judgment injunction or other order permanently restraining, enjoining or otherwise prohibiting Mylan from consummating the transactions contemplated by the Asset Purchase Agreement, Mylan will be required to pay us a termination fee in the amount of \$5,000,000.

Survival of Representations

Generally, the representations and warranties contained in the Asset Purchase Agreement (other than the Fundamental Representations) will survive the closing until the 24 month anniversary of the closing date. The Fundamental Representations will survive the closing until the expiration of the statute of limitations. The covenants and agreements contained in the Asset Purchase Agreement requiring performance after the closing date will survive in accordance with their respective terms.

Our Indemnification Obligations

Subject to the limitations in the Asset Purchase Agreement, we have agreed to indemnify Mylan and other related persons for any damages incurred by Mylan or such related persons in connection with any breaches of our representations, warranties, covenants or agreements contained in the Asset Purchase Agreement, or in connection with the Retained Liabilities, and certain third party claims specified in the Asset Purchase Agreement. Generally, our representations and warranties survive for a period of 24 months after the closing date, other than the Fundamental Representations which survive until the expiration of the applicable statute of limitations, and Mylan may assert claims for indemnity during that period. In addition, there exists a limited indemnification cap with respect to a majority of the Company's indemnification obligations with the exception of actual fraud, the breach of Fundamental Representations and certain other items, which have a larger indemnification cap (e.g., the Purchase Price).

Mylan's Indemnification Obligations

Mylan has agreed to indemnify us and other related persons for any damages incurred in connection with a breach of its representations and warranties, covenants and agreements contained in the Asset Purchase Agreement, and in connection with the Assumed Liabilities and certain third party claims specified in the Asset Purchase Agreement. Mylan's representations and warranties survive for a period of 24 months after the closing date, and we may assert claims for indemnity during that period. In addition, there exists a limited indemnification cap with respect to a majority of Mylan's indemnification obligations with the exception of actual fraud and certain other items, which have a larger indemnification cap (e.g., the Purchase Price).

Expenses

Except as otherwise provided in the Asset Purchase Agreement, all costs and expenses incurred in connection with the Asset Purchase Agreement and the transactions contemplated thereby will be paid by the party incurring such costs and expenses.

Other Agreements Relating to the Proposed Transaction

Below is a description of the various ancillary agreements to be entered into in connection with the Asset Purchase Agreement (the "Transaction Documents").

Manufacturing Agreement

Pursuant to the terms of the Asset Purchase Agreement, Mylan, ProPhase and PMI, our wholly owned subsidiary, will enter into a Manufacturing Agreement at closing. Pursuant to the terms of the Manufacturing Agreement, Mylan will purchase the current inventory of the Cold-EEZE[®] Business and PMI will manufacture certain of the Products for Mylan. Unless terminated sooner by the parties, the Manufacturing Agreement will remain in effect for a period of five years from the closing date. Thereafter, the Manufacturing Agreement may be renewed by Mylan for up to five successive one year periods by providing notice of its intent to renew not less than 90 days prior to the expiration of the then-current term. PMI's liability arising under the Manufacturing Agreement will not exceed a specified amount, excluding third party claims for bodily injury or death from PMI's gross negligence or willful misconduct.

Transition Services Agreement

Pursuant to the terms of the Asset Purchase Agreement, Mylan and ProPhase will enter into a Transition Services Agreement at closing. Pursuant to the terms of the Transition Services Agreement, ProPhase will provide litigation support, insurance coverage, supply chain, customer support, finance, accounting, commercial advertising and packaging services, quality control, IT and research and development services to Mylan for time periods ranging from two to nine months from the closing date.

Rights Agreement Amendment

On January 5, 2017, prior to the execution of the Asset Purchase Agreement, the board of directors of the Company approved an amendment (the "Amendment to Rights Agreement") to the Rights Agreement. The Amendment to Rights Agreement was executed on January 6, 2017, immediately prior to the execution of the Asset Purchase Agreement.

The Amendment to Rights Agreement renders the Rights Agreement inapplicable to the Asset Purchase Agreement, the Voting Agreement and the transactions contemplated thereby. Specifically, the Amendment to Rights Agreement, among other matters, provides that none of (i) the approval, execution, delivery, performance or public announcement of the Asset Purchase Agreement (including any amendments, modifications or supplements thereto), (ii) the consummation of the transactions contemplated by the Asset Purchase Agreement, or (iii) the execution, delivery or performance of the Voting Agreements described below will result in Mylan or any of their respective Affiliates or Associates (as such terms are defined in the Rights Agreement) being deemed an "Acquiring Person."

In addition, the definition of "Beneficial Owner" under the Rights Agreement was revised such that it no longer includes beneficial ownership of securities that may result from the execution, delivery or performance of the Voting Agreements.

Further, Section 13(i) of the Rights Agreement will not apply to the sale of the Acquired Assets to Mylan or as a result of execution, delivery or performance of the Voting Agreements, and will not apply to Mylan as an "other Person," provided that neither individual becomes an "Acquiring Person" (as such term is defined in the Rights Agreement).

Escrow Agreement

Pursuant to the terms of the Asset Purchase Agreement, Mylan, ProPhase and the Escrow Agent will enter into an Escrow Agreement at closing, pursuant to which Mylan will deposit \$5,000,000 of the Purchase Price into an escrow account established with the Escrow Agent in order to satisfy, in whole or in part, certain indemnity obligations of ProPhase under the Asset Purchase Agreement. If, on the 18th month anniversary of the closing date, there are funds remaining in the escrow account, then the escrow account will be reduced by the difference, if a positive number, of (i) \$2,500,000 minus (ii) the aggregate amount of all escrow claims asserted by Mylan prior to this date that have either been paid out of the escrow account or are pending as of such date, and, within two business days of such date, the Escrow Agent will disburse such difference, if a positive number, to ProPhase. Within two business days of the second anniversary of the closing date, the Escrow Agent will release any funds remaining in the escrow account to ProPhase minus any amounts being reserved for escrow claims asserted by Mylan prior to such date. Upon the resolution of any pending escrow claims, the Escrow Agent will, within two business days of receipt of joint instructions or a final order from a court (as described in the Escrow Agreement) disburse such reserved amount to the parties entitled to such funds.

Voting Agreements

On January 6, 2017, in connection with the execution of the Asset Purchase Agreement, Mylan and each of our directors and Robert V. Cuddihy, Jr. (solely in their capacity as stockholders of the Company) entered into a Voting Agreement (collectively, the "Voting Agreements"). The shares subject to the Voting Agreements represent approximately 24.1% of the outstanding common stock of the Company. The Voting Agreements generally require that the stockholders party thereto (i) vote all of their shares of the Company's voting stock in favor of the Asset Purchase Agreement and all transactions contemplated by the Asset Purchase Agreement; (ii) vote against any alternative transaction or third party proposal; (iii) not transfer their shares or deposit (or permit the deposit of) any of their shares in a voting trust or grant a proxy or enter into any voting agreement or similar agreement in contravention of the obligations of the stockholders under the Voting Agreement; and (iv) not take any action that would constitute a violation of the non-solicitation provisions of the Asset Purchase Agreement if taken by the Company, with the limitations and exceptions of such provisions contemplated thereby that are applicable to the Company or its board of directors being similarly applicable to the stockholders. The Voting Agreements terminate upon the first to occur of (x) the termination of the Asset Purchase Agreement, or (y) such date and time as transaction becomes effective in accordance with the terms and provisions of the Asset Purchase Agreement.

Vote Required and Board Recommendation

The approval of the sale of the Acquired Assets to Mylan requires the affirmative vote of the holders of a majority of the outstanding shares of our common stock entitled to vote on this matter.

Our board of directors unanimously believes that the proposed sale to Mylan pursuant to, and the other transactions contemplated by, the Asset Purchase Agreement are in the best interests of our company and our stockholders and unanimously recommends that stockholders vote "FOR" the proposal to sell the Acquired Assets to Mylan pursuant to the Asset Purchase Agreement, including the transactions contemplated thereby.

UNAUDITED PRO FORMA FINANCIAL INFORMATION

We are providing the following information to aid you in your financial analysis of the proposed asset sale. The following unaudited pro forma condensed consolidated financial data gives effect to the sale of the Acquired Assets. The unaudited pro forma consolidated balance sheet as of December 31, 2016 has been prepared assuming the sale of the Acquired Assets occurred as of that date. The unaudited pro forma consolidated statements of operations for the years ended December 31, 2016 and 2015 have been prepared in accordance with the SEC's pro forma rules under S-X Article 11 assuming that the sale of the Acquired Assets occurred as of January 1, of each period presented. All material adjustments required to reflect the sale of the Acquired Assets are set forth in the columns labeled "Pro Forma Adjustments." The data contained in the columns labeled "ProPhase As Reported" is derived from ProPhase's historical audited consolidated balance sheet as of December 31, 2016 and audited consolidated statements of operations for the years ended December 31, 2016 and 2015. We have assumed that of the total consideration of \$50 million, \$45 million in cash will be paid to us at closing and \$5 million will be held in escrow. The unaudited pro forma condensed consolidated financial data is presented for informational purposes only and is not necessarily indicative of the results of future operations or future financial position of the Company or the actual results of operations or financial position that would have occurred had the sale of the Acquired Assets been consummated as of the dates indicated above.

The pro forma adjustments were based upon available information at the date of this filing and upon certain assumptions as described in the notes to the unaudited pro forma condensed consolidated financial statements that our management believes are reasonable under the circumstances.

The pro forma financial statements do not include severance payments, restructuring expenses, additional compensation expenses or anticipated overhead and operating expenses associated with the fulfillment of the manufacturing services agreement and transition services agreement. Furthermore, we have estimated approximately \$2.1 million of state income taxes arising from this transaction. However, because this transaction will be reported as a 2017 taxable event with respect to federal corporate income taxes, and because our 2017 federal income tax liability cannot be accurately estimated until 2017 financial results are more certain, we cannot accurately estimate the extent of our 2017 federal income tax expense or the extent to which our net operating loss carryforwards will offset our 2017 federal corporate income tax expense.

The unaudited pro forma consolidated financial statements and accompanying notes should be read in conjunction with our historical consolidated financial statements and accompanying notes thereto, and our "Management's Discussion and Analysis of Financial Condition and Results of Operation", in our Annual Report on Form 10-K for the year ended December 31, 2016, a copy of which will be sent to you upon request as described at the end of this proxy statement.

NOTES TO THE UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL DATA

NOTE 1 – BASIS OF PRESENTATION

The historical audited consolidated balance sheet as of December 31, 2016 reflects the reported assets, liabilities and stockholder's equity of the Company with the pro forma adjustments associated with the proposed sale of assets by the Company, consisting principally of our intellectual property rights and other assets relating to our Cold-EEZE[®] brand and product line (collectively, referred to herein as the "Cold-EEZE[®] Business" and the assets as the "Acquired Assets").

The unaudited pro forma consolidated balance sheet as of December 31, 2016 has been prepared in accordance with Securities and Exchange Commission's pro forma rules under S-X Article 11 assuming the sale of the Acquired Assets occurred as of that date. The unaudited pro forma consolidated statements of operations for the years ended December 31, 2016 and 2015 have been prepared assuming that the sale of the Acquired Assets occurred as of January 1, of each period presented. All material adjustments required to reflect the sale of Acquired Assets are set forth in the columns labeled "Pro Forma Adjustments." The data contained in the columns labeled "ProPhase As Reported" is derived from ProPhase's historical audited consolidated balance sheet as of December 31, 2016 and ProPhase's historical audited consolidated statements of operations for the years ended December 31, 2016 and 2015.

NOTE 2 – PRO FORMA ADJUSTMENTS

The following adjustments were made in the preparation of the unaudited pro forma consolidated balance sheet:

- (a) To record as of December 31, 2016 (i) the expected net proceeds received from the sale of the Acquired Assets, (ii) the net proceeds placed in escrow and (iii) the expected gain on the sale of the Acquired Assets pursuant to the terms of the Asset Purchase Agreement:

	Amount (in thousands)
Gross consideration from the sale of Acquired Assets	\$ 50,000
Estimated closing and transaction costs	(2,175)
Expected net proceeds from sale of assets	47,825
Book value of assets	(16)
Estimated taxable gain on sale of the Acquired Assets	47,809
Estimated income tax expense	(2,100)
Expected net gain on sale of assets after income taxes	\$ 45,709(*)
Expected net proceeds:	
Cash paid at closing, net of closing and transaction costs	\$ 42,825
Proceeds due on sale of assets, cash held in escrow	5,000
	\$ 47,825

- (*) The expected net gain on the sale of the Acquired Assets has not been reflected in the pro forma consolidated statements of operations.

At December 31, 2016, there were \$47.1 million in net operating loss carryforwards, subject to applicable limitations, available to us for federal purposes which will expire beginning for the year ended December 31, 2020 through 2036. Additionally, there were \$22.1 million in net operating loss carryforwards, subject to limitations, available to us for state purposes which will expire beginning for the year ended December 31, 2020 through 2036. Based upon preliminary estimates, we believe that all, or a significant portion, of our taxable gain for federal income tax purposes from the sale of the Acquired Assets will be offset to the extent of our current year losses from operations, the write-off for tax purposes of the tax-basis of the Acquired Assets and the available net operating loss carryforwards. However, for state income tax purposes, based upon the available state net operating loss carryforwards and corresponding limitations and we estimate an income tax expense arising from the sale of the Acquired Assets of \$2.1 million which is recorded as an income tax payable on the pro forma balance sheet. Our preliminary estimates could change depending upon the final income and expense components and related tax determination upon the sale of the Acquired Assets. The \$2.1 million income tax expense has been reflected as a reduction in the net proceeds from the sale of the Acquired Assets.

- (b) To record as of December 31, 2016 the required repayment of the Secured Promissory Notes (due June 15, 2017) plus accrued interest as of December 31, 2016 pursuant to the terms of the of the Asset Purchase Agreement:

	Amount (in thousands)
Secured promissory notes, net	\$ 1,490
Write-off of loan origination and warrant costs	10
Accrued interest	9
Total	<u>\$ 1,509</u>

- (c) To eliminate the net book value of the Acquired Assets comprised of certain production tools and dies as of December 31, 2016:

	Amount (in thousands)
Book value of Acquired Assets	\$ 28
Accumulated depreciation	(12)
Net book value	<u>\$ 16</u>

- (d) Pursuant to the terms of the proposed Manufacturing Agreement, certain Cold-EEZE[®] Business inventory is expected to be sold when shipped to Mylan or its customers subsequent to the closing of the proposed sale of the Acquired Assets. This adjustment is to reclassify an aggregate of \$584,000 of such inventory representing products that we outsource the contract manufacturing to third parties. Upon the sale of this inventory, we will no longer engage in the managing of the outsourced contract manufacturing of these Cold-EEZE[®] Business products.

The following adjustments were made in the preparation of the unaudited pro forma consolidated statements of operations:

- (c) To eliminate the operating activity related to the Acquired Assets Cold-EEZE[®] Business which includes net sales, cost of sales, selling, marketing, and research and development costs (in thousands):

	Year Ended December 31,	
	2016	2015
Net sales	\$ 16,874	\$ 18,171
Cost of sales	7,524	6,335
Sales and marketing	5,381	7,336
Research and development	53	40

- (f) To record pro forma net sales and related cost of sales pursuant to the terms of the Manufacturing Agreement assuming this agreement were in effect as of January 1, of each period presented (in thousands):

	Year Ended December 31,	
	2016	2015
Net sales	\$ 4,227	\$ 4,237
Cost of sales	3,230	3,272

The calculation of net sales is derived by multiplying the selling prices of each item manufactured pursuant to the terms of the Manufacturing Agreement as of the initial dates of the agreement by the actual quantity of units shipped during the years ended December 31, 2016 and 2015, respectively.

The calculation of cost of sales is derived by multiplying the estimated direct cost to manufacture each item pursuant to the terms of the Manufacturing Agreement as of the initial date of the agreement by the actual quantity of units shipped during the years ended December 31, 2016 and 2015, respectively.

- (g) To eliminate the interest expense incurred under the terms of the Secured Promissory Notes (in thousands):

	Year Ended December 31,	
	2016	2015
Interest expense	\$ 210	\$ 18

The Secured Promissory Notes in the amount of \$1.5 million were issued December 11, 2015 and bear interest at the rate of 12% per annum. As a consequence of the repayment of the Secured Promissory Note upon closing of the sale of the Acquired Assets, there would be no interest expense incurred related to these notes for the years ended December 31, 2016 and 2015.

COLD-EEZE[®] BUSINESS DIVISION
Notes to Unaudited Financial Statements

Note 1 – Organization and Business

The Cold-EEZE[®] Business Division (“we”, “us” or the “Division”) is a business unit within ProPhase Labs, Inc. (“ProPhase”), our parent company. We are a marketer and distributor of a diversified range of over the counter (“OTC”) homeopathic and health care products that are offered to consumers through national chain, regional, specialty and local retail stores. Our brand is Cold-EEZE[®] and our principal product is Cold-EEZE[®] cold remedy zinc gluconate lozenges, proven in clinical studies to reduce the duration and severity of symptoms of the common cold. In addition to Cold-EEZE[®] cold remedy lozenges, we market and distribute non-lozenge forms of our proprietary zinc gluconate formulation, (i) Cold-EEZE[®] cold remedy QuickMelts[®], (ii) Cold-EEZE[®] Gummies (see below) and (iii) Cold-EEZE[®] cold remedy Oral Spray. Each of our Cold-EEZE[®] QuickMelts[®] products are based on our proprietary zinc gluconate formulation in combination with certain (i) immune system support, (ii) energy, (iii) sleep and relaxation, and/or (iv) cold and flu symptom relieving active ingredients.

In fiscal 2015, we introduced three new Cold-EEZE[®] product line extensions: (i) a Cold-EEZE[®] Multi-Symptom Relief for Cold and Flu lozenge, (ii) a Cold-EEZE[®] Daytime and Nighttime Multi-Symptom Relief in liquid form for each of adults and children, and (iii) Cold-EEZE[®] Natural Allergy Relief caplets for indoor and outdoor allergies. Shipments for these three new Cold-EEZE[®] product line extensions began in the third quarter of fiscal 2015. In fiscal 2016, we expanded our Cold-EEZE[®] product line further to include (i) Cold-EEZE[®] Gummies Multi-Symptom Relief for Cold and Flu and (ii) Cold-EEZE[®] Nighttime Multi-Symptom Relief for Cold and Flu QuickMelts[®]. Shipments began for these two new products in the third quarter of fiscal 2016.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited financial statements have been prepared by management without audit and should be read in conjunction with the ProPhase consolidated financial statements, including the notes thereto, appearing in the ProPhase Annual Report on Form 10-K for the year ended December 31, 2016. In the opinion of management, all adjustments necessary for a fair presentation of the financial position, results of operations and Division cash flows, for the periods indicated, have been made. Management believes that the assumptions in the carve out unaudited financial statements are reasonable (see below). The results of operations for the Division for the periods presented are not necessarily indicative of operating results that may be achieved if the Division was a standalone company and was no longer able to benefit from the overhead and research and development support provided by ProPhase.

Division Carve Out and ProPhase Allocations

For the years ended December 31, 2016 and 2015, our Division’s unaudited financial statements were prepared (i) in accordance with the Securities and Commission’s carve out rules under SAB Topic 1B1 and (ii) are derived from identifying and carving out the specific assets, liabilities, net sales, cost of sales, operating expenses and interest expense associated with the Division’s operations. Assets and liabilities, sales and expenses related to other business units and operations of ProPhase or its subsidiaries are excluded from the Division’s financial statements. Furthermore, general administrative and overhead expenses, including personnel expenses, and research and development overhead expenses incurred by ProPhase (for which the Division benefits from such resources) are allocated to these financial statements based upon the percentage of the Division’s net sales to ProPhase consolidated net sales. For the years ended December 31, 2016 and 2015, ProPhase allocated (i) \$1.9 million and \$2.9 million, respectively, included in administrative expenses and (ii) \$176,000 and \$701,000, respectively, included in research and development expenses, in the accompanying unaudited statements of operations.

COLD-EEZE[®] BUSINESS DIVISION
Notes to Unaudited Financial Statements

Note 2 – Summary of Significant Accounting Policies – continued

Seasonality of the Business

Our net sales are derived principally from our OTC health care and cold remedy products sold in the United States of America. Our sales are influenced by and subject to fluctuations in the timing of purchase and the ultimate level of demand for our products which are a function of the timing, length and severity of each cold season. Generally, a cold season is defined as the period of September to March when the incidence of the common cold rises as a consequence of the change in weather and other factors. We generally experience in the first, third and fourth quarter higher levels of net sales along with a corresponding increase in marketing and advertising expenditures designed to promote our products during the cold season. Revenues and related marketing costs are generally at their lowest levels in the second quarter when consumer demand generally declines.

Use of Estimates

The preparation of these unaudited financial statements and the accompanying notes thereto, in conformity with Generally Accepted Accounting Principles in the United States of America, requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the respective reporting periods. Examples include the provision for bad debt, sales returns and allowances, inventory obsolescence, useful lives of property and equipment, and impairment of property and equipment, income tax valuations and assumptions related to accrued advertising. When providing for the appropriate sales returns, allowances, cash discounts and cooperative incentive promotion costs (“Sales Allowances”), we apply a uniform and consistent method for making certain assumptions for estimating these provisions. These estimates and assumptions are based on historical experience, current trends and other factors that management believes to be relevant at the time the financial statements are prepared. Management reviews the accounting policies, assumptions, estimates and judgments on a quarterly basis. Actual results could differ from those estimates.

Our primary product, Cold-EEZE[®] cold remedy lozenges, utilizes a proprietary zinc gluconate formulation which has been clinically proven to reduce the severity and duration of common cold symptoms. Factors considered in estimating the appropriate sales returns and allowances for this product include it being (i) a unique product with limited competitors, (ii) competitively priced, (iii) promoted, (iv) unaffected for remaining shelf-life as there is no product expiration date and (v) monitored for inventory levels at major customers and third-party consumption data. In addition to Cold-EEZE[®] cold remedy lozenges, we market and distribute a variety of Cold-EEZE[®] cold remedy QuickMelts[®], a Cold-EEZE[®] cold remedy Oral Spray, a Cold-EEZE[®] Natural Allergy Relief caplets, a Cold-EEZE[®] Daytime and Nighttime Multi-Symptom Relief in a liquid form and our new Cold-EEZE[®] Gummies Multi-Symptom Relief for Cold and Flu. Each of the Cold-EEZE[®] cold remedy Oral Spray, QuickMelts[®] and Gummies products, Cold-EEZE[®] Natural Allergy Relief caplets, and Cold-EEZE[®] liquid forms products carry shelf-life expiration dates for which we aggregate such new product market experience data and update our sales returns and allowances estimates accordingly. Sales allowances estimates are tracked at the specific customer and product line levels and are tested on an annual historical basis, and reviewed quarterly. Additionally, we monitor current developments by customer, market conditions and any other occurrences that could affect the expected provisions relative to net sales for the period presented.

Cash Equivalents

We consider all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents.

COLD-EEZE® BUSINESS DIVISION
Notes to Unaudited Financial Statements

Note 2 – Summary of Significant Accounting Policies – continued

Inventory Valuation

Inventory is valued at the lower of cost, determined on a first-in, first-out basis (FIFO), or market. Inventory items are analyzed to determine cost and the market value and appropriate valuation adjustments are established. At December 31, 2016 and 2015, the financial statements include adjustments to reduce inventory for excess or obsolete inventory of \$1.1 million and \$477,000, respectively. The components of inventory are as follows (in thousands):

	December 31,	
	2016	2015
Raw materials	\$ 567	\$ 562
Work in process	46	126
Finished goods	844	2,415
	<u>\$ 1,457</u>	<u>\$ 3,103</u>

Property, Plant and Equipment

Property, plant and equipment are recorded at cost and is comprised principally of production tools and dies. We use the straight-line method in computing depreciation for financial reporting purposes over three years.

Due to Pharnaloz Manufacturing, Inc.

Pharnaloz Manufacturing, Inc. (“PMI”), a wholly owned subsidiary of ProPhase and as such a related party, provides us with lozenge manufacturing services, and product warehousing and distribution services. For the years ended December 31, 2016 and 2015, PMI charged us \$2.5 million and \$2.5 million for these services which are a component of our cost of sales when inventory manufactured by PMI is shipped by us to our customers. Management believes that the intercompany charges between PMI and us are at commercially reasonable rates that other third parties would charge for such services. At December 31, 2016 and 2015, amounts due to PMI for its services were \$546,000 and \$943,000, respectively.

Concentration of Risks

Our business is subject to federal and state laws and regulations adopted for the health and safety of users of our products. Our OTC health care and cold remedy products are subject to regulations by various federal, state and local agencies, including the Food and Drug Administration (“FDA”) and, as applicable, the Homeopathic Pharmacopoeia of the United States.

Financial instruments that potentially subject us to significant concentrations of credit risk consist principally of trade accounts receivable. Trade accounts receivable potentially subject us to credit concentrations from time-to-time as a consequence of the timing, payment pattern and ultimate purchase volumes or shipping schedules with our customers. We extend credit to our customers based upon an evaluation of the customer’s financial condition and credit history and generally we do not require collateral. Our broad range of customers includes many large national chain, regional, specialty and local retail stores. These credit concentrations may impact our overall exposure to credit risk, either positively or negatively, in that our customers may be similarly affected by changes in economic, regulatory or other conditions that may impact the timing and collectability of amounts due to us. As a consequence of an evaluation of our customer’s financial condition, payment patterns, balance due to us and other factors, we did not offset our account receivable with an allowance for bad debt at December 31, 2016 and 2015.

Fair Value of Financial Instruments

Cash and cash equivalents, accounts receivable, accounts payable, accrued expenses and other obligations are reflected in the unaudited financial statements at carrying value which approximates fair value.

COLD-EEZE® BUSINESS DIVISION
Notes to Unaudited Financial Statements

Note 2 – Summary of Significant Accounting Policies – continued

Revenue Recognition

Sales are recognized at the time ownership is transferred to the customer. Revenue is reduced for trade promotions, estimated sales returns, cash discounts and other allowances in the same period as the related sales are recorded. We make estimates of potential future product returns and other allowances related to current period revenue. We analyze historical returns, current trends, and changes in customer and consumer demand when evaluating the adequacy of the sales returns and other allowances.

Our return policy accommodates returns for (i) discontinued products, (ii) store closings and (iii) products that have reached or exceeded their designated expiration date. We do not impose a period of time within which product may be returned. All requests for product returns must be submitted to us for pre-approval. The main components of our returns policy are: (i) we will accept returns that are due to damaged product that is un-saleable and such return request activity falls within an acceptable range, (ii) we will accept returns for products that have reached or exceeded designated expiration dates and (iii) we will accept returns in the event that we discontinue a product provided that the customer will have the right to return only such items that it purchased directly from us. We will not accept return requests pertaining to customer inventory “Overstocking” or “Resets”. We will only accept return requests for product in its intended package configuration. We reserve the right to terminate shipment of product to customers who have made unauthorized deductions contrary to our return policy or pursue other methods of reimbursement. We compensate the customer for authorized returns by means of a credit applied to amounts owed or to be owed and in the case of discontinued product only, also by way of an exchange. We do not have any significant product exchange history.

As of December 31, 2016 and 2015, we included a provision for sales allowances of \$107,000 and \$83,000, respectively. Additionally, accrued advertising and other allowances as of December 31, 2016 included (i) \$1.2 million for estimated future sales returns and (ii) \$1.6 million for cooperative incentive promotion costs. As of December 31, 2015, accrued advertising and other allowances included (i) \$1.4 million for estimated future sales returns and (ii) \$786,000 for cooperative incentive promotion costs.

Advertising and Incentive Promotions

Advertising and incentive promotion costs are expensed within the period in which they are utilized. Advertising and incentive promotion expense is comprised of (i) media advertising, presented as part of sales and marketing expense, (ii) cooperative incentive promotions and coupon program expenses, which are accounted for as part of net sales, and (iii) free product, which is accounted for as part of cost of sales. Advertising and incentive promotion expenses incurred for the years ended December 31, 2016 and 2015 were \$8.4 million and \$8.5 million, respectively. Included in prepaid expenses and other current assets was \$263,000 and \$854,000 at December 31, 2016 and 2015, respectively, relating to prepaid advertising and promotion expenses.

Shipping and Handling

Product sales carry shipping and handling charges to the purchaser, included as part of the invoiced price, which is classified as revenue. In all cases, costs related to this revenue are recorded in cost of sales.

Research and Development

Research and development costs are charged to operations in the period incurred. Research and development costs for the years ended December 31, 2016 and 2015, inclusive of the ProPhase allocation, were \$229,000 and \$741,000, respectively. Research and development costs are related to new product development initiatives.

COLD-EEZE[®] BUSINESS DIVISION

Note 2 – Summary of Significant Accounting Policies – continued

Income Taxes

We utilize the asset and liability approach which requires the recognition of deferred tax assets and liabilities for the future tax consequences of events that have been recognized in our financial statements or tax returns. In estimating future tax consequences, we generally consider all expected future events other than enactments of changes in the tax law or rates.

We utilize a two-step approach to recognizing and measuring uncertain tax positions. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates that it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount which is more than fifty percent likely of being realized upon ultimate settlement. Any interest or penalties related to income taxes will be recorded as interest or administrative expense, respectively.

Our unaudited financial statements have been prepared on a standalone basis, including its income tax calculations for years ended December 31, 2015 and 2014. The provision for income tax for the years ended December 31, 2015 and 2014 are based upon the statutory federal rate of 35% and various state income tax rates. The following is a reconciliation of the income tax expense:

	Year Ended December 31,	
	2016	2015
Income before income taxes and	\$ 1,840	\$ 896
State income tax expense	(14)	(7)
Income subject to federal taxes	1,826	889
Federal income tax expense at statutory rate of 35%	(639)	(311)
	<u>\$ 1,187</u>	<u>\$ 578</u>
State income tax expense	14	7
Federal income tax expense	639	311
Total income tax expense	<u>\$ 653</u>	<u>\$ 318</u>

We are part of a consolidated return of ProPhase whereby the taxable income generated from our operations are not paid to ProPhase but are treated as a capital contribution via our Division equity account each period. ProPhase maintains net deferred tax assets

As of December 31, 2016, ProPhase maintains a full valuation allowance for its net deferred tax assets due principally to its net operating loss carryforwards of approximately \$47.1 million for federal purposes that will expire beginning in Fiscal 2020 through 2036. Additionally, there are net operating loss carryforwards of \$22.1 million for state purposes that will expire beginning in Fiscal 2020 through 2036.

Note 3 – Other Obligations

Godfrey Settlement Agreement

In November 2004, we commenced an action against John C. Godfrey, Nancy Jane Godfrey, and Godfrey Science and Design, Inc. (together the “Godfreys”) for injunctive relief regarding the ownership of the Cold-EEZE[®] trademark. The Godfreys subsequently asserted against us counterclaims and sought monetary damages and injunctive and declaratory relief relative to the Cold-EEZE[®] trademark and other intellectual property.

COLD-EEZE[®] BUSINESS DIVISION
Notes to Unaudited Financial Statements

Note 3 – Other Obligations – continued

On December 20, 2012, we and the Godfreys, including the Estate of Nancy Jane Godfrey, entered into a Settlement Agreement and Mutual General Release (the “Godfrey Settlement Agreement”), pursuant to which we resolved all disputes, including claims asserted by us and counterclaims asserted against us in the action. Pursuant to the terms of the Godfrey Settlement Agreement, we paid the Godfreys \$2.1 million in December 2012 and we paid four additional annual payments of \$100,000 due in each of December 2013 through 2016. Each annual payment in the amount of \$100,000 accrued interest at the per annum rate of 3.25%. The final two annual installments of \$103,000 and \$107,000, inclusive of accrued interest, were paid in December 2016 and 2015, respectively. Under the Godfrey Settlement Agreement, the Godfreys assigned, transferred and conveyed to us all of their right, title, and interest in U.S. Trademark Registration No. 1,838,542 for the trademark Cold-EEZE[®], among other intellectual property associated with such trademark.

At December 31, 2015, other current liabilities include \$100,000, inclusive of accrued interest at the annual rate of 3.25%, for final installment payment due in December 2016 (which was paid in full in December 2016, inclusive of accrued interest) pursuant to the terms of the Godfrey Settlement Agreement. For the years ended December 31, 2016 and 2015, we charged to operations \$3,000 and \$7,000, respectively, for interest expense pursuant to the terms of the Godfrey Settlement Agreement.

Note 4 – Commitments and Contingencies

Other Litigation

In the normal course of our business, we are named as defendant in legal proceedings. It is our policy to vigorously defend litigation and/or enter into settlements of claims where management deems appropriate.

Note 5 – Division Equity

We are a business unit within ProPhase, our parent company. The Division’s daily cash flow needs and/or surpluses, including its net income after taxes are either distributed to or contributed from ProPhase to support ProPhase’s net administrative overhead, including personnel, research and development, and other costs of its operations.

Note 6 – Significant Customers

Our products are distributed through national chain, regional, specialty and local retail stores throughout the United States. Revenues for the years ended December 31, 2016 and 2015 were \$16.9 million and \$18.2 million, respectively.

We are subject to account receivable credit concentrations from time-to-time as a consequence of the timing, payment pattern and ultimate purchase volumes or shipping schedules with our customers. These concentrations may impact our overall exposure to credit risk, either positively or negatively, in that our customers may be similarly affected by changes in economic, regulatory or other conditions that may impact the timing and collectability of amounts due to us. Customers comprising the five largest accounts receivable balances represented 71% and 60% of total trade receivable balances at December 31, 2016 and 2015, respectively. Management believes that the provision for possible losses on uncollectible accounts receivable is adequate for our credit loss exposure. The allowance for doubtful accounts was zero as of December 31, 2016 and 2015.

COLD-EEZE[®] BUSINESS DIVISION
Notes to Unaudited Financial Statements

Note 7 – Subsequent Event

On January 9, 2017, ProPhase announced that it signed an asset purchase agreement, pursuant to which ProPhase has agreed to sell the Cold-EEZE[®] Division to a wholly owned subsidiary of Mylan N.V. (“Mylan”) for \$50 million before taking into account taxes, transaction costs and related deal expenses, restructuring costs and post-closing escrow requirements.

Under the terms of the asset purchase agreement, Mylan will purchase substantially all of ProPhase’s assets and other rights relating to the Cold-EEZE[®] Division. The closing of the proposed sale, which is currently expected to occur in the first quarter of 2017, is subject to approval of the stockholders of ProPhase and other customary conditions of closing. In connection with the execution of the asset purchase agreement, ProPhase’s executive officers and directors executed voting agreements. The voting agreements provide, among other things, for ProPhase’s executive officers and directors to vote all of the shares owned by them in favor of the adoption of the transaction. The shares subject to the voting agreements represent approximately 24.1% of the outstanding common stock of ProPhase.

(a) Notwithstanding anything in this Agreement to the contrary, but subject to this Section 8.3, in no event shall the cumulative indemnification obligations of the (i) Seller under Section 8.2(a)(i) (except for Fundamental Representations and the representations and warranties set forth in Section 4.17 (No Channel Stuffing) (the “Channel Stuffing Representation”) and Section 4.6(c) (Intellectual Property) (the “IP Infringement Representation”) and Section 8.2(a)(iii) or (ii) Buyer under Section 8.2(b)(i), each in the aggregate exceed an amount equal to [****] dollars (\$[****]) (the “Cap Amount”); provided, that, notwithstanding anything to the contrary, the Cap Amount shall not, nor shall any other limitation set forth in this Section 8.3, apply to any indemnification obligations arising under Sections 8.2(a)(i), 8.2(a)(iii) or 8.2(b)(i) in the event of actual fraud or under Sections 8.2(a)(ii) or 8.2(a)(v) or Sections 8.2(b)(iii) through 8.2(b)(vii) (as applicable). [****]

(b) In no event shall the cumulative indemnification obligations of the Seller with respect to any breach of the IP Infringement Representation exceed the sum of [****] dollars (\$[****]) and the Cap Amount. In the event that any Buyer Indemnitee is entitled to indemnification pursuant to this ARTICLE 8 for breach of the IP Infringement Representation, such Buyer Indemnitee shall be entitled to recover directly from the Seller up to [****] dollars (\$[****]) in respect of such claims before seeking any disbursement from the Escrow Account pursuant to Section 8.8.

(c) In no event shall the cumulative indemnification obligations of the Seller with respect to any breach of the Channel Stuffing Representation or Section 6.9 asserted prior to the first anniversary of the Closing Date exceed the sum of [****] dollars (\$[****]) and the Cap Amount; provided however, that commencing as of the first anniversary of the Closing Date, any Losses incurred by any Buyer Indemnitee arising from a breach of the Channel Stuffing Representation or Section 6.9 shall be subject to the Cap Amount. In the event that any Buyer Indemnitee is entitled to indemnification pursuant to this ARTICLE 8 prior to the first anniversary of the Closing Date for breach of the Channel Stuffing Representation or Section 6.9, such Buyer Indemnitee shall be entitled to recover directly from the Seller up to [****] dollars (\$[****]) in respect of such claims before seeking any disbursement from the Escrow Account pursuant to Section 8.8.

(d) In no event shall the cumulative indemnification obligations of the Seller with respect to any Losses incurred by any Buyer Indemnitee arising from a breach of the Fundamental Representations or Section 8.2(a)(iv) (except for a breach of Section 6.9) and of the Buyer with respect to Section 8.2(b)(ii) exceed the Purchase Price. The parties acknowledge and agree that claims by [****] shall be covered by Sections 4.20(a) (Regulatory Compliance) and 4.21(a) (Administrative/Enforcement Action) hereof.

(e) Notwithstanding anything in this Agreement to the contrary, the Seller shall not have any obligation to indemnify any Buyer Indemnitee under Sections 8.2(a)(i) or 8.2(a)(iii) until the aggregate amount of Losses that would otherwise be subject to indemnification pursuant to Sections 8.2(a)(i) or 8.2(a)(iii) exceeds an amount equal to [****] dollars (\$[****]) (the “Basket Amount”), whereupon the Buyer Indemnitee shall be entitled to receive only amounts for Losses in excess of the Basket Amount; provided, however, that the limitations set forth in this Section 8.3(e) shall not apply to breaches of the Fundamental Representations, the Channel Stuffing Representation for claims asserted prior to the first anniversary of the Closing Date, the IP Infringement Representation or any indemnification obligations arising under Sections 8.2(a)(i) or 8.2(a)(iii) in the event of actual fraud or under Sections 8.2(a)(ii), 8.2(a)(iv) or 8.2(a)(v), or Sections 8.2(b)(ii) through 8.2(b)(vii).

(f) Notwithstanding anything contained herein to the contrary, under no circumstances shall any Indemnitee be entitled to be indemnified for special, consequential, indirect, punitive, exemplary or other similar damages, or damages based upon lost profits, lost revenues, diminution in value, business interruptions, multiples of earnings, multiples of cash flows, or loss of business opportunity or reputation, except to the extent such Losses are paid by an Indemnitee in connection with a Third Party Claim. The Indemnitee shall use its commercially reasonable efforts to mitigate any Losses which form the basis of an indemnification claim hereunder.

(g) No party hereto shall be obligated to indemnify any other Person with respect to (i) any representation, warranty, covenant or condition specifically waived in writing by the other party on or prior to the Closing, or (ii) any Losses for which a Claims Notice was not duly delivered prior to the applicable Cut-Off Date.

(h) The Buyer Indemnitees shall not be entitled to recover any Losses relating to any matter arising under one provision of this Agreement to the extent that the Buyer Indemnitees have already recovered Losses with respect to such matter pursuant to other provisions of this Agreement; provided that the parties acknowledge and agree that if any claim may be asserted either as a breach of a Fundamental Representation or a breach of a non-Fundamental Representation, it is in the Buyer Indemnitees' discretion as to how such claim is asserted.

8.4 Indemnification Claim Process.

(a) All claims for indemnification by either a Seller Indemnitee or a Buyer Indemnitee under this ARTICLE 8 shall be asserted and resolved in accordance with Section 8.4 and Section 8.5; provided, however, that claims for breach of the Channel Stuffing Representation or Section 6.9 shall be asserted and resolved in accordance with Section 8.6.

(b) If a Buyer Indemnitee intends to seek indemnification pursuant to this ARTICLE 8, the Buyer Indemnitee shall promptly, but in no event more than fifteen (15) days following such Buyer Indemnitee's knowledge of such claim, notify the Seller in writing of such claim, describing such claim in reasonable detail and the amount or estimated amount of such Losses (the "Claims Notice").

(c) If a Seller Indemnitee intends to seek indemnification pursuant to this ARTICLE 8, the Seller Indemnitee shall promptly, but in no event more than fifteen (15) days following such Seller Indemnitee's knowledge of such claim, deliver a Claims Notice to the Buyer. The failure of an Indemnitee to give reasonably prompt notice of any Third Party Claim shall not release, waive or otherwise affect the Indemnitor's obligations with respect thereto except and only to the extent that such failure to notify results in a loss and material prejudice to the Indemnitor.

(d) The Indemnitor shall have thirty (30) days from the date on which the Indemnitor received the Claims Notice to notify the Indemnitee that the Indemnitor desires to assume the defense or prosecution of the Third Party Claim and any litigation resulting therefrom with counsel of its choice. If the Indemnitor assumes the defense of such claim in accordance herewith: (i) the Indemnitee may retain separate co-counsel at its sole cost and expense and participate in the defense of such Third Party Claim, but the Indemnitor shall control the investigation, defense and settlement thereof, (ii) the Indemnitee shall not file any papers or consent to the entry of any judgment or enter into any settlement with respect to such Third Party Claim without the prior written consent of the Indemnitor (which such consent shall not be unreasonably withheld or delayed), and (iii) the Indemnitor shall not consent to the entry of any judgment or enter into any settlement with respect to such Third Party Claim without the prior written consent of the Indemnitee unless the judgment or settlement provides solely for the payment of money, the Indemnitor makes such payment (subject to the applicable limitations contained herein) and the Indemnitee receives an unconditional release. The parties shall act in good faith in responding to, defending against, settling or otherwise dealing with Third Party Claims, and cooperate in any such defense and give each other reasonable access to all information relevant thereto. Whether or not the Indemnitor has assumed the defense of such Third Party Claim, the Indemnitor will not be obligated to indemnify the Indemnitee hereunder with respect to any settlement entered into or any judgment consented to without the Indemnitor's prior written consent.

(e) If the Indemnitor does not assume the defense of such Third Party Claim within thirty (30) days of receipt of the Claims Notice, then the Indemnitee will be entitled to assume such defense, at its sole cost and expense (or, if the Indemnitee incurs a Loss with respect to the matter in question for which the Indemnitee is entitled to indemnification pursuant to this ARTICLE 8, at the expense of the Indemnitor), upon delivery of notice to such effect to the Indemnitor; provided, however, that the Indemnitor (i) shall have the right to participate in the defense of the Third Party Claim at its sole cost and expense, (ii) may at any time thereafter assume defense of the Third Party Claim, in which event the Indemnitor shall bear the reasonable fees, costs and expenses of the Indemnitee's counsel incurred prior to the assumption by the Indemnitor of defense of the Third Party Claim, and (iii) shall not be obligated to indemnify the Indemnitee hereunder for any settlement entered into or any judgment consented to without the Indemnitor's prior written consent.

(f) The Buyer Indemnitee shall, and shall cause the Buyer's Affiliates to, provide reasonable cooperation with the Seller in all aspects of any investigation, defense, pretrial activities, trial, compromise, settlement or discharge of any claim in respect of which a Buyer Indemnitee is seeking indemnification pursuant to this ARTICLE 8 that the Seller has elected to control, including, but not limited to, by providing the Seller with reasonable access to applicable books, records, employees and officers (including as witnesses).

8.5 Indemnification Procedures for Non-Third Party Claims. The Indemnitee will deliver a Claims Notice to the Indemnitor promptly upon its discovery of any matter for which the Indemnitor may be liable to the Indemnitee hereunder that does not involve a Third Party Claim, which Claims Notice shall also (a) state that the Indemnitee has paid or properly accrued Losses or anticipates that it will incur liability for Losses for which such Indemnitee is entitled to indemnification pursuant to this Agreement, and (b) the date such item was paid or accrued. The Indemnitee shall reasonably cooperate and assist the Indemnitor in determining the validity of any claim for indemnity by the Indemnitee and in otherwise resolving such matters. Such assistance and cooperation shall include providing reasonable access to and copies of information, records and documents relating to such matters, furnishing employees to assist in the investigation, defense and resolution of such matters and providing legal and business assistance with respect to such matters.

8.6 Indemnification Procedures for Channel Stuffing Claims.

(a) If a Buyer Indemnitee intends to seek indemnification pursuant to this ARTICLE 8 for breach of the Channel Stuffing Representation or Section 6.9, the Buyer Indemnitee shall promptly, but in no event more than thirty (30) days following such Buyer Indemnitee's knowledge of such claim, deliver a Claims Notice to the Seller.

(b) Upon receipt of a Claims Notice relating to a breach of the Channel Stuffing Representation or Section 6.9, the Buyer and Seller shall work in good faith to resolve any allegations of "channel stuffing." If the Buyer and the Seller are unable to resolve all allegations within ninety (90) days following the receipt of such Claims Notice by the Seller, any unresolved disputes shall be submitted to an independent accounting firm (the "Accounting Firm") for arbitration, in accordance with the standards set forth in this Section 8.6(b). The Accounting Firm shall be a nationally recognized independent public accounting firm as shall be agreed upon by the Seller and the Buyer in writing; provided, that if the Seller and Buyer cannot agree upon an Accounting Firm, one shall be chosen by a single arbitrator in accordance with the American Arbitration Association's Commercial Arbitration Rules and Mediation Procedures. The terms of engagement of the Accounting Firm shall be as mutually agreed upon between the Seller and the Buyer. The Seller and the Buyer shall enter into an engagement letter with the Accounting Firm promptly after its retention, which shall include customary indemnification and other provisions. The Seller and the Buyer shall cooperate with the Accounting Firm in all reasonable respects, but no party will have *ex parte* meetings, teleconferences or other correspondence with the Accounting Firm. As promptly as practicable thereafter, the Buyer and the Seller shall each prepare and submit a presentation to the Accounting Firm. Upon the Accounting Firm's receipt of each party's submission, the Accounting Firm shall circulate each party's submission to the other party. Thereafter, each party shall have thirty (30) days to submit a response to the other party's submission to the Accounting Firm. The Seller and the Buyer shall use commercially reasonable efforts to cause the Accounting Firm to render a written decision resolving the matters submitted to the Accounting Firm within thirty (30) days of the receipt of the final submission. The Accounting Firm's decision shall be (i) based solely on written submissions by the Seller and the Buyer and their respective Representatives (and it shall not permit or authorize discovery or hear testimony) and not by independent review, (ii) made strictly in accordance with the accounting principles and procedures set forth in this Agreement and (iii) final and binding on all of the parties hereto absent manifest error. The fees and expenses of the Accounting Firm incurred pursuant to this Section 8.6(b) shall be borne by the non-prevailing party. Any determinations by the Accounting Firm, and any work or analyses performed by the Accounting Firm, in connection with its resolution of any dispute under this Section 8.6(b) shall not be admissible in evidence in any suit, action or proceeding between the parties other than to the extent necessary to enforce payment obligations under this Section 8.6(b).

8.7 Exclusive Remedy. Except (a) in the case where a party seeks to obtain specific performance pursuant to Section 9.15, (b) the Seller Termination Fee in Section 7.5(a), (c) the Buyer Termination Fee in Section 7.5(b), and (d) for claims arising out of or in connection with fraud, from and after the Closing the rights of the parties to indemnification pursuant to the provisions of this ARTICLE 8 shall be the sole and exclusive remedy for the parties hereto with respect to any matter in any way arising from or relating to (i) this Agreement or its subject matter or (ii) any other matter relating to the Business Assets prior to the Closing, or any other transaction or state of facts relating to the Business Assets prior to the Closing, in each case regardless of the legal theory under which such liability or obligation may be sought to be imposed, whether sounding in contract or tort, or whether at law or in equity, or otherwise, and the parties hereby agree that the Buyer Indemnitees shall have no remedy or recourse with respect to any of the foregoing other than pursuant to, and subject to the terms and conditions of, this ARTICLE 8. The Buyer acknowledges and agrees that the Buyer Indemnitees may not avoid such limitation on liability by (1) seeking damages for breach of contract, tort or pursuant to any other theory of liability, all of which are hereby waived or (2) asserting or threatening any claim against any Person that is not a party hereto (or a successor or assign to a party hereto) for breaches of the representations, warranties and covenants contained in this Agreement. The parties agree that the provisions in this Agreement relating to indemnification, and the limits imposed on the Buyer's and the Buyer Indemnitees' and the Seller's and the Seller Indemnitees' remedies with respect to this Agreement and the transactions contemplated hereby were specifically bargained for between sophisticated parties and were specifically taken into account in the determination of the amounts to be paid to the Seller hereunder. Subject to the foregoing and the additional procedures for bringing or resolving disputes as specifically provided in this Agreement, to the maximum extent permitted by Law, the parties hereby waive all other rights and remedies with respect to any matter in any way relating to this Agreement or arising in connection herewith, whether under any laws at common law, in equity or otherwise.

8.8 Disbursements from the Escrow Account

(a) If any Buyer Indemnitee shall be entitled to recover any amounts from the Escrow Account pursuant to this Agreement and funds then remain on deposit in the Escrow Account, the Buyer and the Seller shall promptly provide a joint written instruction to the Escrow Agent (but in any event within three (3) Business Days) to deliver such amounts to such Buyer Indemnitee (or any Person designated by such Buyer Indemnitee); provided, that if no such funds remain, then Buyer Indemnitee shall be entitled to recover directly from the Seller.

(b) If, on the eighteen (18) month anniversary of the Closing Date (the "Escrow Reduction Date"), there are funds remaining in the Escrow Account, then the Escrow Account shall be reduced by the difference, if a positive number, of (i) two million five hundred thousand dollars (\$2,500,000) MINUS (ii) the aggregate value of all claims for Losses asserted by the Buyer under ARTICLE 8 that have either been paid out of the Escrow Account or are pending as of the Escrow Reduction Date (the "Reduced Escrow Amount").

(c) If, on the twenty-four (24) month anniversary of the Closing Date (the “Escrow Termination Date”), there are funds remaining in the Escrow Account, then the Seller shall be entitled to receive the balance of the funds remaining in the Escrow Account, subject to the provisions set forth in Section 8.8(d).

(d) If the Seller shall be entitled to receive the balance of the funds remaining in the Escrow Account pursuant to this Section 8.8, then the Seller shall promptly provide a written instruction to the Escrow Agent (but in any event within three (3) Business Days) to deliver such funds, by wire transfer of immediately available funds to accounts and in the amount designated in writing by the Seller in accordance with the other provisions of this Section 8.8(d); provided, however, that if prior to the Escrow Termination Date, the Seller has received one or more Claims Notices properly made under this Agreement that are unresolved on the Escrow Termination Date, then an amount equal to the lesser of (i) the amount of the aggregate Losses claimed in, and reasonably expected to be incurred in connection with, each such unresolved claim, or (ii) the amount remaining in the Escrow Account, shall continue to be held by the Escrow Agent in the Escrow Account to satisfy such claims and any other amounts associated therewith that are payable pursuant to this ARTICLE 8; and, provided, further, promptly after final resolution of each such claim, the Seller shall authorize the Escrow Agent to disburse all amounts remaining in the Escrow Account to the Seller in the same manner described in this Section 8.8(d).

8.9 Tax Treatment of Indemnity Payments. Unless otherwise required by applicable Law, any indemnity payment made under this Agreement shall be treated by all parties as an adjustment to the purchase price for all federal, state, local and foreign Tax purposes, and the parties shall file their Tax Returns accordingly.

2.2 Forecasts. Schedule 4 sets forth an initial forecast of the quantities of each Product estimated to be required for the Territory during the twelve (12) month period beginning [•], 2017. Hereafter, during the Term, on the tenth (10th) Business Day of every month, Buyer shall prepare and deliver to Supplier a forecast of the quantities of each Product estimated to be required for each month during the next twelve (12) month period, which shall generally be consistent with the initial forecast set forth on Schedule 4 (each, a “Forecast”). Forecasts shall not include any Product Validation Batches required under Section 6.4. For each Forecast, the forecasted quantities for the first four (4) months following the date of such Forecast shall be binding on the Parties and the forecasted quantities for months five (5) through twelve (12) following the date of such Forecast shall be non-binding on the Parties. Supplier shall notify Buyer as soon as possible, but in any event within five (5) Business Days of receipt of a Forecast, if Supplier believes it will be unable to deliver Product in accordance with such Forecast. Except as otherwise set forth in this Manufacturing Agreement, Supplier’s providing of such notification shall not relieve Supplier of its obligations under this Manufacturing Agreement, nor shall it prevent Buyer from pursuing any and all rights and remedies Buyer may have based on Supplier’s failure to be able to deliver any Product in accordance with the terms of this Manufacturing Agreement.

2.3 Orders.

2.3.1 Purchase Orders. Together with each Forecast provided under Section 2.2, Buyer shall place purchase orders for the binding portion of the Forecast. Such purchase order will specify the quantity of Product, destination(s) and delivery dates in accordance with reasonable delivery schedules and lead times as may be agreed upon from time to time by the Parties in accordance with Schedule 2; provided, however, that the required lead time shall not exceed one hundred twenty (120) days unless otherwise mutually agreed. Supplier shall accept all purchase orders submitted by Buyer in accordance with this Article 2 within five (5) business days from receipt of the order. In the event that Buyer receives no response from Supplier regarding a purchase order within the five (5) business day period, the purchase order shall be deemed to have been confirmed by Supplier on the terms defined by Buyer on the purchase order. Accepted and deemed accepted purchase orders may not be cancelled without the prior written agreement of both Parties except as set forth in Sections 2.7.2 and 12.2.5. Unless otherwise directed by Buyer, Supplier shall fill all purchase orders for Product in accordance with the requested due dates as set forth in further detail in Section 2.7.3. Notwithstanding anything to the contrary in this Manufacturing Agreement, Supplier and Buyer acknowledge that the prices set forth on Schedule 1 are for purchase orders that comply with the terms of Schedule 2 and are for a quantity of Product equal to greater than the applicable “Minimum Batch Size” set forth on Schedule 2. In the event that the specifications of a purchase order do not comply with the terms of Schedule 2 or are for a quantity less than the applicable “Minimum Batch Size” set forth on Schedule 2, the Parties shall negotiate in good faith and agree upon revised pricing for such purchase order.

2.3.2 No Conflicting Terms. The terms and conditions of this Manufacturing Agreement shall be controlling over any conflicting terms and conditions stated in Buyer's purchase order or Supplier's invoice, confirmation or other standardized document. Any purchase order, order acknowledgement, invoice, proposal or other document which conflicts with or adds to the terms and conditions of this Manufacturing Agreement with respect to the Manufacture and supply of Product for the Territory is hereby rejected, unless the Parties mutually agree to the contrary in writing.

2.4 Delivery and Risk of Loss. Supplier shall make deliveries of Product(s) to the delivery destination(s) specified by Buyer. Unless otherwise specified by Buyer, all shipments of Product(s) shall be Free On Board (Incoterms 2010) at the Facility. Title and risk of loss and damage to the Product(s) shall remain with Supplier until the Product(s) are shipped to Buyer in accordance with the foregoing. At the time of shipment, Supplier shall, to the extent applicable, provide to Buyer all necessary shipping and import/export documentation. In the event that Buyer's requested shipping and import/export documentation necessitates a change from the Supplier's current practices (or the terms set forth on Schedule 2), Supplier and Buyer shall negotiate in good faith and agree upon revised pricing for such matters.

2.5 Packaging.

2.5.1 Packaging. Supplier shall provide the Product to Buyer in finished Packaged form in accordance with all reasonable instructions (including artwork, packaging and mechanicals) provided by Buyer, which instructions shall be delivered in December of each year for inventory build-up commencing the following May. Product(s) shall be shipped to Buyer, or its designee, and shall be Packaged in accordance with the Required Standards. In the event that the Product is to be shipped with data loggers, Buyer shall supply such data loggers and Supplier will include the same in the shipment.

2.5.2 Artwork and Tooling. Buyer shall provide and support, at Buyer's expense, all artwork required in the Manufacturing of the Product, including labeling, art and mechanicals, digital files, color separations and Packaging. Supplier shall transfer or return to Buyer all artwork and tooling supplied or paid for by or on behalf Buyer upon the termination or expiration of this Manufacturing Agreement.

2.6 Conformance to Required Standards. Supplier shall Manufacture the Product(s) in accordance with the Required Standards, as the same may be mutually amended or supplemented from time to time. Each Party shall keep the other Party promptly and fully advised of any new instructions or Specifications required by the applicable Regulatory Authority or applicable Law of which it becomes aware. 2.7 Supply and Delivery.

2.7.1 Alternative Sources of Supply. The Parties will discuss appropriate methods to ensure consistency of supply of the Product for the Territory, including qualifying alternate sources of supply. Buyer shall have the right to qualify an alternate source of the Product at any time during the Term, and Supplier will assist Buyer in qualifying such alternate source as commercially reasonably requested by Buyer, including by granting any necessary licenses and conducting technology transfer as reasonably necessary to enable such alternate supplier to Manufacture the Product at Buyer's request and expense. In the event that Buyer has minimum purchase obligations, then if there is a Failure to Supply as set forth in Section 2.7.2 below or if Buyer incurs Liabilities pursuant to this Manufacturing Agreement in excess of the Seller Cap, Buyer shall have the right to purchase Product from any such alternate supplier without being in breach of such obligations.

2.7.2 Failure to Supply/Notification of Capacity and Capacity Restrictions

(a) Supplier and Buyer will provide each other with monthly statements of their respective finished goods inventory of the Product and cooperate with each other in good faith to develop Forecasts pursuant to Section 2.2. Supplier will promptly notify Buyer in writing in the event that Supplier is unable or anticipates that it will be unable to supply compliant Product in accordance with the requirements of this Manufacturing Agreement (1) in the quantities and during the Delivery Time Period set forth in any purchase order accepted in accordance with Section 2.3.1; or (2) within sixty (60) days of the Delivery Time Period in any purchase order accepted in accordance with Section 2.3.1 (each a "**Failure to Supply**").

(b) Without limiting the foregoing, Supplier shall immediately notify Buyer in writing in the event that its available Manufacturing capacity may, during any four (4) quarter period, be less than [****] percent ([****]%) of its maximum Manufacturing capacity for the Product(s) and products equivalent to the Products. Within ten (10) days of receipt of said notification, the Parties agree to meet to discuss and evaluate Supplier's remaining capacity in relation to Buyer's Manufacturing requirements for the Product(s). Any allocation of supply shall be carried out in accordance with Section 2.7.4.

(c) In the event of a Failure to Supply, in addition to any other rights or remedies available to Buyer, Buyer shall have the right to take any measures available to it to mitigate any of its resulting losses, including using an alternate supplier of the Product during the period affected by such Failure to Supply and for a period of twelve (12) months thereafter. Buyer shall also have the right to terminate this Manufacturing Agreement in its entirety immediately upon written notice to Supplier in the event a Failure to Supply continues for more than one hundred eighty (180) days. Buyer shall also have the right to cancel orders for any quantities of Product affected by such Failure to Supply effective upon notice to Supplier, and Buyer shall have no further obligations to purchase any such cancelled quantities of Product. Supplier will, at Supplier's cost and expense, provide such assistance as is commercially reasonably requested by Buyer to assist the alternate supplier in meeting Buyer's requirements for the Product until Supplier has remedied the cause of such Failure to Supply and is able to supply Product to Buyer in its requested quantities. Such assistance shall include (a) granting such alternate supplier any necessary licenses on a temporary basis to the extent such licenses are readily able to be transferred by Supplier in such manner and (b) transferring the Acquired Intellectual Property, Know-How and any other Business Assets used in the Manufacturing processes for the Product. 2.7.3 **Delivery Delays.** Supplier shall schedule shipments of Products that shall arrive to the delivery destination(s) specified by Buyer, no more than twenty-one (21) days before or seven (7) days after the delivery dates specified by Buyer in the relevant purchase order (the “**Delivery Time Period**”). Subject to the Seller Cap, Section 15.4 and the last sentence of Section 2.7.2(c), for any Failure to Supply compliant Product(s) in the Delivery Time Period, Supplier shall be liable for: (a) the cost of delivery to Buyer; and (b) any reasonable penalties, costs and expenses incurred by Buyer, whether due to Third Party claims, lost profits or otherwise, as a result of Supplier’s Failure to Supply compliant Product(s) during the Delivery Time Period, subject to receipt by Supplier of appropriate evidence of such penalties, costs and expenses to the extent such evidence of such amounts may be provided by Buyer without breaching Buyer’s duties of confidentiality to its customers; provided, however, that it shall not be deemed a Failure to Supply if Supplier shipped Products that comply with all Specifications in accordance with the first sentence of this Section 2.7.3. The rights of Buyer set forth in this paragraph are in addition to any other rights set forth in this Manufacturing Agreement.

2.7.4 **Allocation.** Without limiting any other rights or remedies available to Buyer, if the demand for a Product in aggregate exceeds available supply or Supplier otherwise concludes that it may be unable to supply a Product in accordance with the requirements of this Manufacturing Agreement in the quantities and within the time periods specified in the then-current Forecast or purchase orders provided by Buyer, Supplier shall immediately notify Buyer of such shortfall (or anticipated shortfall), shall use its best efforts to procure supplies adequate to meet the binding portion of Buyer’s Forecasts and accepted purchase orders. Supplier shall prioritize supply of such Product to Buyer and allocate its available manufacturing capacity to provide Buyer with quantities of such Product at least equal to [****] percent ([****]%) of Buyer’s previously forecasted requirements of such Product, as evidenced by the Forecasts Buyer has submitted.

2.8 Priority. Supplier shall meet all of Buyer’s Manufacturing and Packaging requirements as set forth in this Manufacturing Agreement and use its best effort to provide Buyer with such Product requirements in priority compared to the manufacturing or packaging of any product(s) for any Third Party.

2.9 Short Dated Product. Supplier agrees to ship all Product(s) so that they are received and released by Buyer with not less than [****] percent ([****]%) of shelf life remaining at the time of dispatch, which shelf life will be calculated from the date of Manufacture of the Product. Product with less than [****] percent ([****]%) shelf life remaining shall be considered “**Short Dated Product**.” At the discretion of Buyer, Short Dated Product(s) may be accepted on a case-by-case basis in individual purchase situations. Short Dated Product not accepted shall be deemed non-conforming and rejected for all purposes of this Manufacturing Agreement, and Buyer shall be entitled to the remedies set forth in Article 5 with respect to non-conforming product. Each Party acknowledges and agrees that the Products set forth on Schedule 1 as of the Effective Date do not carry an expiration date.

2.10 Subcontracting by Supplier. Without Buyer's prior written approval, not to be unreasonably withheld, Supplier may not subcontract or otherwise delegate all or any portion of its obligations under this Manufacturing Agreement to the extent the subcontractor or delegatee will have access to any Confidential Information of Buyer or the subcontractor's or delegatee's activities include Product Manufacturing. Supplier shall (a) ensure that each subcontractor and delegatee has and maintains all appropriate qualifications; (b) if applicable, enter into a quality agreement with each such subcontractor and delegatee which terms are similar to the terms of the Quality Agreement between Buyer and Supplier; and (c) be responsible for each subcontractor's and delegatee's performance hereunder (including performance or non-performance by such subcontractor or delegatee that would constitute a breach of this Manufacturing Agreement or such quality agreement if conducted by Supplier) as if Supplier were itself performing such activities.

2.11 Inventory Requirements. For each Product, Supplier shall maintain a rotating inventory of the required AI and other Components in sufficient quantities to satisfy binding purchase orders and Forecasts. Supplier will manage the AI and Component inventory on a "First Expiring First-Out ("FEFO")" basis. Supplier shall maintain the AI and Component inventory in accordance with the applicable Required Standards.

ARTICLE 3 PRICING AND PAYMENT

3.1 Invoices. Supplier shall invoice Buyer at the time of each shipment of Product(s) for the Price for such shipment. Buyer will pay such invoices within [****] days of receipt of invoice (including all required, standard documentation) by Buyer.

3.2 Prices. Except as expressly set forth in this Manufacturing Agreement, the Price shall remain fixed for each calendar year during the Term. On an annual basis, Supplier will review Prices and shall notify Buyer of any proposed revisions to the Prices no later than ninety (90) days prior to the end of each calendar year. The Prices shall be increased or decreased to the extent necessary to reflect any documented changes in Component cost, Product or delivery specifications, or other changes in respect of the cost of the Manufacture of the Product, and such increase or decrease shall be made effective upon the mutual agreement of the Parties in writing. Except for changes in the Price as a result of any decreases, changes in the Price will be effective on January 1st of each calendar year during the Term. Notwithstanding the foregoing, there shall be no adjustments to the Prices until [****] other than pursuant to Section 3.2.1.

3.2.1 Commodity Component. No later than sixty (60) days prior to the end of each calendar year of the Term, Supplier shall secure a fixed price commodity contract for sugar. If Supplier is required to purchase additional amounts of sugar at a price different from the price set forth in the applicable fixed price commodity contract, then the Prices for Products containing sugar shall be increased or decreased by Buyer's proportional share of such increase or decrease, taking into account all products Supplier produces for itself or any Third Parties incorporating sugar.

3.2.2 Increase or Reduction in AI Price. After [****], if at any time during the Term, the price of the AI supplied and used by Supplier in Manufacturing any Product(s) hereunder is increased or reduced, Supplier shall notify Buyer and shall promptly increase or reduce the Price of the Product(s) that contain such AI by an amount that reflects the increased or reduced AI price used in such Product(s).

In the event that Supplier disputes the accuracy of the report prepared by Buyer pursuant to this Section 3.2.3(a) regarding the Conforming Inventory, the Parties shall resolve such dispute in accordance with Section 8.6(b) of the Purchase Agreement. Notwithstanding anything to the contrary in this Manufacturing Agreement, if Buyer instructs Supplier or ProPhase to ship any Inventory to a Third Party customer pursuant to the Transition Services Agreement or any other agreement between the parties, the parties acknowledge and agree that such Inventory shall be considered Conforming Inventory.

(b) In the event the Conforming Inventory Price is less than the price paid to Supplier pursuant to Section 2.1.1 (the difference being referred to as, the "**Overpayment**"), Supplier shall apply the amount of the Overpayment as a credit to the next successive invoices until such amount is exhausted.

3.3 Credit, Return and [**].** The Parties acknowledge and agree that Buyer shall receive a credit of [****] US Dollars (\$[****]) to cover any customer returns of conforming products sold prior to the Effective Date, which shall be applied in twenty-four (24) equal amounts over the twenty-four (24) month period following the Effective Date. [****].

3.4 Recordkeeping. During the Term and for one (1) year thereafter, or for such longer period as may be required by applicable Law, Supplier shall prepare and retain, and shall cause its subcontractors to prepare and retain, accurate books and records related to transactions made pursuant to this Manufacturing Agreement and Prices. Such records shall be made available for reasonable review, audit and inspection upon reasonable notice and with reasonable frequency, upon Buyer's request for the purpose of verifying Supplier's calculations of amounts due hereunder, and the basis for such calculations or payments. Any Buyer Affiliate or Third Party designee exercising Buyer's rights or performing Buyer's responsibilities under this Manufacturing Agreement shall be responsible for complying with the terms hereof and for payment of any of its related fees and costs. Supplier shall not bring any claim for liability under this Manufacturing Agreement against any Buyer Affiliate or Third Party designee other than the entity exercising the rights or performing the obligations upon which such alleged liability is based. Supplier shall not incur any cost or expense of the Buyer Affiliate or Third Party designee in the performance of the Buyer Affiliate or Third Party designee services.

ARTICLE 5
PRODUCT TESTING

5.1 Product Testing and Inspections. Each shipment of Product shall be accompanied by a certificate of analysis describing all current requirements of the Specifications and results of tests performed on such Product and a certificate of conformity certifying that the quantities of Product supplied have been Manufactured, controlled and released according to the Required Standards ("COA/COC"). Supplier will also provide Buyer with Material Safety Data Sheets ("MSDS") or an equivalent instrument recognized by the applicable Regulatory Authority as required for the Product(s), and updates of the same as necessary.

5.2 Acceptance/Rejection of Non-Conforming Goods. Buyer shall have a period of thirty (30) days from the date of Buyer's receipt of the Product(s) at the designated Buyer facility, and the COA/COCs or the equivalent instrument recognized by the applicable Regulatory Authority for such Product(s), to inspect any shipment of Product(s) to determine whether such shipment conforms to the Required Standards. If Buyer determines that the Product(s) do not conform to the Required Standards, it shall notify Supplier, and, if requested by Supplier, Buyer shall ship a sample of such non-conforming Product(s) to Supplier at Supplier's expense. Buyer's failure to notify Supplier of the non-conformity within the thirty (30) day period specified above will be deemed for purposes of this Manufacturing Agreement to constitute Buyer's acceptance of such shipment, provided, however, that such acceptance shall be subject to Buyer's right to reject Product(s) due to latent defects discovered by Buyer or Buyer's customers after such thirty (30) day period has expired by providing Supplier with written notice of such latent defect within thirty (30) days of Buyer's becoming aware of such defect.

5.3 Disputes Regarding Conformance to Required Standards. If Supplier does not agree with Buyer's determination that Product fails to conform to the Required Standards, then Supplier shall so notify Buyer in writing within ten (10) days of its receipt of Buyer's notice of non-conformity with respect to such Product and (if requested) Product sample. Supplier and Buyer shall use reasonable efforts to resolve such disagreement as promptly as possible. Without limiting the foregoing, Supplier and Buyer shall discuss in good faith mutually acceptable testing procedures pursuant to which both Supplier and Buyer will re-test a sample of the disputed Product to determine whether such Product meets the Required Standards. Notwithstanding the foregoing, in the event that Supplier and Buyer are unable to resolve such disagreement within thirty (30) days of the date of the applicable rejection notice, either Party may submit a sample of the allegedly non-conforming Product for testing and a determination as to whether or not such Product conforms to the Required Standards to an independent testing organization, or to a consultant of recognized repute within the United States pharmaceutical industry, in either case mutually agreed upon by the Parties (such organization or consultant, the "**Laboratory**"), the appointment of which shall not be unreasonably withheld or delayed by either Party. The determination of the Laboratory with respect to all or part of any shipment of Product shall be final and binding upon the Parties. The fees and expenses of the Laboratory making such determination shall be borne by Supplier, in the event that the Laboratory determines that the Product was non-conforming and by Buyer, in the event that the Laboratory determines that the Product did conform to the Required Standards.

5.4 Return and Replacement of Non-Conforming Goods. Product accepted by Supplier as not meeting the Required Standards, or which are determined by the Laboratory not to meet such Required Standards, shall be returned by Buyer to Supplier, or destroyed pursuant to applicable Law, at Supplier's expense. Supplier shall replace any non-conforming Product(s) within the shortest possible time. Buyer shall have no responsibility to Supplier for the amounts invoiced for non-conforming Product(s), and shall be credited for any amounts paid, but shall pay Supplier the applicable Price for the replacement Product(s) under the terms of Section 3.1.

ARTICLE 6 **INSPECTION**

6.1 Initial cGMP Audit. On November 30, 2016 and December 1, 2016, Buyer performed an initial qualifying audit of the Facility to verify compliance with cGMPs and Buyer's quality requirements ("**Initial Facility Audit**"). If the results of the Initial Facility Audit are not satisfactory in the sole opinion of Buyer, Supplier shall perform, at its own expense, the requested or appropriate modifications of the Facility reasonably necessary to cure the deficiencies identified during the Initial Facility Audit so the Facility is cGMP and Buyer quality compliant. Supplier shall provide satisfactory evidence of these modifications to Buyer; thereafter, Buyer shall be entitled to perform an additional Facility audit with a minimum of ten (10) days' prior notice to ensure that the deficiencies identified during the Initial Facility Audit have been cured ("**Follow-Up Initial Facility Audit**").

6.2 Ongoing Right to Audit. During the Term and for such period thereafter that any Product Manufactured hereunder is available for sale, Buyer or a Buyer designee may, during normal working hours and upon not less than ten (10) days' advance notice, inspect, or request information relating to, the Facility or Supplier's subcontractors' facilities and records directly or indirectly involved in the performance of this Manufacturing Agreement. During such an inspection or request for information the inspectors may inquire about the progress of the work being carried out by Supplier or its subcontractor pursuant to the Products covered by the Manufacturing Agreement and are in particular but not exclusively authorized to:

6.2.1 Inspect the Facility, documents and equipment used, or to be used, in the Manufacture of the Products and the Components;

6.2.2 Verify the qualifications of the employees and subcontractors carrying out such work and their use of the relevant equipment;

6.2.3 Evaluate all scientific techniques used by Supplier, its subcontractors and their respective employees in the performance of this Manufacturing Agreement and the procedures used in the creation and storage of samples of the Products; and

6.2.4 Verify and evaluate information relating to the utilization of the Manufacturing capacity of the Facility or Supplier's subcontractors' facilities.

6.3 Access. Supplier shall provide Buyer's inspectors with unfettered, reasonable access to its Facility, its subcontractors' facilities, and information related to such facilities, in order that the inspectors may carry out the inspections or inquiries referred to in the provisions of this [Article 6](#). Buyer shall also have the right to observe the Manufacture of the Product, upon reasonable notice, at any time when Product is being Manufactured, and to be present at the Facility and its subcontractors' facilities at such times. Audits and inspections may be conducted by Buyer's own personnel or retained consultant(s), subject to the confidentiality obligations set forth in this Manufacturing Agreement. Notwithstanding the foregoing, Supplier shall have no obligation to provide Buyer with the aforementioned access to any subcontractor's facilities hereunder if Supplier does not have such access rights to such subcontractor's facilities. To the extent that Supplier requires any such personnel or consultant(s) to sign a separate confidentiality agreement in connection with such audit, the Parties agree to use the form set forth in [Exhibit 3.4](#).

6.4 Product Validation Batches. Supplier shall produce and test Product Validation Batches for any new and/or proposed Products, which shall include changes to formulation or ingredients or line extensions of the current Products, or upon the reasonable request of Buyer. Supplier, for and on behalf of itself and its contractor(s), agrees that it shall permit at least two (2) personnel from Buyer, at Buyer's sole cost and option, to be physically present at the Facility during the Manufacturing and testing of the Product Validation Batches for Products for the purposes of ensuring that the production of these batches is in accordance with established Specifications and other protocols and to answer any questions which may arise during said Manufacturing. Prior to producing and testing any Product Validation Batches, Buyer and Supplier shall negotiate in good faith costs and expenses associated therewith.

6.5 Corrective Action Plan. Supplier shall use its best efforts to ensure that within thirty (30) days after receipt of an audit report signed by an authorized representative of Buyer, Supplier or its subcontractor(s) shall respond to the audit report with a written corrective action plan that includes a detailed timeline. Upon receipt of Buyer's approval of the written corrective action plan, Supplier shall, or shall cause its subcontractor to, implement such plan and remediate any and all discrepancies set forth in the audit report. The cost of such remediation shall be borne by Supplier or its subcontractor.

6.6 Supplier Audits. Without limiting the foregoing, Supplier is responsible for auditing its suppliers of Components periodically, and Supplier agrees to provide Buyer, upon Buyer's request with a current copy of the audit report of such facilities.

ARTICLE 7
REGULATORY AND QUALITY RESPONSIBILITIES

7.1 Regulatory Approval Responsibilities. As the holder of the Regulatory Approvals, Buyer, or the appropriate Buyer Affiliate, will have sole authority to handle regulatory matters and interactions with Regulatory Authorities relating to the Product(s) in the Territory except as otherwise specifically stated in this Manufacturing Agreement. Buyer shall maintain the Regulatory Approvals for the Product(s), including the filing of any reports or filings required by the applicable Regulatory Authority, and all other regulatory and governmental permits, licenses and approvals for the Product(s) that are necessary for Buyer or its Affiliates to market, sell and distribute the Product(s) in the Territory. Supplier shall obtain and maintain any and all regulatory and governmental permits, licenses and approvals that are necessary for Supplier to Manufacture the Product(s) for Buyer or its Affiliates in accordance with the terms of this Manufacturing Agreement and applicable Law.

7.2 Safety and Adverse Drug Reactions. Within ninety (90) days after the Effective Date, the Parties shall use commercially reasonable efforts to enter into a separate safety and pharmacovigilance agreement for the Product based on Buyer's standard form (the "**Pharmacovigilance Agreement**"), which shall: (a) provide detailed procedures regarding the maintenance of core safety information; (b) require the exchange of safety information and reports of Adverse Drug Experiences for ensuring compliance with the reporting requirements of all applicable Regulatory Authorities; and (c) provide procedures for the preparation, and periodic review of, a common technical document for use in connection with any filing with a Regulatory Authority relating to each Product. Until such time as the Parties have entered into such Pharmacovigilance Agreement, each Party shall inform the other Party of any information regarding Adverse Drug Experiences or other safety issues related to the use of AI or Products of which it becomes aware in a timely manner commensurate with the seriousness of the event to allow the other Party to comply with applicable Law. Each Party shall ensure that its Affiliates and other Persons authorized thereby, as applicable, comply with all such reporting obligations. Each Party shall designate by notice to the other Party a safety liaison to be responsible for communicating with the other Party regarding the reporting of adverse events with respect to the Product(s). Supplier shall also promptly submit to Buyer all Product(s) complaints of which it becomes aware. To the extent that any inconsistencies or conflicts exist between the Pharmacovigilance Agreement and this Manufacturing Agreement, the provisions in this Manufacturing Agreement shall prevail, except with respect to matters related solely to safety reporting issues, in which case the Pharmacovigilance Agreement shall prevail.

7.3 Recalls. Each of Buyer and Supplier will immediately inform the other in writing if it believes one or more lots of any Product(s) should be subject to recall from distribution, withdrawal or some other field action. Buyer shall have the final decision-making authority as to any such recall or field action and the sole right to initiate any such recall or field action. Supplier shall cooperate in the conduct of any recall or field action with respect to the Product as reasonably requested by Buyer. In the event it is determined that such a recall resulted from a breach by either Party of any of its representations, warranties, duties or obligations under this Manufacturing Agreement, such Party shall be responsible for the costs of the recall and shall reimburse the other Party as necessary; provided that if both Parties share responsibility with respect to such recall, the costs shall be shared in the ratio of the Parties' contributory responsibility. The Parties shall each maintain traceability records as are sufficient and as may be necessary to permit a recall of the Product(s).

7.4 Retention of Samples. Supplier shall prepare and retain, and shall cause its subcontractors to prepare and retain, such samples and records in respect of the Product(s) and the Manufacture thereof as are required by applicable Law (including cGMPs).

7.5 Regulatory Authority Inspections and Correspondence. Supplier shall permit Regulatory Authorities to conduct such inspections of its Facility at which the Manufacturing activities relating to the Product(s) are performed, as such Regulatory Authorities may request, including pre-approval inspections, and shall cooperate with such Regulatory Authorities with respect to such inspections and any related matters, in each case that is related to the Manufacture of Product(s). Supplier shall give Buyer prior written notice of any such inspections, and shall keep Buyer informed about the results and conclusions of each such regulatory inspection, including actions taken by Supplier to remedy conditions cited in such inspections. In addition, Supplier shall allow Buyer or its representative to assist in the preparation for and be present at, and participate in, such inspections, subject to the confidentiality obligations set forth in this Manufacturing Agreement. To the extent that Supplier requires any such representative to sign a separate confidentiality agreement in connection with such inspection, the Parties agree to use the form set forth in Exhibit 3.4. Supplier shall provide Buyer with copies of any written inspection reports issued by any Regulatory Authority and all correspondence between Supplier and any Regulatory Authority with respect thereto, including any notices of observation and all related correspondence, in each case relating to the Product(s) or its Manufacture or to general manufacturing concerns (e.g., facility compliance or the like) that may impact the Product(s). Supplier shall provide Buyer with a copy of its response to any such reports or correspondence from the FDA for review and comment prior to submission to the applicable Regulatory Authority. In addition, Supplier shall notify Buyer of any occurrences or information that arise out of Supplier's Manufacturing activities that have, or could reasonably be expected to have, adverse regulatory compliance or reporting consequences concerning any Product(s) or which might otherwise be reasonably expected to adversely affect the supply by Supplier of Product(s) to Buyer.

7.6 Changes or Modifications in Manufacturing Activities. Supplier shall not make any changes to the Specifications, processes, Facility, raw materials, raw material suppliers or any other item in any manner that would affect the Manufacturing activities related to the Product, without Buyer's prior written approval, which shall not be unreasonably delayed or withheld. Notwithstanding the foregoing, Supplier shall promptly make and implement such changes as are required by applicable Law ("**Required Changes**"), provided that, prior to implementation, all such Required Changes shall be subject to Buyer's written approval, including with respect to the timelines, estimated effect on Price and other issues regarding such implementation. In addition, Buyer shall have the right to request changes in or modifications to the Specifications. All such changes or modifications shall be documented in writing and shall be signed by an authorized representative of Buyer and Supplier. If such changes or modifications result in a material change in Supplier's Manufacturing costs or lead times, the Parties shall agree upon an appropriate adjustment to the Price or in the delivery schedules, as the case may be, for Product(s) to be provided by Supplier hereunder. Supplier shall promptly implement all such agreed upon changes to the Specifications.

7.7 Deviations and Investigations. In the event that a material deviation occurs during the course of the Manufacture, including Packaging, storage and analytical testing, of any batch of Product(s) for Buyer under this Manufacturing Agreement, Supplier shall immediately provide Buyer with a detailed written description of any such deviation. In addition, Supplier shall undertake all reasonable and appropriate actions to investigate the cause of such deviation and to correct the same as set forth in the Quality Agreement. A completed written report of the results of any such investigation will be provided to Buyer along with the COA/COC for such batch.

7.8 Quality Agreement. Within ninety (90) days following the Effective Date, or at such later time by mutual agreement, the Parties shall enter into a mutually agreeable quality and technical agreement based on Buyer's standard form, in English and in accordance with Buyer's and Supplier's standard operating procedures and in conformity with any Regulatory Authority requirements and applicable Law (the "**Quality Agreement**"). Until a Quality Agreement is entered into between the Parties, this Manufacturing Agreement, in conjunction with all applicable Regulatory Authority requirements and applicable Law, shall govern the Parties' responsibilities with respect to procedures impacting the identity, strength, quality, purity and all other aspects of the Product(s). To the extent that any inconsistencies or conflicts exist between the Quality Agreement and this Manufacturing Agreement, the provisions in this Manufacturing Agreement shall prevail, except with respect to matters related solely to the quality of the Product(s), in which case the Quality Agreement shall prevail. Buyer may immediately terminate this Manufacturing Agreement upon written notice to Supplier in the event that the Quality Agreement is terminated in accordance with the respective terms of this Manufacturing Agreement or the Quality Agreement.

ARTICLE 8 INTELLECTUAL PROPERTY

8.1 Ownership of Inventions. Buyer shall own all data, work product, results, reports, inventions, improvements (including any improvement to the Acquired Intellectual Property, Know-How and any other Business Assets used in the Manufacturing process for Product), developments, technologies and information and all intellectual property rights in any of the foregoing that: (a) are generated solely or jointly by or on behalf of Supplier or its subcontractors or delegates in the performance of any activities in connection with this Manufacturing Agreement; (b) arise from, are based upon, or relate to Supplier's use of any Confidential Information of Buyer; or (c) otherwise relate to the Product thereof (collectively, "**Buyer Inventions**"). To the extent that Supplier would otherwise have any interest in or to Buyer Inventions, Supplier hereby assigns to Buyer all right, title and interest in and to such Buyer Inventions. Supplier agrees to execute such documents and take such other actions as Buyer may reasonably request to evidence and perfect the foregoing assignment and Buyer's rights in and to Buyer Inventions.

8.2 Trademark License for Inventory. Buyer shall use commercially reasonable efforts to sell all Inventory before selling Products bearing the same or similar trade dress, packaging and labeling bearing any of Buyer's names or trademarks.

10.3.2 Disclosure Required by Law. The restrictions set forth in this Article 10 shall not apply to the extent that the Receiving Party is required to disclose any Confidential Information under Law or by an order of a Governmental Authority; provided that the Receiving Party: (a) provides the Disclosing Party with prompt written notice of such disclosure requirement if legally permitted, (b) uses reasonable commercial efforts to afford the Disclosing Party an opportunity, and cooperates with the Disclosing Party's efforts, to oppose or limit, or secure confidential treatment for such required disclosure (at the Disclosing Party's expense), and (c) if the Disclosing Party is unsuccessful in its efforts pursuant to subsection (b), discloses only that portion of the Confidential Information that the Receiving Party is legally required to disclose as advised by the Receiving Party's legal counsel.

Except as set forth in the Purchase Agreement, each Party agrees not to issue any press releases, reports, or other statements in connection with this Manufacturing Agreement intended for use in the public or private media or otherwise disclose the terms of this Manufacturing Agreement to any Third Party without the prior written consent of the other Party hereto, which consent shall not be unreasonably withheld, except to such Party's attorneys, advisors and others on a need to know basis in each case consistent with customary practice under circumstances that protect the confidentiality thereof; provided that Buyer may inform its customers, suppliers and business contacts that Supplier supplies Product(s) to Buyer in the ordinary course of business without Supplier's consent. Notwithstanding the foregoing, each Party may make announcements concerning the subject matter of this Manufacturing Agreement if required by applicable Law or any securities exchange or Governmental Authority or any tax authority to which any Party is subject or submits, in which case the Party making such announcement shall provide the other Party with a copy of such announcement at least three (3) Business Days prior to issuance, to the extent practicable under the circumstances, and shall only disclose information required by applicable Law or such exchange or authority.

ARTICLE 11
INDEMNIFICATION AND INSURANCE

11.1 Indemnification.

11.1.1 Indemnification by Supplier. Supplier hereby agrees, at its sole cost and expense, to defend, hold harmless and indemnify, to the extent permitted by applicable Law, (collectively, “**Indemnify**”) Buyer and its Affiliates and their respective directors, officers and employees of such Persons and the respective successors and assigns of any of the foregoing (the “**Buyer Indemnitees**”) from and against any and all liabilities, damages, penalties, fines, costs and actual expenses (including, reasonable attorneys’ fees and other expenses of litigation) (collectively, “**Liabilities**”) resulting from suits, claims, actions and demands, in each case brought by a Third Party (each, a “**Third-Party Claim**”) against any Buyer Indemnitee and arising from or occurring as a result of: (a) any material breach of any of Supplier’s obligations, representations, warranties or covenants under this Manufacturing Agreement; or (b) the gross negligence or willful misconduct of a Supplier Indemnitee under this Manufacturing Agreement. Supplier’s obligation to Indemnify Buyer Indemnitees pursuant to this Section 11.1.1 shall not apply to the extent that any such Liabilities are the result of a material breach by Buyer of its obligations, representations, warranties or covenants under this Manufacturing Agreement or any Buyer Indemnitee’s gross negligence or willful misconduct. Notwithstanding anything to the contrary in this Manufacturing Agreement, Supplier’s liability arising from this Manufacturing Agreement and the performance hereof shall not exceed [****] Dollars (\$[****]) in the aggregate (the “**Seller Cap**”). Additionally, Supplier’s obligation to Indemnify Buyer Indemnitees shall include lost profits and out-of-pocket costs and expenses. The Seller Cap shall not, nor shall any other limitation set forth in this Manufacturing Agreement, apply to any indemnification obligations where a Third-Party Claim for bodily injury or death arises from the gross negligence or willful misconduct of Supplier.

11.1.2 Indemnification by Buyer. Buyer hereby agrees to Indemnify Supplier and its agents, directors, officers and employees and the respective successors and assigns of any of the foregoing (the “**Supplier Indemnitees**”) from and against any and all Liabilities resulting from Third-Party Claims against any Supplier Indemnitee arising from or occurring as a result of: (a) any material breach of any of Buyer’s obligations, representations, warranties or covenants under this Manufacturing Agreement; or (b) the gross negligence or willful misconduct of a Buyer Indemnitee. Buyer’s obligation to Indemnify Supplier Indemnites pursuant to this Section 11.1.2 shall not apply to the extent that any such Liabilities are the result of a material breach by Supplier of its obligations, representations, warranties or covenants under this Manufacturing Agreement or any Supplier Indemnitee’s gross negligence or willful misconduct.

11.1.3 Procedure. To be eligible to be Indemnified hereunder, the indemnified Person shall provide the indemnifying Party with prompt written notice of the Third-Party Claim giving rise to the indemnification obligation pursuant to this Section 11.1.3 and the right to control the defense (with the reasonable cooperation of the indemnified Person) or settlement any such claim; provided, however, that the indemnifying Party shall not enter into any settlement that admits fault, wrongdoing or damages without the indemnified Person’s written consent, such consent not to be unreasonably withheld or delayed. The indemnified Person shall have the right to join, but not to control, at its own expense and with counsel of its choice, the defense of any claim or suit that has been assumed by the indemnifying Party.

11.1.4 Indemnification under the Purchase Agreement. The Parties agree that to the extent any claims for indemnification can be properly brought under the Purchase Agreement, such claims will be brought under the Purchase Agreement and no indemnity will be available hereunder.

11.2 Product Liability Insurance. Each Party shall, during the Term and for one (1) year after termination or expiration of this Manufacturing Agreement, obtain and maintain at its own cost and expense from a qualified insurance company (provided however that Buyer may satisfy all or part of its obligation through its insurance captive or self-insurance) product liability insurance providing protection against any and all claims, demands, and causes of action arising out of any defects, alleged or otherwise, of the Product(s) or their use, design or Manufacture, or any material incorporated in the Product(s). The amount of coverage shall be a minimum of [****] US Dollars ([****] USD) combined single limit coverage for each occurrence for bodily injury or for property damage and shall be provided from an insurance company qualified to write global product liability coverage. Each Party agrees, upon request, to furnish the other Party with a certificate of insurance evidencing such insurance coverage (at the execution of this Manufacturing Agreement and at each subsequent renewal) and shall provide the other Party with a thirty (30) day notice of cancellation or non-renewal of such coverage. Supplier shall provide its current certificate of insurance evidencing such insurance coverage as of the Effective Date. Supplier shall name Buyer as an additional insured on its insurance policies maintained pursuant to this Section 11.2.

ARTICLE 12 TERM AND TERMINATION

12.1 Term. The term of this Manufacturing Agreement shall begin on the Effective Date first set forth above, shall remain in effect for a period of five (5) years thereafter (the “**Initial Term**”) unless it is terminated earlier in accordance with Section 12.2. Thereafter, this Manufacturing Agreement may be renewed by Buyer for up to five (5) successive one (1) year periods (the Initial Term plus any such renewal terms, the “**Term**”), by Buyer providing notice of its intent to renew this Manufacturing Agreement not less than ninety (90) days prior to the expiration of the then-current Term.

12.2 Termination. Notwithstanding anything to the contrary in this Manufacturing Agreement, this Manufacturing Agreement may be terminated:

12.2.1 in its entirety or with respect to one or more Products, on a Product-by-Product basis, by mutual written consent of Supplier and Buyer;

12.2.2 in its entirety by either Party upon written notice if any Bankruptcy Event has occurred with respect to the other Party;

12.2.3 in its entirety by either Party upon sixty (60) days' prior written notice to the other Party if the other Party materially breaches any provision of this Manufacturing Agreement (including a violation of an applicable Law) and fails to cure that breach within such sixty (60) day period;

12.2.4 by Buyer in its entirety or with respect to one or more Products, on a Product-by-Product basis, upon (a) written notice to Supplier if the FDA or other applicable Regulatory Authority orders a Product recall of such Product(s) or suspends or withdraws the applicable Product Regulatory Approval therefor or Buyer reasonably believes, supported by written evidence, that the FDA will take any such action with respect to such Product(s) or (b) after the third (3rd) anniversary of this Manufacturing Agreement, one hundred eighty (180) days' prior written notice to Supplier for any other reason;

12.2.5 by Buyer in the event of a Failure to Supply in accordance with Section 2.7.2;

12.2.6 by Buyer in the event of a Force Majeure in accordance with Section 15.4;

12.2.7 by Buyer immediately upon written notice to Supplier in the event that the Quality Agreement is terminated;

12.2.8 by Buyer immediately without notice if Supplier has violated the Anti-Corruption Laws pursuant to Section 9.3;

12.2.9 by Buyer immediately upon written notice to Supplier in the event of a negative outcome of an audit under Article 6 or Section 7.5 of this Manufacturing Agreement;

12.2.10 by Buyer upon one hundred twenty (120) days' written notice to Supplier in the event Buyer incurs Liabilities above the Seller Cap.

12.3 Effects of Termination. Upon termination of this Manufacturing Agreement, in its entirety or with respect to one or more Products, this Manufacturing Agreement shall, except as otherwise provided in this Section 12.3 or Section 12.4, be of no further force or effect; provided, however, that if this Manufacturing Agreement is terminated with respect to one or more Products, but not all Products, then this Manufacturing Agreement shall continue in full force and effect with respect to the applicable Product(s) for which it is not terminated. Upon termination or expiration of this Manufacturing Agreement, in its entirety or with respect to one or more Products, by Buyer in accordance with Section 12.2, Supplier shall disclose to Buyer and/or Buyer's designee all documentation and other information necessary or reasonably useful to enable Buyer, or its designee, to manufacture the Products in accordance with a technology transfer plan and budget to be mutually agreed by the Parties (the "**Technology Transfer Plan**"). In addition, on an ongoing basis thereafter, at Buyer's reasonable request, Supplier will, and will cause its Affiliates, employees, contractors and agents to, cooperate with, disclose and provide reasonable support, expertise and assistance for Buyer or its designee to manufacture such Products. Except in the event Buyer terminates this Manufacturing Agreement in accordance with Sections 12.2.3, 12.2.4(a), 12.2.5, 12.2.6, 12.2.8 or 12.2.9, Buyer shall reimburse Supplier for time expended and expenses incurred by Supplier in providing the assistance and support set forth in this Section 12.3 in accordance with the budget set forth in the Technology Transfer Plan.

12.4 Nonexclusive Remedy. Exercise of any right of termination afforded to either Party under this Manufacturing Agreement (i) shall not prejudice any other legal rights or remedies either Party have against the other in respect of any breach of the terms and conditions of this Manufacturing Agreement, and (ii) shall be without any obligation or liability arising from such termination other than such obligations expressly arising from termination.

12.5 Survival. Termination of this Manufacturing Agreement (for any reason) shall not affect any accrued rights or liabilities of either Party. Article 5 (Product Testing), Article 6 (Inspection), Article 7 (Regulatory and Quality Responsibilities), Article 10 (Confidentiality), Article 11 (Indemnification and Insurance), Article 14 (Disputes; Governing Law), Article 15 (Miscellaneous), and Sections 3.4 (Recordkeeping), 9.4.7, 9.6 (Product Warranties), 9.8 (Disclaimer), 12.3 (Effects of Termination), 12.4 (Nonexclusive Remedy), 12.5 (Survival), and 12.6 (Right to Sell Inventory) shall survive any expiration or termination of this Manufacturing Agreement.

12.6 Right to Sell Inventory. Upon termination of this Manufacturing Agreement for any reason except for the withdrawal of Regulatory Approval of the Product(s), outstanding purchase orders for, and remaining inventory of, the Product(s) subject to such termination will be determined in good faith by the Parties hereto; provided that all payments hereunder in respect thereof are timely paid in compliance with Article 3 above.

ARTICLE 13
RIGHT OF FIRST OFFER

13.1 Right of First Offer.

13.1.1 During the term of this Manufacturing Agreement and subject to the terms set forth in this Section 13.1.1, Buyer shall have a right of first offer if Supplier proposes to sell the Facility to a Third Party. Supplier shall provide Buyer with written notice of any such decision to sell the Facility and any and all information regarding the Facility that Supplier intends to share with a Third Party who is interested in purchasing the Facility (collectively, the “**Facility Sale Notice**”), and a reasonable opportunity to conduct appropriate due diligence on the Facility and associated workforce. Buyer shall notify Supplier, within ten (10) days of receipt of the Facility Sale Notice, whether it desires to acquire the Facility on such terms and conditions. If Buyer so notifies Supplier that it does desire to acquire the Facility, Buyer and Supplier shall negotiate any remaining terms and conditions governing the sale of the Facility to Buyer promptly and in good faith. If (i) Buyer fails to respond within the ten (10) day period, (ii) Buyer notifies Supplier that it does not desire to acquire the Facility on the terms and conditions offered, or (iii) in the case that Buyer notifies Supplier that it does desire to acquire the Facility, but Buyer and Supplier, despite using good faith efforts, fail to finalize and execute an agreement governing such acquisition by Buyer within fifty (50) days of Supplier’s receipt of Buyer’s notice, Supplier shall have the right, within one hundred twenty (120) days, to offer and sell the Facility to a Third Party on terms and conditions no more favorable to such Third Party than those specified in the Facility Sale Notice; provided that such Third Party shall remain obligated to supply the products to Buyer on the terms and conditions of this Manufacturing Agreement. In the event that Supplier does not consummate the sale of the Facility within the one hundred twenty (120) day period, the rights provided under this Section 13.1.1 shall be revived and the Facility shall not be offered to any Third Party unless first re-offered to Buyer. Notwithstanding anything to the contrary, this Section 13.1.1 shall not prevent Supplier from encumbering the Facility and shall not apply with respect to any Third Party that forecloses upon the Facility.

13.1.2 Supplier shall be solely responsible for all ongoing maintenance costs and capital expenditures associated with the Manufacture of the Product(s), for so long as Supplier is Manufacturing the Product(s).

In such event, each Party shall cause its designated executive officer to meet and be available to attempt to resolve such issue. If the Parties should resolve such Dispute, a memorandum setting forth their agreement will be prepared and signed by both Parties if requested by either Party. The Parties shall cooperate in an effort to limit the issues for consideration in such manner as narrowly as reasonably practicable in order to resolve the Dispute.

14.2 Governing Law. This Manufacturing Agreement and all rights and obligations of the Parties arising out of or relating to this Manufacturing Agreement shall be governed by, construed and enforced in accordance with the laws of the State of New York, U.S.A. without giving effect to conflicts of laws principles. The Parties hereby expressly agree that the U.N. Convention on Contracts for the International Sale of Goods shall not apply.

15.4 Force Majeure. No Party shall be liable for a failure or delay in performing any of its obligations under this Manufacturing Agreement if, but only to the extent that such failure or delay is due to causes beyond the reasonable control of the affected Party, including: (a) acts of God; (b) fire, explosion, or unusually severe weather; (c) war, invasion, riot, terrorism, or other civil unrest; (d) governmental laws, orders, restrictions, actions, embargo or blockages; (e) national or regional emergency; (f) strikes or industrial disputes at a national level which directly impact the affected Party's performance under this Manufacturing Agreement; or (g) other similar cause outside of the reasonable control of such Party ("**Force Majeure**"); provided that the Party affected shall promptly notify the other of the Force Majeure condition and shall use reasonable efforts to eliminate, cure or overcome any such causes and resume performance of its obligations as soon as possible. Notwithstanding the foregoing, Buyer shall be permitted, without the consent of Supplier, to assign this Manufacturing Agreement to its Affiliates or to perform this Manufacturing Agreement, in whole or in part, through its Affiliates, and Buyer may also assign this Manufacturing Agreement, without the consent of Supplier, to any successor or Third Party that acquires all or substantially all of the assets to which this Manufacturing Agreement relates by sale, transfer, merger, reorganization, operation of law or otherwise; provided that the assignee agrees in writing to be bound to the terms and conditions of this Manufacturing Agreement. 15.9 Severability. Should one or more of the provisions of this Manufacturing Agreement become void or unenforceable as a matter of law, then such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Manufacturing Agreement, and the Parties agree to negotiate in good faith a valid and enforceable provision therefor which, as nearly as possible, achieves the desired economic effect and mutual understanding of the Parties under this Manufacturing Agreement.

15.10 No Waiver. A waiver by any Party of any of the terms and conditions of this Manufacturing Agreement in any instance will not be deemed or construed to be a waiver of such term or condition for the future, or of any subsequent breach hereof. All rights, remedies, undertakings, obligations and agreements contained in this Manufacturing Agreement will be cumulative and none of them will be in limitation of any other remedy, right, undertaking, obligation or agreement of either Party.

15.11 Compliance with Laws. VOTING AGREEMENT

THIS VOTING AGREEMENT (this “**Agreement**”) is made and entered into as of January 6, 2017 by and between Meda Consumer Healthcare Inc., a Delaware corporation (the “**Buyer**”), and the undersigned stockholder (“**Stockholder**”) of ProPhase Labs, Inc., a Delaware corporation (the “**Company**”).

RECITALS

A. The Company and the Buyer intend to enter into an Asset Purchase Agreement of even date herewith (the “**Asset Purchase Agreement**”), which provides for the (i) sale and transfer of certain assets from the Company to the Buyer, (ii) assumption of certain liabilities by the Buyer and (iii) assignment to the Buyer and assumption by the Buyer of certain agreements (collectively, the “**Asset Purchase**”), on the terms and subject to the conditions set forth therein;

B. Stockholder is the beneficial owner (for this and other terms of correlative meaning used throughout this agreement, as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”)) of such number of Shares (as defined below) as is indicated on the signature page of this Agreement;

C. Stockholder believes that it is in his, her or its best interest, as a stockholder in the Company, that the Asset Purchase be consummated;

D. As a condition to its willingness to enter into the Asset Purchase Agreement, the Buyer has required that Stockholder undertake in advance to vote its shares in favor of the Asset Purchase; and

E. For these reasons, and in consideration of the execution of the Asset Purchase Agreement by the Buyer, Stockholder, solely in his, her or its capacity as a stockholder of the Company, agrees and undertakes to vote the Shares (as defined below) in favor of the Asset Purchase and the approval of the Asset Purchase Agreement on the terms and subject to the conditions set forth in this Agreement.

NOW, THEREFORE, intending to be legally bound, the parties hereto agree as follows:

1. *Certain Definitions.* Capitalized terms not defined herein shall have the meanings ascribed to them in the Asset Purchase Agreement. For purposes of this Agreement:

(a) “**Expiration Date**” shall mean the first to occur of (i) the termination of the Asset Purchase Agreement pursuant to Article 7 thereof, or (ii) such date and time as the Asset Purchase shall become effective in accordance with the terms and provisions of the Asset Purchase Agreement.

(b) **“Shares”** shall mean: (i) all equity securities of the Company (including shares of common stock and all options, warrants, restricted common stock and other rights to acquire shares of common stock) owned by Stockholder as of the date of this Agreement; and (ii) all additional equity securities of the Company (including all additional shares of common stock and all additional options, warrants, restricted common stock and other rights to acquire shares of common stock) of which Stockholder acquires ownership during the period from the date of this Agreement through the Expiration Date; provided, however, that, when used with respect to the voting, consenting or taking action by or in the name of Stockholder or any other Person hereunder with respect to Shares, the term “Shares” shall only include the securities covered by clause (i) or (ii) that are entitled to be voted, or for which Stockholder or such other Person is entitled to consent or act, with respect thereto (which shall not include Shares that are subject to issuance upon the exercise of options, warrants and such other rights to acquire shares of common stock), and nothing herein shall require (and Stockholder undertakes no obligation and makes no representation or warranty related to) the conversion, exercise or exchange of any security for which Stockholder has beneficial ownership into securities entitled to be voted, or for which Stockholder or such other Person is entitled to consent or act, with respect thereto.

(c) **“Transfer”**. A Person shall be deemed to have effected a **“Transfer”** of a security if such Person directly or indirectly: (i) sells, pledges, encumbers, grants an option with respect to, transfers or disposes of such security or any interest in such security; or (ii) enters into an agreement or commitment providing for the sale of, pledge of, encumbrance of, grant of an option with respect to, transfer of or disposition of such security or any interest in such security.

2. Restrictions on Shares.

(a) Stockholder shall not, directly or indirectly, during the period from the date of this Agreement through the Expiration Date, cause or permit any Transfer of any of the Shares to be effected, except for any Transfer (i) to any other Person if (A) such Person, prior to or concurrently with such Transfer, shall have executed a voting undertaking on the same terms and conditions of this Agreement to which the Buyer is a beneficiary with respect to such Shares, and (B) Stockholder shall continue to be jointly and severally liable to any breach of such voting undertaking by such other Person; or (ii) to an Affiliate of the Stockholder, if (A) upon such Transfer the Stockholder shall continue to be a beneficial owner of such Shares; and (B) Stockholder shall continue to be jointly and severally liable to any breach of such voting undertaking by such Affiliate.

(b) Stockholder shall not, directly or indirectly, during the period from the date of this Agreement through the Expiration Date, deposit (or permit the deposit of) any Shares in a voting trust or grant any proxy or enter into any voting agreement or similar agreement in contravention of the obligations of Stockholder under this Agreement with respect to any of the Shares.

(c) Stockholder shall not take any action that would (i) make any representation or warranty contained in this Agreement to be untrue or incorrect; or (ii) have the effect of impairing the ability of Stockholder to perform its obligations under this Agreement or preventing or delaying the consummation of any of the transactions contemplated hereby or by the Asset Purchase Agreement.

3. *Agreement to Vote Shares; No Solicitation.* At every meeting of the stockholders of the Company called, and at every postponement or adjournment thereof, and on every action or approval by written resolution or consent of the stockholders of the Company, or in any other circumstance in which the vote, consent or other approval of the stockholders of the Company is sought, until the Expiration Date, Stockholder (solely in its, his or her capacity as such) shall vote, or cause the Shares to be voted: (i) in favor of the approval of the Asset Purchase Agreement and the Asset Purchase and all the transactions contemplated by the Asset Purchase Agreement; and (ii) against any Seller Acquisition Proposal (other than the Asset Purchase Agreement or the transactions contemplated thereby, including the Asset Purchase). Except as contemplated by this Agreement, Stockholder has not (a) entered into, and shall not enter into at any time while this Agreement remains in effect, any voting agreement or voting trust with respect to the Shares that would prohibit, undermine, limit or otherwise adversely affect its compliance with its obligations pursuant to this Agreement, or (b) granted, and shall not grant at any time while this Agreement remains in effect, a proxy or power of attorney with respect to the Shares, in either case, which is inconsistent with its obligations pursuant to this Agreement.

4. *Non-Solicitation; No Effect on Fiduciary Relationship; No Other Relationship.*

(a) Between the date of this Agreement and the Expiration Date, Stockholder shall not take any action that would constitute a violation of the provisions of Section 6.10 of the Asset Purchase Agreement if taken by the Company, in each case with the limitations and exceptions of such provisions contemplated thereby that are applicable to the Company or its board of directors (including the right to participate in discussions or negotiations on the circumstances set forth therein) being similarly applicable to Stockholder. Notwithstanding anything to the contrary set forth herein, neither Stockholder nor any of its representatives shall have any liability pursuant to this Section 4(a) upon the occurrence of the Expiration Date; provided, however, that this sentence shall not limit the liability of Stockholder for any willful breach of this Section 4(a) by Stockholder. For purposes of this Section 4(a), "willful breach" shall mean an act or failure to act of such person with the actual knowledge that the taking of such act or the failure to take such act would constitute a material breach of this Section 4(a).

(b) Nothing in this Agreement shall restrict or limit the ability of any Person who is an officer or director of the Company to take any action solely in his or her capacity as an officer or director of the Company to the extent expressly permitted by the Asset Purchase Agreement or otherwise required by fiduciary duties under applicable law and none of such actions in such capacity shall be deemed to constitute a breach of this Agreement. Nothing contained in this Agreement shall be deemed to vest in the Buyer or any other Person any direct or indirect ownership or incidence of ownership of or with respect to any Shares. All rights, ownership and economic benefits of and relating to the Shares shall remain vested in and belong to Stockholder, and neither the Buyer nor any other Person shall have any authority to exercise any power or authority to direct Stockholder in the voting of any of the Shares, except as otherwise specifically provided herein, or in the performance of Stockholder's duties or responsibilities as a stockholder of the Company.

5. *Representations and Warranties of Stockholder.* Stockholder hereby represents, warrants and covenants to the Buyer as follows: (i) Stockholder is the beneficial owner of the Shares indicated on the signature page of this Agreement, which are free and clear of any liens, adverse claims, charges or other encumbrances (except as such encumbrances arising under securities laws or for such liens, adverse claims, charges or other encumbrances as would not prohibit Stockholder's compliance with its obligations pursuant to this Agreement). To Stockholder's knowledge, Stockholder does not beneficially own any securities of the Company other than the Shares indicated on the signature page of this Agreement. Stockholder has full power and authority to make, enter into and carry out the terms and conditions under this Agreement. The execution and delivery of this Agreement by Stockholder does not, and Stockholder's performance of its obligations under this Agreement will not: (a) conflict with or violate any order, decree or judgment applicable to Stockholder or to the Shares; or (b) result in any breach of or constitute a default (with notice or lapse of time, or both) under, or give to others any rights of termination, amendment, acceleration or cancellation of, or result in the creation of any encumbrance on, any of the Shares pursuant to any agreement to which Stockholder is a party or by which Stockholder is bound or affected, except in each case as would not prohibit Stockholder's compliance with its obligations pursuant to this Agreement.

6. *Additional Documents.* Stockholder (in his, her or its capacity as such) and the Buyer hereby covenant and agree to execute and deliver any additional documents reasonably necessary to carry out the purpose and the intent of this Agreement. Without limiting the generality or effect of the foregoing or any other obligation of Stockholder hereunder, Stockholder hereby authorizes the Buyer to deliver a copy of this Agreement to the Company and hereby agrees that each of the Company and the Buyer may rely upon such delivery as conclusively evidencing the consents, waivers and terminations of Stockholder referred to herein, in each case for purposes of all agreements and instruments to which such elections, consents, waivers and/or terminations are applicable or relevant. Notwithstanding anything to the contrary, Stockholder shall not be required to incur any expenses in connection with this Section 6.

7. *Legending of Shares.* If so requested by the Buyer, Stockholder agrees that the Shares shall bear a legend stating that they are subject to this Agreement. Upon request of the Stockholder at any time following the termination of this Agreement, the Buyer shall take all actions required to promptly cause any such legend to be removed from any certificate for the Shares.

8. *Termination.* This Agreement shall terminate and shall have no further force or effect as of the Expiration Date; provided, however, that the last sentence of Section 7 shall survive any termination of this Agreement.

9. *Miscellaneous.*

(a) *Severability.* If any provision of this Agreement is held to be illegal, invalid or unenforceable under any present or future Law, and if the rights or obligations of any party hereto under this Agreement will not be materially and adversely affected thereby, (i) such provision will be fully severable, (ii) this Agreement will be construed and enforced as if such provision had never comprised a part hereof, (iii) the remaining provisions of this Agreement will remain in full force and effect and will not be affected by such provision or its severance therefrom and (iv) in lieu of such provision, there will be added automatically as a part of this Agreement a legal, valid and enforceable provision as similar in terms to such provision as may be possible.

(b) *Binding Effect and Assignment.* This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, but neither this Agreement nor any of the rights, interests or obligations of the parties hereto may be assigned by either of the parties without prior written consent of the other.

(c) *Amendments and Modification.* This Agreement may not be modified, amended, altered or supplemented except upon the execution and delivery of a written agreement executed by the parties hereto.

(d) *Specific Performance; Injunctive Relief.* The parties hereto agree that irreparable damage would occur in the event that any provision of this Agreement were not performed in accordance with its specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to seek an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court having jurisdiction relating to this Agreement as provided in clause (g) hereof without the necessity of demonstrating damages or posting a bond, this being in addition to any other remedy to which they are entitled at law or in equity.
